

Wildcat Squad Seeks Victory over Vermont

Aerial Attack Expected To Help Sauermen; Injuries Weaken Team

by Ray Henry

Tomorrow afternoon on Lewis Field, the football teams of the Universities of Vermont and New Hampshire will meet in a game which is the feature of this year's Dads' Day program. Undoubtedly the largest home crowd of the season will witness this year's edition of a rivalry which started back in 1919. An added touch to the program will be the fact that the fathers of the players will occupy a special bench near that of the team.

Coach George Sauer has revealed that injuries have again caught up with the team and may be the deciding factor in the coming tussle. Frank Leary, end, who was hurt in last week's night game, and "Pop" Poplawski, guard, will see little, if any, action. Tackle Ray Doyle will see no service at all and a bad cold is hampering Tony Budzianowski's chances of playing. The remainder of the squad, however, is in the best of condition.

The 'Cats aerial attack has seen plenty of practice this week and with "Ace" Parker on the pitching end, Head Coach Sauer hopes to add quite a few yards to his charges' "ground-gained" column. The conventional running plays have also had "polish" applied with special emphasis on the ball-handling part. Coach Sauer pointed out that Wildcat fumbles in both the

(Continued on page 4)

Politicians Form Mayoralty Plans

by Richard LaRoche

For the past few days, during the wee, weird, mysterious hours of the early Durham mornings, suspicious goings-on have been occurring in the nocturnal gloominess of the plot-hatching barracks.

Each night, when the rest of Durham is in the arms of Morpheus, a group of community-spirited, reformist students assemble around a round table (King Arthur style) and with stern and forboding countenances discuss the vital question of who will be the standard-bearer of that stronghold of democracy, the barracks, in the coming mayoralty campaign.

At one of the more recent conferences, a heeler from "The New Hampshire" was present, having been delegated after being duly impressed by the upperclassmen as to the seriousness and importance of these meetings.

After having listened to the discussion for some time, the heeler leaned forward in expectation as one of the conferees removed a "stogie" from his mouth and said with deep conviction and sincerity:

"It is inconceivable that, among a group with such a long-standing and illustrious reputation as West Hall, an outstanding candidate for Mayor could not be found. The problem is not in finding a candidate but rather in limiting ourselves to one man. We have so many famous, well-qualified personages that there is a great difficulty in procuring a unanimity of opinion as

Knock-out Rally Planned With Butch III as Star

The biggest and best rally yet comes off tonight with a bang at 7:30, and lasts until 9:30. As the special attraction of the evening, Blue Key will show its colossal cage, which was built for Butch III and is large enough for everyone to watch him perform his special tricks for this rally.

And just to add to the excitement, Blue Key is sponsoring something new and different, a wrestling match, starring Ivan the Terrible vs. Gus from the Gas House Gang. New and extra-powerful cheers are scheduled for loud and extra powerful voices, together with our favorite songs and cheers. A few of the football squad will give their promises for Saturday's game.

And last but not least, the evening will be topped off with a vic dance. There will be an admission charge of the huge sum of \$.01 which will be collected to help defray the great expense of feeding Butch III.

Record Dads' Day Crowd is Expected

PRESIDENT ENGELHARDT

Prexy Welcomes Dads; Football Game and Tours Feature Annual Program

For the 16th consecutive year, University of New Hampshire students will tomorrow play hosts to their Dads in a varied program ranging from a tour of the campus to attending the New Hampshire - Vermont gridiron clash at Lewis Field.

Upon arriving on campus, Dad will go to the Faculty Club and register. From the time he registers to the time he leaves for home, Dad will have to forget his worries for the simple reason that he won't have time to think about them.

Leaving on one of the periodical tours which will leave from the Faculty Club during the earlier part of the morning, Dad will have an opportunity to view the educational facilities of all three colleges, the recreational opportunities of the Physical Education department and the other various features on campus.

After asking all the questions he has the urge to ask of his guide, Dad will go to Lewis Field to view with mingled pride and emotion the R.O.T.C. parade after which he will join the other Dads at the Field House.

There Dad will meet members of the faculty, other Dads and their sons and daughters, and will hear an address of welcome delivered by President Engelhardt.

After he has eaten dinner, Dad will be ready for the climax of the day's

Twenty Students Selected For American Collegiate Who's Who

Official State Film Has Premiere Here

The state premiere of "The Ninth State," official film of the New Hampshire Planning and Development commission, will be held on Monday evening, October 30, in the Women's gymnasium instead of on October 23, as was previously stated. The students and the public are invited.

"The Ninth State," produced at a cost of \$7,500, was shown as a part of the New Hampshire exhibit at the New York World's Fair during the spring and summer months. The historical fact that New Hampshire was the ninth state to ratify the American constitution and thus cast the deciding vote for uniting the colonies, gives the film its very fitting name. New Hampshire's industrial and educational centers are shown, its beauty spots, its sporting places, and points of historical significance.

