Dean Hudson Plays for Scabbard and Blade Ball

Popular Radio Orchestra Remembered as Hit Band Of '38 Junior Promenade

Dean Hudson and his Florida Clubmen, featuring the talented Miss Francis Colwell as vocalist, will furnish the music for Scabbard and Blade's Military Ball, which will be held December 8th. The Dean's music is featured on Victor and Bluebird recordings and is heard on the airwaves over the NBC and Mutual Networks through stations WLW and WOR.

This will be the second appearance of the popular Hudson troupe on this campus. The orchestra scored a huge success here the spring before last when it furnished music for the Junior Prom.

With this band Scabbard and Blade is making arrangements for another colorful and entertaining affair. The decorations will take on a military atmosphere—featuring a display of "the flags of the nations." Features of the evening will be the formal pledging of the new members into the honorary

(Continued on page 2)

Council Organizes Music Activities

The newly organized Music Council is composed of the elected officers of all the campus musical organizations. The purpose of the council is to promote and coordinate all musical activities on the campus. Professor Bjornar Bergethon, director of all the musical organizations is faculty advisor to the council, whose members are: Women's Glee Club—Ruth, Holbrook, president; Doris Trafton, secretary; Avis Perkins, treasurer. Men's Glee Club—Richard Hawkins, president; Robert Austin, secretary; Henry Cassidy, treasurer. Symphony Orchestra—Leonard Coplen, president; Carolyn Gove, secretary; Jack Mitchell, treasurer. University Band—Prescott Farrar, president; Louis Israel, secretary; Charles Chapman, treasurer.

The Council's first major undertaking will be the sponsoring of an all-campus musical review written, composed, staged and directed by students.

Library Music Department Devises "Record of Week" Plan

by Beatrice Fishman

In order that music-loving students may become better acquainted with the greatest works of the ages, a new plan has been devised in the music department of the library.

There are some one thousand selections in the library, many of which have never been played. It has been very gratifying to see the great interest students have been taking in music during the past two years. Especially with the marvelous gift of the Carnegie Foundation, students are showing an even greater interest in music.

There is a slight danger, however,

Edward Blythe Elected In Second Soph Balloting

On Saturday morning, a special Sophomore election was held to vote again for a Sophomore Vice-President. This was necessary as there had been a tie in the earlier balloting.

Edward Blythe was the choice for the office and Leona Dumont was named to the Executive Council.

This second election was something unusual in the history of the University and such an event has not occurred many times in the past few years.

Stunt Night Prizes Go to Pi Lambda Sigma, Theta Chi

Mayor Madden Presides Over Hilarious Blue Key Entertainment Program

Theta Chi's "Wizard of Durham" and Phi Lambda Sigma's "Hisses and Kisses" took the prizes in their respective divisions at Blue Key's annual Stunt Night, held in the Women's Gym last Friday night. Mayor Madden, introduced by Phil Dunlap, presided over festivities with appropriate wisecracks.

Phi Lambda Sigma's skit featured in pantomime the sinister schemes of Manuel, a Spanish villain. Theta Chi's "Wizard of Durham," Dick Nelson, killed the Wicked Witch of Tufts and helped Dorothy find her lost wildcat.

Theta Upsilon gave pantomime of the parts of a "Liberal Education," which was followed by Sigma Beta's "T Hall Dialogue." Next came a view of a day at U.N.H. by Phi Mu, "These Foolish Things Remind Me of You." West Hall in the person of Ed Richardson tried to demonstrate "Why Men Have to Wait So Long."

Lambda Chi presented their own version of "Our Town." Chi Omega showed how "Us Girls Go to College." Sigma Alpha Epsilon gave a patriotic play, "Lest We Forget the Future."

(Continued on page 4)

that listeners will neglect some of the greatest works, simply because they are unaware of their existence. There are several instances when students have listened to whatever they came to hear, and still have time left to hear something else before the hour is up. Sometimes they select something at random (which may or may not be the "too-popular" selection that has been wisest selection) or else play some over-played to excess. Thus, some of the major works such as Tannhauser, Franck's D minor Symphony, Gersh-

(Continued on page 4)

Classes Dismissed!

