FRANKLIN THEATER INSTALLS NEW SEATS

Mr. Arthur Stewart of the Franklin Theatre, has recently installed all new seats of the same style as those in the new Will Rogers Memorial in Colorado and the Metropolitan Opera House in New York. These seats are well known internationally for their comfort and attention to small details which contribute to perfect posture.

The new seats are arranged in appropriate New Hampshire blue and finished in all, increasing the attractiveness of the theatre. The upholstery is of individual comfort, and they have been reposed, yielding room for more people. There has also been installed a system of lighting which can be connected and adjusted individually, Stewart plans to install aisle lights during the Christmas vacation.

Dear Mr. President,

I am writing to express my concern regarding recent events on campus. The recent vandalism at the student center has caused a significant disturbance among the student body. As a member of the Student Senate, I feel it is my duty to bring this matter to your attention.

The incident occurred last Saturday night when a group of students, under the influence of alcohol, damaged several pieces of property. This behavior is unacceptable and goes against the values of our institution. I urge you to take immediate action to address this issue and ensure that a similar incident does not occur in the future.

I am confident that our student body can unite and work towards a solution. I am prepared to meet with you and any representatives of the affected departments to discuss possible solutions.

Sincerely,

[Your Name]

Student Senate Chairman