Jack Lamb Shows Films at Murkland

by Phyllis Deveneau

What many New Yorkers will see at Carnegie Hall tomorrow night for the price of two dollars was seen by a small group of Durhamites and University students Wednesday afternoon in Murkland auditorium without charge.

Films covering everything from our magnificent New Hampshire fall foliage to bare-foot peons in Mexico were shown by Jack Lamb, a big Texan, known the world over for his championship bass fishing. Other reels included a fascinating story of netting fish off the Maine coast, a roundup on the western plains of Texas on the Fourth of July with enough bucking bronchs and wild steers to satisfy the most adventuresome soul, a beautiful

(Continued on page 4)

The University of New Hampshire will have twenty new representatives in the yearly publication, "Who's Who Among Students in American Universities and Colleges," for 1939, as well as four additional names remaining from last year's publication. Announcement of this year's choices was made last night by Richard Nellson, president of Student Council, after consultation with Rachel Moore, head of the Women's Student Government unit, and the Dean of Men and Dean of Women. This number is considerably larger than last year's due to the increased enrollment at the University this year.

Representatives were chosen on their merits as shown on campus during the past year and not on potentialities that might have been shown had the occasion presented itself. Character, leadership ability, athletic ability, religious activity, and a general appraisal of qualities making for success in after life were all considered in the selection of the representatives, as directed by the sponsors of the publication.

Those selected are as follows:
Re-elected:

RICHARD NELLSON, a graduate of Tilton School, and president of the class of 1940 since his freshman year; he has been a member of the Student Council for the past four years and is at present head of the Council. He is a member of Theta Chi, Blue Key, Outing Club, Sociology Club, Interfraternity Council and the Yacht Club. He has participated in winter and spring track, football, and is head cheerleader. Nellson has also served on the University survey committee, freshman dance committee, and Sophomore Hop committee.

THOMAS F. JOHNSON, a graduate of Mt. Hermon School, is a member of Alpha Tau Omega fraternity, Sphinx, Senior Skulls, and the American Society of Civil Engineers. He has participated in football, hockey, track and is a member of the N.H. Club. He is vice-president of the senior class.

BARBARA B. CHASE is a member of Chi Omega sorority, the Outing Club, German Club, and the Big Sister committee. She has been Assistant Manager of the Granite, class secretary, publicity manager of W.A.A. and participated in the May Day Pageant.

DONALD R. JONES came to the University from Lebanon. He is president of the Junior class and a member of Lambda Chi Alpha fraternity. He is a member of the Student Council and the Interfraternity Relations Board.

Special Train Arranged For UNH-Harvard Game

On Saturday, October 18, the entire student body is expected to journey to Cambridge for the New Hampshire-Harvard football game in the Harvard Stadium. A special train has been arranged to take the entire group to the game and return late in the evening after the New Hampshire dance at the University Club.

The train will leave Durham at 11 o'clock in the morning and will leave the North Station, Boston to return at one o'clock Sunday morning. These hours have been arranged to make it possible for the students to attend their morning classes and still get to Cambridge in time for the game and also afford the opportunity for a night in Boston.

The University Band will travel on the train and it is expected that a large group of faculty and townspeople will also take advantage of this opportunity.

Pan-Hell Releases New Rushing Rules

Pan-Hellenic wishes to make the following announcement to freshman and transfer girls.

During next week, the seven dormitories will have open house on Tuesday, October 31 and Friday, November 3. On these two days, any freshman or transfer girls can visit these houses from 3 to 5:30 P.M. It is expressly urged that all freshman and transfer girls visit the sororities on these dates if they are interested in joining one. They are also advised to visit every house—not only those in which they are expressly interested. Kappa Delta will receive its guests in Ballard Hall and Pi Lambda Sigma will entertain in the apartment of Miss Ann Beggs in Sergeant F. Brown's

(Continued on page 4)

Hampton Quartette Presents Program

The Hampton Quartette, one of America's most celebrated groups of Negro spiritual singers, sang before the student body at the second required convocation of the year, held at the women's gymnasium yesterday afternoon.

Presenting a program of Negro spirituals noteworthy for their beauty and moving pathos, the four men, George Hamilton, Gregory H. Kiah, William L. Byrd and Jeremiah C. White, were enthusiastically received. The songs included "We Will End This Warfare," "De Ole' Ark's a-Moverin' Along," "I Got a Robe," "Water Boy," "De Gospel Train," "Ezekiel Saw de Wheel," "Go Down Moses" and "Swing Low, Sweet Chariot." Rarely if ever before have singers been greeted with such acclaim by the entire student body.