All classes and laboratories will be dismissed at 11 A.M. on Saturday, November 18, to give students an opportunity to attend the New Hampshire-Harvard football game. The special train will leave at 11:15 sharp.

Fred Engelhardt, President.

Distinguished Trio Appears in Third of Concert Series

Group Made Up of Cellist, Pianist, and Violinist, Plays Classical Favorites

Tomorrow evening, one of the most distinguished trios in the country will appear in Murkland auditorium in the third of the series of concerts.

The trio consists of Einar Hansen, violinist; Ethel Hutchinson, pianist; and Gerard Gustav Haft, cellist; all of whom are outstanding in their respective fields.

Einar Hansen is a famous Danish violinist who showed extraordinary talent in early childhood. At an early age he was taken to Germany, where he was given full scholarship at the Hamburg Conservatory of Music. Mr. Hansen gave his first public appearance at the age of ten, and in his early twenties he toured Europe, arousing great enthusiasm wherever he went. From 1922-1925, he was the first Concert Master of the Philharmonic Orchestras of Bremen and Dresden.

Ethel Hutchinson has become extremely popular with the younger generation of pianists. She has given many

(Continued on page 4)

Chemistry Society Sponsors Lecture

Alpha Chi Sigma, honorary chemistry society, will sponsor Mr. Chester C. Bailey, a representative of the Ethyl Gasoline Corporation, in a lecture on gasolines and their production on Thursday, November 16, in James auditorium at 7:30. Mr. Bailey brings along his own gasoline motor to illustrate the way "cracked" and straight-run gasolines burn, and he will give a demonstration of the anti-knock value of lead tetraethyl, showing that merely allowing the vapors to enter the carburetor intake causes the knock to disappear. Mr. Bailey will also show a movie on the production and uses of gasoline.

This lecture will be of interest not only to chemists and mechanical engineers, but also to agricultural students, for the use of anti-knock fuels has made so much higher compression ratios possible in tractors that twice the work can be done on the same amount of gasoline due to the added power obtained.

Students Consider New Flying Course

Dr. Northby led a discussion on the Citizen's Pilot Training Act last Wednesday at an open forum meeting in Demeritt Hall. In his talk he explained why the University did not participate in the training this year.

Since the regular aeronautics instructor is on leave this year, the course, if added, would necessitate the hiring of a new instructor for only twenty students. The student would have to add four more hours per week, in addition to the actual flying instruction, to his schedule.

Dr. Northby expressed the opinion that, if Congress appropriated adequate funds, the course would be started next year with its field at either Portsmouth or Rochester.

New Hampshire Defeats Tufts in Last Period

Juniors Granite Notice

All proofs must be returned on Thursday, November 16, between the hours of 11 A.M. and 5 P.M. at the Organization Room in the Commons. Mr. Waid will be present to take orders for portraits and to answer any questions you may have regarding your proofs. A further deposit amounting to one-half of the balance (for portraits ordered) will be required at this time.

Wilfred Findeisen, Editor.

Homecoming is Enjoyed by Large Throng of Alumni

Football Victory, Stunt Night, Gymnasium Dance Features of Week-end

The traditional University of New Hampshire Homecoming Day was observed on Saturday with over twelve hundred alumni from all sections in attendance. The honor for coming the longest distance went to two men from Rochester, N. Y.

Beginning on Friday afternoon, graduates began to arrive on campus, looking forward to a packed week-end which would be climaxed by the UNH-Tufts football game on Saturday afternoon.

But this football game was not the only thing included on the Alumni program, for on Friday night the alumni who had arrived were present at the annual Blue Key Stunt Night and were treated to the spectacle of most of the sororities, fraternities and dormitories presenting various skits in competition with one another to win the much-coveted loving cup awarded for the best stunt.

The Alumni board of directors, club presidents, and class secretaries met on Friday night and discussed plans for the future and the activities of the past few months.

