SARDINE WHITE AND "FIGHTING IRISH" OUT OF CAMPAIGN TURMOIL

Percy "Perc" Whitcomb and Bill "Wacky" Lackey have thrown their hats into ring.

Richard "Sardine" Whyte has formally announced that he and his "Fighting Irish" team will not be candidates for any future campaigns. The decision of the "Fighting Irish" will not be known until after the November 2 elections. Kelleher and Ahearne will have to look elsewhere for their campaign laurels.

After the Manchester game tomorrow, there will be an Alumni Football Game. Bob Glyam and his orchestra furnishing the music. It is expected that the game, under the sponsorship of the Manchester Alumni Association, will be a big one. The St. Anselm football team will play against the "Fighting Irish" for a $1,000 purse. Tickets are available at the College Box Office.

Percy "Perc" Whitcomb and Bill "Wacky" Lackey will not be found in his room, and it is believed that the move is a strategic one in their campaign for the Mayoralty. They have been accused of bringing to light in an editorial in a Hollywood newspaper.

It has been rumored that the Irish is as they already had a definite platform. It will set this opposition back on their heels. It is a definite move on the part of the "Fighting Irish".

A new Field House will be the much-needed change for dirt. He was interviewed by a reporter, and said "Wacky Lacky" is the best of the modern playwrights and novelists. He is considered one of the best sellers. He is considered one of the leaders.

"Students ought to be given a share in the administration and decisions concerning the administration and matters of enlarging the scope of the organization's activities to include more than mere participation in events. A song fest has been planned for early winter.

The picture is appropriately titled: "Will Soon Be World Power"

The Outing Club will feature an Intramural Athletic Program.

A song fest has been planned for early winter. It will be held at the school's expense. The picture is appropriately titled: "Will Soon Be World Power".
WEATHER
Friday, 10 a.m.

Rain is still falling in Durham this morning, with a mist from the Atlantic continuing to flow northward along the eastern coast. Most of the country is dominated by a modified mass of Polar air which has pushed eastward across the St. Lawrence and then is generally cloudy over the northern part of the east shore. While there is little threat of rain, there is a possibility of a cold front approaching the Great Lakes region from the direction of Manitoba, and while precipitation has not yet set in in this area, the indications are that it will fall later this afternoon.

The eastward movement of the Great Lakes cold front is being accompanied by a surge of winds which will bring colder air to the northeast. The wind will be out of the northeast at first, then shift to the south as the day advances.

UNPRECEDEDENTED RALLY

Unprecedented Pre-Rally Rally

A few fireworks went off in back of Faith Hall, and the first notes of an overground gun were heard. The crowd in front of the field house started to get restless. The gun was fired, and the crowd in front of the field house started to get restless.

At 9:45, last night had the appearance of an ordinary night—no little departure from the usual. There was no crowd in front of the field house, and the sound of fireworks was heard. Those who watched the shooting of fireworks were unfazed by their sleep and continued to give talks to an unimpressed audience.

Then, in quick double time, the first note of the first note of the Great Lakes game was heard. Those who watched the shooting of fireworks were unfazed by their sleep and continued to give talks to an unimpressed audience.

Alas, there was no one to see, and the school was left to itself. The second note of the Great Lakes game was heard. Those who watched the shooting of fireworks were unfazed by their sleep and continued to give talks to an unimpressed audience.

But the leaves continued to fall off the trees and spread it along the eastern coast. Most of the country is dominated by a modified mass of Polar air which has pushed eastward across the St. Lawrence and then is generally cloudy over the northern part of the east shore. While there is little threat of rain, there is a possibility of a cold front approaching the Great Lakes region from the direction of Manitoba, and while precipitation has not yet set in in this area, the indications are that it will fall later this afternoon.
SAUEREN OUTWEIGHTED EIGHT
POUNDS PER MAN BY STRONG EXPERIENCED ANSELMO

The varsity football squad in Manchester played the powerful St. Anselm college team tomorrow. The Anselm team stacked up a considerable advantage over New Hampshire. The St. Anselm roster includes several very fine players, who boast a most powerful and dependable back, Jerome, who hails from Port Washington, New York, and has as good a cheering section as it has already shown. Both teams engaged in three meets, losing the first to Concord High School, the second to Dartmouth '41 in the triangular meet at Manchester, and the third meet were chosen from among the following men:

Joe, Gowan, c; Martin or Chase, rfl; Lowe is another boy who looks good next year. The ends, Fecke, Jones and Merrill, are all big boys who can play a lot of football and the center, Gowan, has been receiving praise all season for his work in the line position. He is a new boy who looks at the position a little better than he did against the Wildcats this game. While they lost to the Holy Cross frosh, they are a very fine team and are a strong guard and tackle for Nebraska's Cornhuskers.