Mr. Lorenzo C. White, who came with the quartette, spoke about Hampton, its ideals and traditions. Founded to give Negro students "a chance", Hampton Institute has become a fine school, and has trained colored men of real ability.

Before the concert Dick Nellson, president of the Student Council spoke to the students briefly, lauding Matt Flaherty for his sportsmanship and expressing the hope that this year's celebration of Hallowe'en would not be marred by such acts as last year.

President Fred Engelhardt announced the winners of the Cogswell scholar-

(Continued on page 4)

Senior Skulls Sponsor Dance to Aid Songfest

The Senior Skulls, senior honorary society, is sponsoring a dance tomorrow night in the gymnasium. The music will be by courtesy of Glenn Osborne and his eleven pieces from Boston. It features Harry Chagnot on the trombone, Ralph Osborne on the trumpet and Dick Komenda on the clarinet. The event is to aid the annual Skull's Songfest. The chaperons are Mr. and Mrs. Sweet and Mr. and Mrs. Lundholm.

DURHAM, N. H., OCT. 27, 1939

DADS' DAY

Every year there are several occasions that students anticipate with much pleasure. The three social week-ends with their color and glamour, home-coming, Mothers' Day and several others. However, there is none which is looked forward to with more eagerness than Dads' Day. Coming in the fall, with the autumnal color, the excitement and enthusiasm of a football game, the University freshly embarked upon a new year, this holiday has become one of the most popular and worthwhile days of the entire year.

Tomorrow, the 1939 edition of Dads' Day will take place. They know they're welcome, for that has been said so many times it is becoming a habit. Instead of welcoming the Dads to Dads' Day alone, we want to remind them one and all that the campus is theirs whenever they want to come, and they shouldn't confine their visits to Dads' Day, but to come here as often as they are able. We are proud of our school and the more visitors we have the better. With a break from Jupe Pluvius a gala day is planned. We hope the dads enjoy coming as much as we enjoy having them come.

HALLOWE'EN

Next Tuesday is Hallowe'en. In ancient times this day was observed in various ways, appropriate of the times. In the course of history and the development of so-called civilization the conception of what constituted an appropriate celebration of the day has become somewhat warped and has deviated from the dictates of good taste and good judgment.

Younger children are satisfied to dress up as ghosts and parade the streets or to attend a hallowe'en party and bob for apples. The adolescent and high school youth contents himself with ringing doorbells, soaping windows and hanging fence gates in apple trees.

Most of the above fun is harmless enough and few people will disagree when we say that such celebrations may be accepted by society. However, the means which students at the University of New Hampshire have chosen whereby they may display their exuberance and joy over the occasion have assumed some rather unpleasant and moronic aspects in the past few years.

For several years now Hallowe'en has been marked by a fire of some sort, some place on the campus or in the town. Last year was a Hollywood demonstration with two fires instead of one. Proof has been made that one fire was caused by students. No proof is at hand regarding the other fire. As to previous years, indications at the time pointed to students as the culprits.

Such demonstrations do not add to the prestige of New Hampshire students nor to the prestige of the school itself. College is the place where men and women are expected to absorb something besides rowdyism and vandalism. "Pranks" are acceptable under certain conditions and at certain times, but the wilful and malicious destruction of property can hardly be termed a "prank" by even the most lenient interpretation.

This year the Student Council and *The New Hampshire* are making a definite appeal to the better judgment of all students. A minute's thought before entering on any such undertaking may prevent personal injury, and a great deal of unhappiness to all concerned. In the past the students of the University have demonstrated that they can be rational and mature; the time is here for them to show once more that they are qualified to take their places among society as intelligent and reasonable human beings.

Many Students Use New Library Rooms

The latest report from the library music rooms indicates that the student body is using the audition facilities and is interested in many types of music. In the period from September 25 to October 24, in the 250 hours the music department has been open, 235 different students have employed the audition rooms. They have played over 2000 records, making the high average of 8.2 records played per hour.

The record that has had the most requests is George Gershwin's "Rhapsody in Blue." Next comes Johann

Strauss' "Tales from the Vienna Woods" and "Mood Indigo." Fourth in campus popularity is the old standby, Handy's "St. Louis Blues." Tschai-kowsky, whose "Sixth Symphony" stands sixth, is by far the favorite composer. Symphonies are in general more in demand than any other type of music. The library has the scores and librettos of the operas and symphonies to add to the value of listening to the music.

POETRY GROUP NOTICE

There will be a meeting of the Poetry Group tonight at Dr. Towle's house.