Burt Mitchell Scores Two 'Cat Touchdowns; Hall Stars in Running Attack

by Herb Smith

Outscored in the first three quarters the New Hampshire Wildcats put on a scoring spree in the last period, to beat Tufts, 13-6, on Lewis Field, Saturday afternoon. The New Hampshire star of the day was little "Midge" Hall, who, while playing through the whole game, amassed a total of 169 yards by rushing. This groundage was more than that totaled by his other backfield cohorts combined. He likewise outrushed the entire Tufts team. Although he scored no points it was his running that set up the plays in which Mitchell carried over for the scores.

It was early in the second period that the first score was registered. Griffin, ace punter of the Tufts team, with the wind at his back, quick-kicked over the head of Stacey Clark. It was the type of punt that when landing, might roll

(Continued on page 3)

Pres. Engelhardt Delivers Address

(Editor's Note: For the benefit of those who were unable to attend last Saturday's exercises on Memorial Field or who were unable to hear the address, we herewith print the speech made at that time by President Engelhardt.)

We have gathered here on this twenty-first Armistice Day believing that these simple exercises fittingly commemorate the occasion and appropriately keep fresh in our minds the true significance of this day. While here it is also well for us to recall the occasion for the dedication of this field. At the same time let us realistically contemplate the horrors of wars that bring destruction of the human spirit through the utility of human sacrifice. As we contemplate these matters it does seem strange that man has been able to find, grasp, and hold to those instrumentalities that will without resort to arms help him preserve those human values which produce free men and those qual-

Enthusiasm Mounts Rapidly as Harvard Conflict Nears

by Richard LaRoche

With the long-awaited Harvard game but a few days away, U.N.H. students are beginning to prepare for the mass exodus from Durham to Cambridge in a big way. The business office reports that up to Sunday night approximately 800 game tickets have been sold to students who have definitely decided to attend the game, and many more have been reserved by enthusiastic but financially embarrassed students.

To afford an opportunity for students to let off steam and to prove to the football team that the University is behind it, Blue Key will sponsor a

mammoth outdoor rally on Friday with a giant bonfire, stunts, cheers, music and above all things, FREE APPLES!!

Blue Key has also arranged to charter a special train (the Wildcat Special) which will take members of the University student body to and from the game. Since there will be no one else on the train but students, they will have the run of the train and will be allowed to do anything—anything reasonable.

All the girl and boy cheerleaders will make the trip and so will Butch III—

DURHAM, N. H., NOV. 14, 1939

CONVENIENCE

At eight o'clock on any morning in front of the University Bookstore one may see a line of students waiting for the store to open. The line may have five or six students in it, or it may have as many as twenty or thirty standing about shivering and making unkind remarks about the inconvenience which they are obliged to go through to buy a few blue books.

There doesn't seem to be any reason why the Bookstore can't be opened for the students at five minutes before eight in the morning. Hour exams which require blue books come at eight o'clock quite frequently, as any of us who have eight o'clocks will aver, and to be obliged to arrive at class late is very annoying, an inevitable result if the class is in Nesmith or Morrill or James hall.

Students are obliged to support the Bookstore for their supplies and books. They spend much money there. A slight service on the part of the Bookstore, rendered to their customers would increase the good-will of the students towards an institution which receives much abuse from disgruntled students.

INCONSIDERATE

Sometimes when we hear people disparage the type of student we have in our colleges today, calling them selfish, irrational and inconsiderate, we become very indignant and assume a defensive attitude. Last week we had an opportunity to observe one of the occasions which causes outsiders to make such comments.

It was during one of the speeches of the mayoralty campaign down on Main street. An auto drove up to the edge of the crowd and slowly tried to force its way through. It managed to get part way through when the crowd in front refused to move and soon the car was surrounded by the mass of people. The next thing to happen was probably a surprise to the occupants of the car, for the crowd, composed almost entirely, mind you, of college students, seized the car and began to rock it back and forth. Eventually, by sheer force the driver managed to escape the mob, which he probably thought had gone berserk, and went on his way.

It so happened that the driver of the car was trying to take his sick baby to the hospital in Dover. He probably has a very high opinion of the students here now.

A short time later another car in which was riding a very elderly lady was obliged to go through the same ordeal as its predecessor. How can we blame these people for anything they may say about the inconsiderate attitudes that college students manifest today. We should remember that we are here in Durham at the state university at the will and graciousness of the citizens of the state. The above incidents are poor ways to show our appreciation.

