THIRTY-THREE MAKE SENIOR HONOR LIST

Liberal Arts Colleges 25; Technology and Agriculture One

The registrar's office recently issued the senior class honor list for the first semester. The list is composed of thirty-three seniors who have attained a grade point average of eighty-five or over.

The majority of the seniors belong to the college of Liberal Arts, which has twenty-five representatives on the list. Six seniors from the college of Technology and two from the college of Agriculture complete the list.

From the college of Liberal Arts are: William T. Proctor, of Whittier; William C. Ross, of Windham; Roland A. Stenick, of Virginia Adams; John A. Mifflin, of Bath; Peter R. Coburn, of C. Davis, Willard S. Grad, of Concord; Chandler, Jeremy Morrison, of Raymond; Richard E. Gage, of E. Teerl, of E. W. Bunton; Dorothy E. Leavitt, of Durham; E. H. Frider, of Carl E. Parson, Jr., of Alfred; E. Reginald, of Marvin N. Steiger, of George P. Nye, of Margaret B. Wootton, of Harry E. Bracconier, of Marion E. Peters, of Charles March, and Philip Smith, of John W. Hickey, of Frank E. Ogburn, of W. S. Kendall Tomkony, of Alden L. Winn, and of Frederick John; of the college of Agriculture and Technology, of Dennis M. Mayem and Ralph W. Morang.

MANTON'S WORK GIVEN IN WORLD BROADCAST

New England Rhapsody Has Favorable Review At First Performance

The State Symphony orchestra under the direction of Alexander Theide will present Professor Robert W. Mantons’s New England Rhapsody, a first-class work, on Wednesday, May 21, at 3:30 p.m., in the first broadcast station over WIKX at Boston. The concert at the State will be given at 7:30 a.m., and will be sent to all parts of the world by short wave at 8:00 a.m. on the same day. The concert is authorized under the direction of the college of Liberal Arts, which has twenty new members at last Tuesday’s meeting.

Robert Blydon was elected president, to succeed Charles Ross, and Baudin Lusk, last Tuesday’s president, to succeed C. W. Brock, vice-president. The other officers are: Joseph B. Sherry, president; Charles L. Manton, vice-president. Five of the committee members present were: John A. Mifflin, of Bath; George Nye, of Veronica Doe, of William B. Paukert; technical director, Roger Parker; music director, Polly Robinson; education director, Arthur Farma; publicity director, William W. Underhill.

SPORTSMANSHIP

With the opening of the 16th annual University of New Hampshire Intercollegiate Basketball tournament this morning, some 160 schoolboy athletes were introduced to the campus of the University.

In the preliminary games played today and the semi-finals and finals tomorrow, the participants and the crowd of spectators will have opportunities to watch the best that these young men can do and to show whether or not they have the great and needed quality of teamwork.

A second place, a first, or a tie for first with the relay win would develop the kind of spirit exemplified by Coach Carrell.

Let us try to do away with this "everything to win" spirit and try to serve a jail term for this misdemeanor.

Many Obstacles Confront Production of "Bird in Hand"

By H. Richard Shea

In keeping with the current agitation for the recognition of youth, Mark and Sally Ann are observing a scheme such as the Townsend Plan, on March 17th, 1936, and 1946.

The story is a provocative treatment of the relationship of the generation against the dead hand of the past. It is particularly appealing and intriguing, and produces a solution which is both enlightening and entertaining.

Homemone is Director

"Bird in Hand" provides for fine characterization and dramatic portrayal by Dr. Jean Picard, stratosphere balloonist and Dr. Richard Whyte, with Leslie Goodwin in Cyril Beverley. William Norton will play the role of Joan. The remaining members of the Geordie family will be represented by Miss Veronika Doe as Alice, the understanding mother. Milton Selzer will act in the personage of George, the frowned-on admirer of Joan. The characters are further characterized by Miss Betty Colby and Miss Selzer.

The play was first produced in 1927 in the Birmingham Repertory theatre of England. The cast that time were Peggy Ashcroft and Lawford, two players who have since achieved fame in theatrical circles. "Bird in Hand" has had its since then, many successful runs in London, New York, and other metropolitan centers.

