The sixteenth annual winter carnival ball was held in the men's gymnasium last Friday night with Claude Hopkins and his Electrifying Five in the music. Hopkins features two singers and his own solo work on the piano. This orchestra is a regular feature of the Colburn broadcasting system.

Jane Woodhouse chose the climax of the evening just before intermission, when Jane Woodhouse was chosen Queen of the New Hampshire. Yesterday's action took place at Hanover. After its removal to Dartmouth, Doctor Pettee was an able record.

The chaperones of the ball were Acton Hanover, Miss Pauline Chellis was selected as queen of the Blue Key, senior honorary society. Those most familiar with the development of the university regard Doctor Pet- tee as among those—like his presidents—who have contributed to the institution's growth. Graduates cherish not only the memory of his educational leadership but the warm human qualities which have endeared him to thousands.

HOCKEY TEAM ENDS SEASON THIS WEEK
Weather May Prevent the Playing of Final Game With Williams
With only one scheduled game remaining to be played on outdoor ice, the hockey season is almost finished. The two games scheduled for the Carthage weekend were called off because of lack of ice, and the warm weather and rain of the past few days leaves little hope in the mind of Coach Lundholm that the game with Williams on the inter­collegiate level will take place. In case the game is played, however, Coach Lundholm plans to take the starting team of Bob Manchester, Herb Merrill, Bill Faccy, Russ and Bill Marr, and Ed Hazeltine as the goal, and the second line of Bogart, McMahen, Patton, Fournier, Otho, Dunn, and Charlie, Kent Norris is through for the rest of the season.

The Van has had no practice since the Middlebury game, Coach Lundholm has had no chance to straighten out the errors which cropped up in the games last week. The league games have finished and possibly Portsmout will be chosen in Class B to meet the Olds. The death of Millard F. Hardy of New Hampshire was announced last week. The team that the coach will have charge of the tournament.

Women's Rules Are Made More Uniform

The Women's Student council at a recent meeting discussed the penalties for rule-breaking, and decided that in the future the penalties would be more uniform.

A girl coming in fifteen minutes late will be given a work of social probation; a half hour late, two weeks of social probation. For the first offense of smoking in her room, a girl will receive two weeks of social probation and two weeks of campus probation. If a girl fails to sign out for a weekend, she will not be allowed to leave campus for two weeks. For each time that a girl appears before the council after the first appearance, the former penalty will be doubled. These rules are subject to change by the council if the individual case seems to warrant the change.

Here's aroma for you

... a picture of Chesterfield tobacco just as it comes out of the 1000-pound wooden hogsheads after ageing for three years.

If you could be there when these hundreds of hogsheads are opened up... if you could see this mild ripe tobacco, prime and ready to be made into Chesterfield Cigarettes... see the golden color of the leaf... and get a whiff of that delightful aroma...you'd say...

"Delicious... makes me think of fruit cake."