HOMECOMING EVENTS DEAN HUDSON

(Continued from page 1)

On Saturday morning, most of the graduates were busy with their official registration at the Faculty Club. Just before noon, the annual observance of the Armistice was held at Memorial Field with the University of New Hampshire R. O. T. C. participating. President Fred Engelhardt officiated and read the names of the University's Roll of Honor and following regimental formation of the R.O.T.C., the students, faculty and visiting alumni stood at attention while "taps" was sounded and the University Band played the national anthem.

Proceeding to Lewis Field after lunch, the alumni were treated by a Wildcat victory over the Tufts Jumbos in a thrilling football game. Color was added to the game by newly-elected Mayor Madden who performed chemical experiments on the field and rode around the track during the half in his jumpy jalopy, closely followed by his faithful hound.

Informal dinners were held after the game at the sororities and fraternities to welcome their former active members.

To end a perfect day, Student Council presented a dance at which the alumni were made welcome and thoroughly enjoyed themselves.

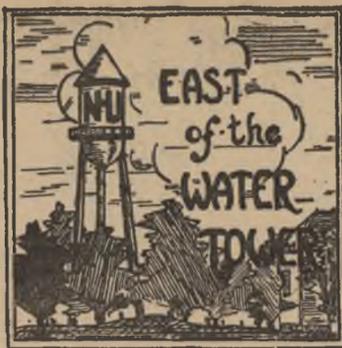

(Continued from page 1)

Scabbard and Blade society; the honorary Cadet Colonel and her two aides selected from the girls of U.N.H. who will rule over the evening's functions; and the announcement of the permanent commissions for the N.H. ROTC regiment by Colonel Smith and the military staff.

Lieutenant-colonel Starlings, advisor to Scabbard and Blade, and the committees are completing elaborate plans to have this affair stand out as the most important social function of the University during the fall season. Fraternity house dances on Saturday evening will round out a complete week-end.

A.I.E.E. Notice

The student branch of the A.I.E.E. will have Professor Chester L. Dawes, vice-president of the national society and head of the electrical engineering department of Harvard Graduate School of Engineering, as its speaker at a meeting on Thursday, November 16 at 7:15 P.M. in the Commons Organization room. The subject will be "Lightning and Surges."

by A B C

Following the cue of ye olde "Weather man" and falling in line with Mad Madden's regime, Harold Hall, Prexy Mitchell and their teammates showed a very colorfully mixed bowl of Undergrads and Alumni that past results do not mean a thing, by coming from behind to quench the thirst of victory-starved supporters. And on our part, although this week-end was mainly an alumni affair, we'll try to keep this an undergraduate column.

As the colorful parade passes before our eyes in brilliant kaleidoscopic fashion, certain events and happenings stand out in their own inimitable fashion. Paul was back "Horne"ing in on some of the campus lads by doing it up with Jan. . . . Bob Preston and Faith Stanton were wonderingly-eyed by many questioning students who missed the presence of Johnny Decker.

. . . Congrats to Theta Chi for their performance . . . Evidently S.A.E. does not know the meaning of S-T-U-N-T. . . . Frank Ayer must be popular with the girls' cause all other names checked on his ballots were co-eds. . . . And what was Al Bogrett doing throwing sticks up in the tree behind the Colonial Inn last Saturday night? Does Dottie know about that, Al? . . . Pretty Boy Phil Oliver was seen throwing things at the candidates last Wednesday. Evidently he doesn't know what to do with his arm when his girl isn't hanging on to it. . . . Other boys who haven't outgrown their swaddling clothes are Theta Kap's Hall and Sugh-rue . . . Incidentally their was some "Hot Ayer" going around during the balloting for mayor. We think that for once the campus elected a man on merit. How-to-go Art Madden. You were good . . . Jimmy Gravy and Ray Cox are around together. Perhaps they are that way about each other. . . . How many of you knew that the New Hampshire flag on the pole at Lewis Field was at the World's Fair? . . . Most of the old grads were as well oiled as Theta Chi's tin man . . . Ray Doyle had a nice little blonde up here.