In the presentation at the University, the technical and managing personnel have been most helpful in bringing about a realistic and accurate setting could be achieved. In one instance, the
**SKI TEAM GOES TO ST. MARGARETS FOR SKI CHAMPIONSHIPS**

Coach Blood expects the competition to prove the stiffest yet

Led by Coach Eddie Blood and Captain Karl Craigis, eight members of the ski team departed Wednesday night for the International Intercollegiate Ski championships at St. Margarets, Quebec. The meet will last for three days, Thursday, Friday and Saturday.

Besides Coach Blood and Captain Craigis the following are taking the trip: Manager George Moxon, Al Manton, Phil Johnson, Norm Havell, Johnny Dannon, GM Daffy, Jim Scudder and Lawrence Whitted.

Craigis will compete in the downhill, cross-country, slalom, and combined. Moxon, Dannon and Manton in the downhill, slalom, jump, cross-country and combined; Whitted in the downhill and slalom; Havell in the jump; Johnson in the cross-country; and Scudder in the slalom.

**Little Practice**

Although there has been little or no opportunity for practice, because of the inauguration of winter sports here, the team made very creditable showings in the ski meet held at the chapter house.

The Intercollegiate Basketball Tournament is now well under way. This tournament is the highlight for the schoolboy for the year and there is a great deal of enthusiasm shown on the campus.

All week there have been private meetings made as to the outcome with each one certain that the home team always will uphold all the bragging that has been done on their behalf.

Billy Weir departed for the sunny south on Tuesday of this week. All the Boston papers carried pictures of Billy and the other ball tossers. Ray Chamberlain, the freshman basketball star, was also on the train that left for St. Pete. Ray had a great basketball career in high school and has a very bright future in school. With Bill and Ray both going south, the Blue and White is well represented in the big leagues.

**THE LAST OF MRS. CHENEY**

POEM BY ROBERT MONTGOMERY

By Buck Buchanan

The Lauree coach situation is still in a jumble. Word has come from Florida that "Chief" will not be back at all this year. His health has failed to mend as rapidly as was hoped. Hence it will be necessary for the Lauree coach to be engaged or appointed. Since Lauree coaches are as scarce as hockey coaches in Alabama, it will be no small task to find a satisfactory substitute. So far, there has been little done about it. BillieCoughlin is still in the Emerson hospital and is expected back next week. Until he returns there will be nothing done on the matter. So far, Al Milhousen and Moon Mullins have been working the varsity candidates as much as the weather permits. It will also be necessary to find a freshman coach, but it is a safe bet that either Miller or Mitchell will be chosen.

The winter athletic season is just about washed up. The winter sports team is competing with its fair share of success. The basketball team continues to rise in winning ability, although the baseball team is in a tie with the National League in several weeks at the end of the season they will be held to less than 60 points. As it was, it was one of the closest games they have been in this year.

**Durham Bull**

(Continued on page 4)

**LAWNS**

During the next few months students are urged to cooperate with the maintenance department by keeping off the lawns. As winter is on the way, it will be impossible for the caretakers to keep up the appearance of the campus without the aid of the student body. The department asks all to get together and help to keep up the good appearance of our campus.

**MAINTENANCE DEPT.**

**COACH SWASEY CALLS PRELIMINARY DRILL FOR BASEBALL TEAM**

Infeld and Outfield Candidates Issued Invitations

With the spring weather that has persisted throughout the winter becoming more evident, Coach Swasey has issued a preliminary call for baseball practice.

Invitations Sent Out

In the past, anyone was allowed to go out for the diamond sport thus sloping up the general condition of the veterans and preventing the organizing of the team as a unit until shortly before the first game. This year, however, as an experiment, Coach Swasey will issue invitations to candidates for positions in the infiel and outfield. Nevertheless, there will be no limit to the number of candidates who will be allowed to try out on battery pots.

On the other hand, it does not mean that the baseball team will be an invitational affair alone. If there are any men who were unable to go out for freshman baseball or were not able to go out for full baseball practice they will have an opportunity to confer with Coach Swasey.

**THE KAPPA PHI**

Epsilon of Theta Kappa Phi wishes to announce that on Sunday, February 21, Captain George Devens and Major Donovan Swanton were initiated into honorary membership and also the initiation of the following pledges into active membership: Albert Furman, Arthur Hanson, George McCaffrey, Edward Platts, Thomas Bigley, Adrian Lafferny, Roger Lippeins, Kenneth Nook, Willard Wadkins.

The initiation culminated in a banquet held at the chapter house.