Recent Events

by W. J. Ford

LIBERTY

The war scare in the United States is slowly developing into another Red scare, analogous in respect to that during and following the Great War. The 1917 offensive was led by the notorious A. Mitchell Palmer; the 1939 campaign against any sort of liberal expression is led by men such as Martin Dies. Today we are looking at the beginning of a great witch hunt which can have only consequences detrimental to the liberty of all Americans. It is behind the smoke-screens thrown up by congressional debate on the arms embargo and other neutrality provisions, and the loud cry of "keep us out of the war" that the attack on civil liberties is proceeding apace. Pending in Congress are several bills aimed at restricting the historic freedom of the American to express himself as he sees fit. In the next regular session these bills may be enacted into law in the hysteria brought on by the war.

It is encouraging to note that there are some individuals and organizations in the country that are not blinded by the poisonous smoke emanating from Washington.

Last week the American Civil Liberties Union held a conference on liberty and the present emergency, during which attention was called to the muzzling and the regimentation of our organs of expression. The Department of Justice, under Attorney-General Frank Murphy, realizing the acuteness of the situation has recently organized a section on Civil Liberties.

Civil liberty was the topic of discussion at the ninth annual New York Herald Tribune forum, held Tuesday of this week. Among the speakers were Mrs. Franklin D. Roosevelt, James B. Conant, and J. Edgar Hoover. Dr. Conant, according to the New York Times, remarked during his speech, "I am perfectly frank to admit that from my point of view the sort of individual

Important Notice

Any freshman men who did not fill out a questionnaire for the Interfraternity Council after Convocation yesterday may do so at the office of Dean Alexander. If any student carried away his questionnaire he may return it to the Dean's office. The proper filling out of these blanks is necessary to the efficient conduct of the rushing season.

A few changes have been made in the rushing rules by the Interfraternity Council and will be announced in an early issue of "The New Hampshire."

liberty which has been characteristic of this country is a prime requisite for a satisfactory type of civilization . . . The Bill of Rights and academic freedom go hand in hand. Dislike of governmental tyranny and hatred of restraints on man's intellectual powers are close allies."

Looking around us today we can see sharpening of the lines of combat between those reactionaries who would deprive labor of the right to organize, the poor of the right to vote, and all who disagree with them of the right to voice their opinions; and the liberal democrat who would continue to exercise and concede to others the right to make use of the liberties reserved to us in the first ten amendments to our Constitution. On the outcome of the struggle depends the future of the country.

MASK AND DAGGER NOTICE

The Mask and Dagger announces a reduction in the price of tickets for "Our Town." For the benefit of the student body the price has been lowered ten cents.

Durham Bull

by Dick Cook

Wildcat — A feline in a wild state; the lynx. Catamount—the wild cat; the puma, cougar, or mountain lion.

Webster's definition of the mascots of the two opposing teams, scheduled to meet on Lewis Field tomorrow, are strikingly similar, as is the ability of the two elevens. Coach Sauer's New Hampshire team is not enjoying a particularly successful season, the recording showing one victory and three defeats in the first half of the schedule. There has been much improvement since the Colby game, however, and with many on the Vermont squad supposedly ineligible and injured, the battle should be nip and tuck. With two species of the wild cats fighting in an old rivalry such as this one, much fur will fly and a few scratches should also be inflicted.

Sauer didn't come right out and say that the Durham species would be victorious for that would be violating part of the code of the profession which says that a coach must never predict a victory. In saying that his charges could win he was playing it safe and at the same time telling the truth. We feel that the boys not only have the ability, but that they are going to open the second part of the campaign with a win over the visiting Vermont Catamounts.

It is not all bull when we say that the defensive play of the Blue and White has improved 100 per cent since the first game when the Mules from Waterville zipped through the line almost at will. A few revisions in the line and improved performance on the part of the whole forward wall has created a defense which one paper called impregnable.

Stress this week, since the Springfield Fumble Fest, has been on ball handling and offensive play. Of course, we don't expect miracles, but if the coaches succeed in perfecting a smooth-functioning running attack the Wildcats will be a team that will really go places.

This afternoon the varsity and freshman crosscountry teams are running against two of the largest schools in New England, Harvard and Dartmouth. Paul Sweet's har-

SPORTS SECTION

Soph Girls Triumph in Class Hockey

The sophomore girls' hockey teams became champions Tuesday afternoon when they defeated the freshman team 2-1 in a fast game on Memorial Field. This game was the last in a series of play-offs between the respective classes. The summary of the class teams, games, won, lost and tied is as follows:

	W	L	T
Freshmen	1	1	1
Sophomores	2	0	1
Juniors	0	2	1
Seniors	1	1	1

The senior team was composed of: Helen Bartlett, Mildred Bacon, Jane Cowan, Elizabeth McCrone, R. McIntire, Eleanor McNulty, M. Upham. The junior team: Jan Gagnon, Joyce Sanborn, Ruth LeClair, Priscilla Booth, Rita Pierce, Dot Miner, Marie Donahue, Helen Colby, Anne Carlisle, Eleanor Gould, Peggy Hughes, Kay Oldham. Sophomore championship team: Barbara Hyatt, Winifred Kennedy, Jane Haubrich, Dot Perkins, Kathleen Ahern, Leona Dumont, Dot Page, Eleanor Atkinson, Eleanor Mauricette, Dot Weden, Berle Marcotte. Freshmen: Betty Bassett, Dot Kimball, Pauline Little, Freda Gardner, Louise Griffin, Jean Dempsey, Pauline Cummings, Jean Davis, V. Woodward, Peg Dower, Jane Montgomery, Ann Thompson, Audrey Pierce, F. Bauchman, J. Sipprille, Evelyn Gillette, Pat Gibson.