. . . The Concord Duo returned, June with George, and Bev — well, well, well. . . . Mayor Whitcomb was back too. . . . Stacey Clark, the idol of the campus, broke the girls' hearts by bringing up his steady from Stoneleigh. . . . Shirley Anderson did all right with Phil Beaulieu. . . . Who put Al Lucier to bed Saturday night? He was even seeing jitterbugs. . . . We noticed that his one and only, Little Mary Peavey, took in the dance without him. . . . That was some community singing that they had at the dance, but who was Dick Nellson talking about when he dedicated that number to "A Little Breath of Heaven"? Lou Wyman and wife were back. . . . Speaking of the Union, Wini Kennedy was trucking it out with Hall in spite of his hard-played game. . . . Ken "Dark McCloud" was with Dottie Perkins while Barb Hyatt was with Bill Brunell. . . . Jane Haubrick was with an unknown while Kay Ahearn—well, we aren't saying. . . . Incidentally the sixth member of the Union was back—Stunning Bev Tuttle. . . . "Rodney the Rock" Rober was having a "high old time" Saturday night. . . . Milt "Adorable" Fontaine once more escorted Eleanor Critcher-son. . . . After some of the girls have seen their Granite proofs, they didn't think photography was so wonderful after all. . . . The Portland flash, Ginny Percy, was with Stan Otis. . . . Jim Liberty in whose hands rests the fate of Carnival went up with Ruth Buckley. . . . Eleanor Gillette will meet Bob's folks over the next week-end. . . . Hank Soper went down to Massachusetts Saturday night—we wonder why? . . . Mask and Dagger once again to the fore—so orchids to Dotty, Ralph, Charley, Marjorie and the rest. . . . Coutts and Davison, the concessionaires have once again come to the fore by running the Harvard Dance at the University Club Saturday night. . . . which brings us to the end with this last expression — ON TO HARVARD!

With the Greek World

by Elizabeth Williams

Alpha Chi Omega — Many friends and alumnae were guests at the house over the week-end. Refreshments were served for guests at the house after the gam on Saturday.

Alpha Gamma Rho—Many grads were welcomed back to the house last week-end. At the business meeting of the Alpha Gamma Rho corporation, Paul Blood was re-elected president; Eric McNaire, vice-president; Paul Scripture, secretary; and Jesse R. Hepler, treasurer. Mr. Stanley E. Wilson was re-elected alumni treasurer for the house.

Alpha Tau Omega — Several members of the Tufts chapter visited over the week-end. Popular Freddy Martin and orchestra have been signed for the fall house dance. Stanley Platek and Phillip Richards were initiated. Mr. Stanley Shimer, Mr. Sam Hoitt and Dean Gale Eastman, members of the faculty, spoke at the meeting Tuesday night.

Alpha Xi Delta — Last week Dorothy Jasper, Jean Adams, Virginia Henderson and Margaret Preble were initiated. There was a coffee dance after the game. There were about twenty girls from Lambda chapter at the dance. Visiting grads over the week-end were Betty McNamara, Christine Fernald, June Flanders, Beverly Swain, Comfort Bullock, Ruth Buckley, Margaret Boyd, Ruth Durning, Virginia Durning, Mary Rogers, Virginia Parker, Augusta Timberlake, Joselyn Kelly and Helen Morin.

Kappa Delta — Ruth Stimson is the recipient of a Cogswell scholarship. She has also been recently initiated into Phi Kappa Phi. Gertrude Chamberlain and Barbara Miltimore were recent visitors from Manchester. Barbara Cram, Barbara Miltimore and Ethel MacAllister were week-end visitors.

Kappa Sigma — A buffet supper was held for the grads Saturday night. Bob Kirshaw, Jim Conrad, Joe Kirby, John Duffy, Fritz Rosinski, Jack Sweatston and William Scott were back for Homecoming.

Lambda Chi Alpha — A banquet arranged by Phil Dunlap for 65 alumni and undergrads was held at the American House in Dover Saturday night. National fraternity travelling secretary, Tozier Brawn, visited the house Thursday through Saturday. Former trainer of an earlier Butch, Phil Shannon put a collar on Butch III, Sunday.