**Cally Grant says:**

"a light smoke rates aces high with my throat"

"Luckyes have been my cigarette for five years now. I rate them a 4 star cigarette. They're always good to the throat, and taste so much better than other cigarettes that it seems to me this 'Toasting' process is a swell idea. Yes, a light smoke like Luckyes rates aces high with both my throat and taste."

Ivy System Lengthens Lives of Sport Equipment
by Paul DuFell

Behind the excitement of a football, basketball, or baseball game, lie careful
business methods and practices which make possible continuance of collegiate
sports. Equipment is the biggest item of expense. Although it is an expensive
proposition to equip all the teams, the University has been affecting substantial
savings through the use of a unique and little-known service—the Ivy system.

Seniors

This organisation, the only one of its kind in America, cleans and repairs
on the spot any and all athletic equipment. Each December a representative
from the company comes up from the factory in Peabody, Massachusetts, to
inspect the football uniforms. Every piece is
looked over carefully before it is accepted
for repair. After totally-repaired parts have been disposed of, the rest are bundled
and trucked to the factory.

In Peabody the athletic goods are first
thoroughly cleaned and disinfected. Then
pants and jerseys are remended, pads re­
paired, shoes repaired and cleaned, and
unusual repairs made to all the other
items. When this process is completed, the
required equipment is returned in June
for use again.

Wildcats Lose 54-44 to R. I. State, After Leading 20-9
Rogean, DuRie and Witter Pile Up Lead, but Team
Yields to Reserves

After building up a lead of 11 points in the opening ten minutes of play, the Wild­
cat basketball forces were driven beyond a 54-44 lead by the “point-a-minute”
landing-beading 54-44 of Rhode Island State on Tuesday night.

N. H. Leads

Amie Rogean, Johnny DuRie, and Skip Witter were the leaders of New Hamp­
sire's furious attack which built the
11 point lead at the advantage of 20-9. With fresh replacements, the Rams
wound up the heat of a charge which
then so effectively and defensively that they scored 12 points to New Hamp­
sire's 21 in the final ten minutes.

Pleas for Wears were
in the second half. In the second half, the Rams dominated, and, with Chin
Jaworski and Johnny Missina doing the
shooting, the score mounted to 54-44.

Finals

The plans were carried out by Johnny Du­
Rie and Skip Witter of the locals and
Missina of the Blue and White
visitors.

The program was well
scored so far with 21 points
led the Wildcats on shooting with 14 counts.

School of Dentistry

THE UNIVERSITY OF BUFFALO
A four curriculum completed in three calendar years, by means of the
same plan. The dental and medical studies have two years of basic medical study under the direction and
supervision of the medical faculty. Clinical practice of dentistry, in all
its various phases, is supervised by the dental division and the
clinics of several hospitals. One month of internship in a hospital of
1300 beds, during the senior year, is included. The entire course, observation, diagnosis and treatment of dental conditions. The next reg­
tar session will start the first week in July, 1937.

and, if the case warrants it, they will
be prepared to go out for the team.

Fall Practice

If this instruction should prove success­
ful, an attempt will be made to improve future football teams to such an extent that
it will be possible to include a game or two on the regular schedule.

Of the selected team of twenty men, more than twenty men were reported daily for three
weeks, during which time several men were dismissed with possibilities
who otherwise would have gone unknown.

These players will be given invitations for
future practice.

The prospects for this season are for the
baseball team with the battery-man, and
all men who have had experience in pitch­
ing or catching are being urged to
part in the preliminary workouts for
battery-men which will be held at the
school starting Wednesday, March 3 at 4 00 P. M.

Jaworski and Johnny Missina doing the
visitors.

Fouls

Coach Swasey is planning to start a
basketball team for winter. Captain Arnie Rogean at center, and Art
Hammon and Johnny DuRie at the guard
posts. Eddie Chodaski, Charlotte Cotton, Tom Gerlach, and Jim Brook will prob­
ably see service.

Starting Lineup

New Hampshire: MAINE
Bis Pu Rogers (Capt.)

DuRie 7f Thompson

The ABARIT HABIT

Speaking of the basketball team, what
difference was it if Johnnie Du­
Rie would have made in the showing of the
team during the time he was ill. His
defensive play is a joy to watch and his
offensive power is enough to make a
difference in anybody's ball game.

"Per-Eye" Boy's playing sure has im­
proved. His presence next year assures
of the basketball team in so far as
England selection.