The hockey All-star team was chosen on Wednesday afternoon, composed of the best players on all four class teams, and based on their ability as evidenced in the games recently played off by the classes. Each year, the team is selected, and the girls chosen play Colby Junior College in a game. This year the game will be played in Durham on Memorial Field, Friday, November 3 at 4 o'clock. All spectators will be welcome, and it is hoped that students will come to support one of the few women athletic contests held between the university and other schools.

This year's All-star team is composed of the following girls chosen from their respective teams: Ruth LeClair, Eleanor McNulty, Barbara Hyatt, Winifred Kennedy, Freda Gardner, Helen Bartlett, Leona Dumont, Helen Colby, Dorothy Miner, Elizabeth McCrone, Kathleen Ahern, Peg Dower, Dot Page, Eleanor Mauricette and Priscilla Booth.

LOST

riers are enjoying quite successful seasons and will keep the Crimson and Green teams on edge all afternoon. Diminutive Warren Jones, Red Kirk, John Swasey and Ray Rivers will be the mainstays of the varsity while the return to form of Wayne Lowry, Kitten ace, brightens the hopes of victory for the yearlings.

Tony Dougal, Freshman Coach, Has Many Varied Interests

by Larkin Burrill

Versatile to the point that he can discuss anything from a deep reverse to grand opera and excel in everything from baseball to backgammon, Tony Dougal, personable young mentor of New Hampshire's freshman footballers, is, in truth, one of the most interesting persons on the entire campus.

Coming to Durham this fall after a successful tenure as coach and assistant athletic director at West Texas State College, the husky Temple grad brings with him a brilliant record both as a coach and as an athlete. Not only a standout during his college career, but an able performer in the professional ranks, both football and baseball, Dougal has a marvelous background for his present position.

Born and brought up in Shenandoah, Pennsylvania, Tony first showed promise as an athlete while enrolled in the J. W. Cooper High School in his home town. Upon graduation he matriculated at Temple University, where for three years he was a consistent performer on the Owls' football, basketball and baseball teams. He played at guard and tackle on the grid squad, was a guard on the basketball team, and held down a starting pitcher's berth with the diamond contingent.

For a year after his graduation in 1932, he served as assistant coach for freshman football and baseball at his Alma Mater, and then went to Smethport, Pa., where he taught and coached for four years.

In 1937 he went south to accept a position at West Texas State, where, as already noted, he served as assistant director of athletics, and in addition coached football, tumbling, swimming, boxing and wrestling. Here at Durham he will coach varsity hockey and lacrosse in addition to handling the freshman gridsters.

Tony spent three seasons playing professional football, and several summers as a pitcher in organized baseball, in addition he found time to attend summer school, serve as swimming instructor at a Red Cross camp, and prepare for a Master's Degree in physical education which he expects to receive from Columbia University next June.

He likes handball, ice cream sodas, and winning football teams, but does not care for the cold New Hampshire weather or lazy athletes. He is happily married (to his college sweetheart, "It was quite a romance," says Tony) and resides at 232 Mill road. As yet there are no little Dougals.

Confident Jayvees Face New Hampton

Johnnie DuRie's grid forces will be "strutting their stuff" this afternoon against an unknown New Hampton outfit. This is the game that the Jayvee team has been pointing to and Coach Johnnie is confident of a win. Zidowski has recovered from a shoulder injury and is back on the squad and Osgood is also back after overcoming a bad cold.

Just three men, who didn't start against the freshmen, will be answering the whistle today. They are Beaulieu at left tackle, Levesque at left half, and Preston at quarter. Bill Feeney is the mainstay and standout of the J.V. backfield. He is a triple-threat who is capable of breaking up a close game at any minute. Today, Preston will be starting at the play-calling position in place of Bogrett, but the latter will see plenty of service if his injured ankle can take the beating. In the line Fenir at right tackle and Clark at right end are clever performers. The J.V. lineup is as follows: LE, Lucier; LT, Beaulieu; LG, Blaine; C, Thompson; RG, Sweet; RT, Feuer; RE, Clark; QB, Preston or Bogrett; LHB, Levesque; RHB, Pinks; FB, Feeney.