Phi Alpha — Several grads were back for Homecoming.

Phi Delta Upsilon—Classes from 1926 to 1939 were back for the banquet celebrating Homecoming.

Phi Mu — Mayor Madden was a guest at dinner Thursday night, and proved himself an able dishwasher. A tea was held for the alumni Saturday afternoon. Carolyn Gove was elected secretary and treasurer of the orchestra.

Sigma Alpha Epsilon — Mr. and Mrs. Thomas C. Carr came back for Homecoming.

Tau Kappa Epsilon — National secretary Harold T. Plant was a visitor Friday and Saturday.

Theta Chi — The annual alumni banquet was held Saturday night with about sixty alumni attending. Thirty

Campus Notes

Cauldrons Meeting

There will be a meeting of the Cauldrons at 7:30 tonight in the Commons Trophy room. Initiation of new members will be held.

Robert Sweatt, President.

French Movies

Moving pictures, sponsored by the department of languages, will be given in Murkland auditorium on Thursday, November 16, at 8 P.M. Admission is free to students and public. The titles of the reels which will be shown are "La Gare" (French language film), "Four Thousand Mile Journey Through France," "Through the Pyrenees," "Ancient Cities of Southern France," and "Paris the Beautiful." The pictures will probably last about an hour.

Christian Work

Culminating a two weeks membership drive, the Student Christian Movement held a service of consecration Sunday evening which gave each member a chance to commit himself to the Christian life. After a short social meeting in the Community House at which coffee and brown bread were served, the group went into the church. The challenge of membership was followed by a period of silence. Each member was given a small cross as a symbol of his commitment and communion was then celebrated.

Education Notice

Students desiring to do cadet teaching the second semester of the present academic year should file their applications in the office of the department of education, Room 118, Murkland, on or before Friday, November 17. The application blanks may be obtained in the office of the department of education.

A. Monroe Stowe,
Professor of Education.

Lost

A Mortar Board pin on Saturday. If found, please return to D. K. Myhre, Alpha Chi Omega.

Notice

Beginners' "Rec" on Wednesday evenings is now open to women students. Up until this time the men have been receiving their instruction alone, but now about fifty girls will be welcome to be their partners. "Rec" begins at 6:50, and the first fifty will be the only girls accommodated, so come early!

of their wives were also served. Theta Chi won the Trophy awarded by Blue Key for their take-off of the Wizard of Oz at Stunt Night.

Theta Upsilon — Many alumnae returned for Homecoming. A luncheon was served at the house for the grads.

SPORTS SECTION

It took three periods for the latent New Hampshire scoring punch to come to life last Saturday, but when it did, it struck twice in the same place, and in rapid succession. Every Boston newspaper that we read spoke of the Wildcats' 102-yard scoring march which started in the closing minute of the third quarter and ended in the Tufts' end zone, after three minutes of the final stanza had ticked off.

The fake-kick play on which Hall covered about 60 yards, followed soon after his spectacular interception of a Jumbo pass behind his own goal line. The light, but husky halfback again played the entire sixty minutes of the contest, gaining plenty of yardage as he carried the ball, time after time.

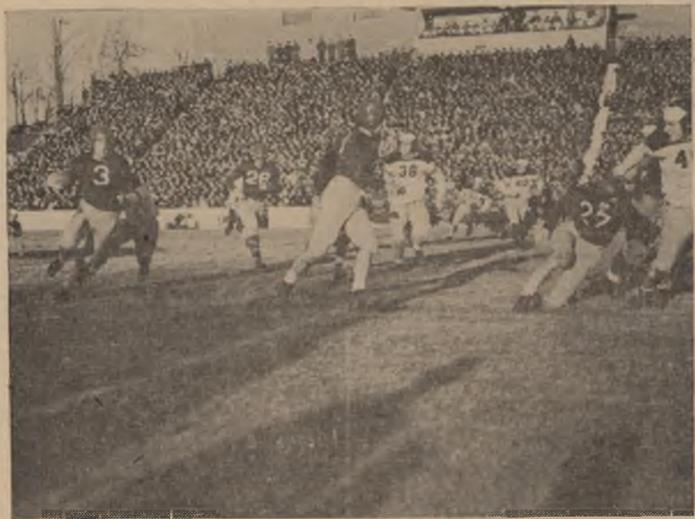

The blocking wasn't always too impressive, but it certainly manifested itself on the two touchdown plays. With Burt Mitchell carrying the ball on both occasions, his interference was so effective that the senior halfback ace was able to cross the ultimate chalk stripe, standing up.