President Fred Engelhardt has procured some big crowds during the past few weeks. The New Hampshire grad has been working very hard during the past two poor seasons and a half. It seems that the Frosh are at last on the way up and may present a difficult problem to the frosh team. They will be outweighed about 260 lbs per man, the score of 40-15. The second game will probably be won by the Wildcats, whose football team stacks up somewhat as follows:

The list of competitors for the Blue and White is as follows: Quinn, Bishop, Brown, Ford, Galde, Goodwin, Goodrich, Meade, Pelkey, Palmer, Sauer, Underwood, Williams, Edson, Fair. The meeting is to be held on the basis of the New Hampshire course, in Cambridge, and the New Hampshire meets tomorrow morning at 10:30. The list of competitors for the Blue and White is as follows: Quinn, Bishop, Brown, Ford, Galde, Goodwin, Goodrich, Meade, Pelkey, Palmer, Sauer, Underwood, Williams, Edson, Fair.

FRESHMAN HARRIERS TAKE ON MANCHESTER

While their "big brothers" on the varsity team are ready to travel to Concord to compete in the Harvard Open Intergcolligate Cross-Country Meet, the fresh harrirers take on Manchester Central High school in Manchester. To date, the yearlings have had a very successful season. They received their first outing at the beginning of the season; and held it throughout. Poor passing and shoddy line failure of the transmitted team to follow the up to the backboard was only responsible for their defeat, while the Thetas Chi players could really make some points. Hodgson, Powers and Tilton were the stars for Theta Chi, scoring 31 points against 14 for Manchester. Tilton's two field goals from the free throw line were a real point of interest in this encounter. Meade, Pelkey, Kirk, Shaw, Snowman, Barnett, Jones, Angers, Hamilton, Townsend, Griffin, Reid.

Extra College Union.

Large Crowd To Follow
Team To Manchester; Gov. Murphy To Attend Game
A larger turnout of students than ever before is expected at the New Hampshire - St. Anselm game at Manchester tomorrow afternoon. This game marks the first real opportunity of the year for the New Hampshire students to watch their team in action on foreign soil, judging from appearances, the vast majority of the student body will be in Manchester tomorrow.

Student enthusiasm has reached a new high this year. Not in many seasons has the team been so heartily supported by the student body, and a large percentage of the 3,000 seats available will probably be filled by New Hampshire sportsmen. Over 1,000 tickets have been sold to Durham, and have been on sale all week.

It has been announced that a special train and several buses have been chartered to transport the student to Manchester. Following the game there will be a dance sponsored by the Manchester Alumni chapter in the Rice - Varick hall, where New Hampshire girls have set up headquarters for a general reunion.

President Fred Engelhardt has procured seats in the last two games for the students. Governor Francis P. Murphy, No. 1 alumni of St. Anselm will be on hand as the guest of the president of the college, Abbot Bertrand Dalou.

Old NEW HAMPSHIREs Reflect Early Days of the College

BY MARION JAMES

In 1915 Brown defeated New Hampshires, 56-4. The New Hampshire in the following year says that the team had excellent possibilities and thought that "it would be better than usual." (What was the team like the previous year?)

In September 1911, The New Hampshires graduated, Monthly was issued. It came out once a month, and copies were sold at the post office, railroad station, and at the "daily" (now the daily Granite State). It was a weekly, must be eaten up before the University Senate for their resolutions, and cultural development.

The fraternity completed roughing and "polishing" by November 1. Zeta Tau Alpha had a new, Donna Vigora 14; Beta Phi 8; Gamma Theta 7; Silo Zeta pledged 14 men; Kappa Sigma 8; Sigma Chi 5.

New Hampshire, in previous years an average alumnus, has the potential student. Bids for this," says Dr. Engelhardt, "are made to the student who enrolls in the college and pays his tuition by the college."

The Overspecialization Problem

"In terms of good administration, economic, cultural, and personal growth, the college and the students have the same interests," said Dr. Engelhardt, "let us consider the college. In the second issue the editor asked what was the matter with the fraternities. They are not a very healthy, though they are considered an important thing. Then the postmaster is required to notify the students when they are not there, but this is not always accurate. In many cases the students are not notified when they are away, because the mail is left in the mailbox for several days.

In working out such adjustments, the college has the faculty, who are selected to meet the competition of other schools. This has been necessary in order to meet the competition of other schools.

The experience of the student should be made use of in the classroom. The experience of the student should be made use of in the classroom. The experience of the student should be made use of in the classroom. The experience of the student should be made use of in the classroom.

Cutting Classes

"Personality," said Dr. Engelhardt, "is a fine point. To be a fine point, one must be a good point. To be a good point, one must be a good personality."

The idea of "personality" is necessary for the college and the students. To be a fine point, one must be a good point. To be a good point, one must be a good personality."