Committees Chosen for Military Ball

Committees of Scabbard and Blade's Military Ball which will take place December 8, were announced today.

They include: General Chairman, George McCaffrey; Orchestra, William Grur, Kenneth Noseck, Fred Winterbottom; Decorations, Thomas Craven, James Corcoran, John Wolcott, William Slater; Publicity, William Sanderson, Warren Davison, John Warden, William Moore; Programs, Burton Mitchell, Ted Plante, Richard Ivers; Tickets, Carl Randall, Chet Lapeza, Wilfred Walton; Refreshments, Lloyd Coutts, John Bulger, Roger Lapointe; Chaperones, Herbert Johnson, Richard Johnson.

Freshmen Race Harvard, Indians

New Hampshire's freshman cross-country team journeys to Cambridge today to tangle with the lower classmen of Harvard and Dartmouth.

Little is known of the strength of the opposing harriers but Harvard is reported to have taken both Holy Cross and Boston University into camp in its only meets to date. Dartmouth, last year's winner, is a question mark.

Wayne Lowry, the Kitten flyer, will be able to run in spite of the injury sustained in the Rhode Island meet. This is a boost to the frosh chances, as Wayne has led his mates to the wire in every contest. The team going to Cambridge is as follows: Lowry, Keough, Campbell, Gibbs, Emmons, H. Hamlin, Joslin, Holmes, Carter and French.

Wildcat Harriers Seek Third Victory

The Wildcat varsity harriers will be trying for their third win of the 1939 season, when they meet teams from Harvard and Dartmouth this afternoon.

After a clean-cut victory over Rhode Island last week, the New Hampshire runners will be pointing to their third victory in their sixth meeting with the Crimson and Big Green men.

Of the ten entrants from New Hampshire, five of them are veterans of the Charles River course. In last season's race, Ted Underwood was the first New Hampshire man to finish. He is expected to pace home the winners today.

Little Warren Jones is also expected to be among the front runners when the tape is broken. Jones has made remarkable improvement during the last three weeks. He was the first Wildcat runner to place in the Orono meet,

and finished in a dead heat with Jack Kirk, another Wildcat runner, in winning the Rhode Island meet. Kirk is another veteran of the Cambridge course, but it is doubtful whether or not he will start because of a bad ankle. John Swasey and Paul Shaw are the remaining men who ran last year at Cambridge.

Indications point toward a strong meet, as both Harvard and Dartmouth have strong and well-balanced teams, while New Hampshire is sure to give a good account of itself. Harvard's main threat is Bill Tuttle, who finished second in a tri-meet with Boston University and Holy Cross. Dartmouth's best bet is the ever dangerous Harry Wonsen, who can always be expected to finish in the first ranks.

MAYORALTY PLANS

(Continued from page 1)

to which one should become a candidate."

Before the over-awed, impressed and scribbling heeler could catch his breath after that whirlwind of oratory, the man with the "stogie" went on to say that definite progress was being made in the tedious task of choosing a candidate and that the choice was being made in the light of benefits and services rendered by the potential candidates "To the University, to the Country, and to Humanity."

The deep-rooted conviction and soberness exhibited by the "Brains" of West Hall greatly impressed the heeler at the time, and judging from the reports received to date, the West Hall candidate will stand on a platform built from the strong timbers of justice, righteousness, freedom from corruption and graft, and genuine desire to benefit the community and the University.

When the Tufts "Jumbos" invade the campus on Homecoming Day, the West Hall leader promises to: "Tear Tuft's Typhoon to Timid, Touchy Travelers."

PAN-HELL RULES

(Continued from page 1)

house (opposite the bowling alley). Other sororities will receive guests in their own houses.

On Wednesday, November 1, freshman and transfer girls may go to the House Director's office in their respective dormitories to signify that they are interested in joining a sorority and to pay a fee of fifty cents to a Pan-Hellenic delegate who will be there for that purpose. The hours for signing up are 3:30-5:30 in the afternoon and 7 to 9 in the evening. Commuters may pay their fee to a Pan-Hellenic member who will be in the Commuters' room from 2 to 4 P.M. A girl cannot be rushed, until that fee is paid. The rush fee will not be refunded in any case, and the girl paying it does so with that understanding.

Girls who do not signify their interest in joining a sorority will still be permitted to visit the houses on the afternoon of Friday, November 3, in case they desire to change their minds. They have the privilege of signing up at any time until formal rushing. However, Pan-Hellenic wishes to emphasize the importance of signing up on November 1, for after that time sororities will only consider girls who have signed. If girls have any questions and do not understand the rushing system, they may ask the Pan-Hellenic delegates who will be in the dormitories next Wednesday.