Mayor Madden and his numerous campaign managers did their part to welcome the grads and keep the entire crowd, which was surprisingly large, in the proper frame of mind. The red-wigged individual was obviously the best man for the position. The band, too, looked good and seems to show improvement with each week under the tutelage of Maestro Bergethon, but where are the new uniforms? According to campus rumor, the nice, blue-and-white suits, for which we have been raising money for the last two years, are costing \$40 per. Will they be here for the Harvard game, or will we still have to again depend on Uncle Sam to clothe our horn-tooters at the Soldiers' Field encounter?

Incidentally, the Crimson didn't do much to elevate the New Hampshire hopes over the week-end, as it downed the Cadets, 15-0. Dick Harlowe's sophomore sensation, Spreyer, seems to do plenty of fancy ball-toting. Never fear, however, with the spirit which has been shown on campus, it looks as though the student body and team is ready, willing, and able to fight to the last Wildcat.

Notice

The Home Economics Club will hold a meeting at the Craft Cottage tomorrow evening at 7:30. All members are urged to attend.

Above picture shows Captain Griffin of Tufts carrying ball around New Hampshire's left end in the third period of last Saturday's game with New Hampshire. Other New Hampshire men in the picture are Piretti (38), Buchanan (40), and Winterbottom (46). Winterbottom made the tackle after Griffin had gained about 3 yards.

Strong Frosh Drub Jayvees in Finale Engelhardt Speaks to Faculty Group

Ripping off yardage in great hunks, and scoring in every period but one, Tony Dougal's freshman gridsters crushed John DuRie's Junior Varsity 28 to 0 as the two clubs wound up their seasons Friday afternoon.

The big, husky, yearling outfit had it all over their upperclass opponents in every department. Offensively they were practically unstoppable, and it was not until the final moments of the game, with the Kitten fourth string in the game, that the Jayvees were able to put on anything that resembled an attack.

The Kitten's "B" squad started the game and monopolized the scoring, accounting for three of the four touchdowns. The first score came shortly after the start of the game; Red Davis kicked off to the Jayvees and on the first play a bad pass from center got away from Preston and Al Lamond recovered on the 24 yard mark. Don Begin cashing in from the 2 on a double reverse. Davis kicked the point. The freshman regulars entered the game about midway through the second period, and after getting off to a good start only to be halted by a fumble, finally got the ball back and moved down to score the second touchdown shortly before the half ended. Mugford intercepted a pass and carried to the J.V. 22, went for 5 yards on a spinner, and then passed to DeGregory for a first down on the 3. A line buck took the ball to within inches of the final stripe, and then Win MacDonald galloped around his own right end to make it 13 to 0. Mugford missed

President Engelhardt gave an informal talk on "Creative Learning" to the members of the University Faculty Club at the regular meeting of the club last Tuesday evening.

President Engelhardt remarked that we crush out of students a great deal of creative thinking because we require them, from the kindergarten on up through college, to follow a set pattern of learning. He suggested that there must be better methods to help students than teachers are using at the present time. Teachers, Dr. Engelhardt said, might do well to break away from their traditional patterns of teaching. He proposed that in the technical fields, for instance, it might be well to let the freshman do what the senior is now doing, i.e. the application might be given first and the theories afterwards.

his attempt to convert, but got another chance when the Jayvees were offside, and on the second try he nudged one straight between the uprights.