LAMB SHOWS FILMS

(Continued from page 1)

photographic study of the iris gardens of Atlanta and the famous cypress gardens of Charleston, a travelogue of old Wyoming, a study of Mr. Lamb's famous fishing, in the Everglades of Florida, and last but not least, a film on the king of the quail hunters, Mr. Bill Lourcen, showing his actual hunting on the plains of Texas with his famous dogs.

Mr. Donald W. Smith of the Extension Service introduced Mr. Lamb, who then spoke a few words to the audience, telling of his lecturing tour through New England, where he has had to turn thousands away in Concord, Fitchburg, Worcester and other towns. Since September 5, he has shown his pictures in 37 cities in New England and the showing Wednesday was the last time these pictures are to be seen in New England for another year.

The Gulf Oil Company produces his pictures and they have sent him to the four corners of the earth to photograph the various wonders of the world. And speaking of photographing . . . he spent from dawn Wednesday morning to dusk Wednesday evening shooting 400 feet of film of our campus and the foliage in and around Durham.

WHO'S WHO

(Continued from page 1)

Jones has played two years varsity football and played freshman and varsity basketball. Those elected for first time are:

PAUL DUPELL, a graduate assistant in education, came to the University as a transfer from St. Anselm. He participated in winter track and was a member of the Dean's Advisory Council, Kappa Delta Phi, Alpha Gamma Rho, Folia Club and was the Alpha Chi Omega prize winner two years ago. Last year he was elected to Phi Kappa Phi, national scholastic honorary society.

JOHN D. HANLON, a graduate of Winchester High school, is a member of Lambda Chi Alpha fraternity, the Student Council, and the Interfraternity Council. He has participated in football for four years, hockey and lacrosse. He was chairman of the Junior Prom committee last year and was chosen for Advanced Mil. Art.

CREELEY S. BUCHANAN, president of Alpha Tau Omega fraternity, is editor of *The New Hampshire* and has served on the editorial board for three years. He is a member of the Student Council, Senior Skulls, Outing Club, and president of the Interfraternity Council. He has participated in football for four years, lacrosse, track, and is a member of the N.H. Club. He served on the Junior Prom committee and the *Granite* last year.

DONALD A. LAWSON, a graduate of Stoneham High school, is Associate Editor of *The New Hampshire*. He also has served as News Editor and Managing Editor in his freshman, sophomore and junior years. He is a member of the Student Council, the International Relations Club, the Outing Club and the Cauldrons.

GEORGE W. McCAFFREY, president of Theta Kappa Phi, is a member of the Newman Club, Economics Club, Scabbard and Blade, Sphinx, and the Interfraternity Council. He has participated in track and relay events, and was a member of the Junior Prom committee last year.

HARRY HAYNES, a member of Theta Chi fraternity, is treasurer of the Student Council this year. Former president of Sphinx, and a member of Blue Key, he is a member of the track and winter sports teams. Haynes belongs to the German Club, and the Yacht Club.

WILLIAM JAHODA, a member of Theta Kappa Phi fraternity is a recent pledge of Phi Sigma. Mainstay of the rifle team, he belongs to the N.H. Club. Jahoda has been a member of the Outing Club, belonging to the Blue Circle. He also is a member of the Forestry Club.

KENNETH McLEOD, a member of the Kitten football, baseball and basketball squads in his freshman year, is now on the student and fraternity councils. He is a member of Theta Chi fraternity.

VICTOR TYSON, president of the Outing Club and Blue Circle, was business manager of *The Granite* in his junior year and junior baseball manager. He is president of Senior Skulls and varsity baseball manager. He has served on the winter carnival committee for the past three years. He is a member of Theta Chi fraternity.

MATHEW FLAHERTY has been an outstanding member of the varsity football, basketball and track squads.

JACK KIRK, a member of Phi Sigma, the honorary zoological fraternity, the Student Council and the cross-country squad, has been a member of Mask and Dagger and Sphinx. In his sophomore and junior years he was a member of the track squad. He belongs to Theta Chi fraternity.

ROBERT SWEATT, president of Cauldrons and a member of the Student Council, is a prominent member of the varsity debating squad. He also belongs to I.R.C. and Alpha Kappa Delta.

W. OTIS BRIGGS is vice-president of Alpha Kappa Delta. He was on the executive committee of the I.R.C. for three years and has been a member of the Outing Club and the Sociology Club.

HORACE MARTIN, vice-president of the Junior class, is a member of Lambda Chi Alpha fraternity, the Student Council, and the Outing Club. He has played varsity football, lacrosse and hockey and is in the Advanced Mil. Art. course.

RACHEL C. MOORE, a member of Theta Upsilon, is president of the Women's Student Government, and a member of the Big Sister committee, Home Economics Club, W.A.A., the Outing Club, Christian Work, Psi Lambda, Kappa Delta Pi, and the 4-H Club.

ANNE REDER came to the University after preparing at Lawrence high school. She has been a member of the Women's Student Government for the past year and is a member of the Outing Club.

MILDRED L. BACON is a member of Phi Mu sorority. She has participated in women's basketball, baseball and field hockey. She is a member of Alpha Kappa Delta and Women's Student Government.

ELEANOR McNULTY, a transfer from Simmons College in her sophomore year, is prominent in women's athletics. Playing All-star hockey, basketball and baseball, she is president of the Women's Athletic Association. Last year she was one of the aides to the Junior Prom queen. Miss McNulty is secretary of Psi Sigma and a member of Kappa Delta Pi. A member of Mortar Board, she served on the Big Sister committee.

ALICE COLMAN, a member of Theta Upsilon sorority, is vice-president of Women's Student Government of which she has been a member for two years. She belongs to the Women's Athletic Association, plays field hockey and has taken part in several May Day Pageants. Miss Colman represents her sorority in Pan-Hellenic, and is a member of the Association of Women Day Students. She also belongs to the Outing Club.

MARION JAMES, a member of Alpha Xi Delta sorority, is president of Pan-Hellenic this year. She worked for *The New Hampshire* for two years and has served as editor and historian for Mortar Board. She belongs to Mask and Dagger and the I.R.C.

DADS' DAY

(Continued from page 1)

activities—the N.H. - Vermont football game. This game does not only give Dad an opportunity to see school spirit and to cheer for the Wildcats, but will also give him that certain feeling of pride that results only from close association with son or daughter.

Following the game, all dormitories, sororities and fraternities will hold open-house and Dad will have an opportunity to relax with cider and doughnuts before starting on the ride back home.

'CATS SEEK VICTORY

(Continued from page 1)

Maine and Springfield games were nothing short of disastrous to the team's showing.

None too welcome news is the fact that the Catamounts will place an almost all-veteran eleven on the grid-iron Saturday. Besides a star-studded line, they boast a backfield triple-threat in the person of Frankie Taylor, formerly the holder of the high-scoring mark in Vermont schoolboy circles.

Coach Sauer took the usual stand of athletic coaches when asked for a prediction by hesitating to name the winner. However, he did say, "I predict that if the boys play the 100 per cent brand of football they are capable of,

they will beat Vermont." He cautioned grandstand coaches to note not only the fact that Vermont tied Colby, a team that beat the 'Cats, but also to note that New Hampshire is a highly improved team with three additional games under its belt. Also, as the coach remarked, the presence of the boys' dads will add no little zest to the individual performances.

Several changes in the usual line-up were given out by Coach Sauer. "Ace" Parker, former halfback, will start at fullback, replacing Gordon. Vitold Wallace will get the quarterback post as his first starting assignment of the season. Burt Mitchell and Harold Hall will complete the starting backfield. Steve Lampson, the "Mighty Mite" will again start an end position.

HAMPTON PROGRAM

(Continued from page 1)

ships and the Locke Memorial Scholarship. Rita C. O'Shea was presented with the Dietrich cup, and Alpha Gamma Rho received the Osgood Plaque for the fraternity having the highest average.

Tobacco...opens Doors to Fields where People Live, Work & Achieve

Today there are about 1,000,000 cigar stores, drug stores, country and grocery stores where you can buy cigarettes in the United States. These retailers, and the jobbers who serve them, have built up a service of courtesy and convenience unmatched by any other industry catering to the American public's pleasure.

THERE ARE ANOTHER MILLION people who are engaged directly or indirectly in the transportation of cigarettes to every town, hamlet and crossroads.

IT IS ESTIMATED that there are 1,602,000 tobacco farmers raising tobacco in 20 out of the 48 states. Good tobacco is one of the hardest crops to raise and bring to market, requiring great skill and patience from seed-bed planting to harvesting and curing. The modern tobacco farmer has done well the job of constantly improving the quality of his product.

THE AVERAGE LENGTH of service of the 13,230 people working in the Chesterfield factories, storage houses, leaf-handling and redrying plants is over 10 years. This means that every step in the making of Chesterfields, regardless of how small, is handled by people who have had 10 years of experience and ability in knowing their jobs.

TRULY TOBACCO OPENS DOORS to fields where people live, work and achieve, and Chesterfield takes pride in its ever increasing part in this great industry that is devoted entirely to the pleasure of the American public.

TO SMOKERS, *Chesterfield Cigarettes* have always said, and now repeat, that in no other cigarette made can you find the same degree of real mildness and good taste, or the same high quality of properly cured and aged tobaccos. *Chesterfield Cigarettes* are made with one purpose only... to give smokers everywhere the Milder, Better-Tasting Smoking Pleasure they want. You can't buy a better cigarette.