In the third period the Kitten third string battled the Blue Shirts to a virtual standstill; neither team was able to go far, the figures showing 7 gained and 3 lost for the Frosh and 12 gained and 14 lost for the Jayvees. Dougal injected his B team shortly after the start of the final stanza and from their 31 it took them just two plays to score. Murphy almost broke away on a reverse and was nipped just short of a first down, and then Red Davis took a behind-the-line toss from Charley Judd on a beautiful end around play, out through a marvelous hole and galloped 60 yards without being touched. Once again Davis left-footed the conversion to make it 21 to 0.

The Jayvees put on their only real threat just before the game ended, completing a pair of long passes for a first down less than a foot from the Kitten goal line. But the yearlings rose to the occasion, setting the Blue-clad upper classmen back on their heels for a net gain of minus 6 in three plays and the game ended with the count Freshman 28, Jayvees 0.

Both teams announced the election of honorary captains just before the game. Sammy Clark of Potter Place, husky end who broke his ankle against New Hampton was elected captain of the Jayvees. Harry Pascoe, big tackle from West Ossipee and Phil DeGregory, backfield flash from New Jersey, were chosen as co-captains of the freshman crew.

Majors and Dean Choose Student for Medal Award

Major Edward G. Cowen, CAC, Major Robert H. Sharp, Inf., and Dr. Norman Alexander, dean of men, were appointed to select the first year advanced course student best qualified for the U. S. Coast Artillery Association 1940 R.O.T.C. medal. Only students enrolled in the first year advanced course, Coast Artillery branch, are eligible for this award.

Intramural News

Softball, final league standings:

League I—Tau Kappa Epsilon (5-1); Alpha Gamma Rho, Alpha Tau Omega (4-2); Phi Delta Upsilon (3-3); Kappa Sigma (1-5); Phi Mu Delta (0-6). League II—Theta KaKppa Phi, Theta Chi (4-1), (Theta Chi won playoff); Sigma Beta (3-2); Lambda Chi Alpha (2-2); Sigma Alpha Epsilon (1-3); Pi Kappa Alpha (0-5). Dormitory League—West (5-0); East (4-1); Fairchild (2-2); Commuters, Commons (1-3); Hetzel (0-4).

Six-man football: Teams remaining in competition are—Sigma Beta, Theta Kappa Phi, East, Alpha Tau Omega, Sigma Alpha Epsilon.

Archery: League standings—League I, Theta Chi (4-0); Theta Kappa Phi (5-1). League II, Tau Kappa Epsilon (4-0); Sigma Alpha Epsilon (2-2).

Intramural competition in bowling and basketball will begin in the near future.

At a recent meeting of the Intramural Council, the following officers were elected: Philip Hodgdon, Theta Chi, president; Thomas Bagley, Theta Kappa Phi, vice-president; Al Bogrett, Alpha Tau Omega, secretary.

Sigma Alpha Epsilon won the intramural relay race run before the Tufts game on Saturday.

Smith Sets Record as Maine Sweeps N.E. Championship

Paced by the sensational Don Smith who set a new course record and ran away with individual honors for the fourth year in a row, Maine's varsity cross-country team defeated a field of 13 teams to carry home the honors in the 27th annual New England Intercollegiate A.A.A. cross-country championships at Franklin Park, Boston, yesterday afternoon.

New Hampshire's team, with two men finishing in the first twenty, finished in fourth position in the team competition, compiling a score of 126 against 66 for the winners, 73 for Connecticut State and 81 for Rhode Island.

In the freshman meet, which was also captured by the Down East team, Rhode Island was second, Northeastern third, and New Hampshire fourth, 58 points behind the winners.

A field of some 87 runners started the tough 4 1/4 mile varsity grind, and it was evident early in the race that Smith was the standout. He took the lead at the mile mark, had almost 100 yards at the half way post, and finished with nearly 200 yards to spare in the record-breaking time of 21 minutes, 16 and four-fifths seconds. Atkinson of Tufts was second, with Blaisdell of Maine third. The first New Hampshire runner to finish was Jack Kirk who placed ninth. Warren Jones came in 17th, Ray Rivers 27th, Clint Huntington 34th, Ted Underwood 39th, Bob Mullen 46th, and John Swasey 64th.

Varsity team scores: Maine 66, Connecticut State 73, Rhode Island State 81, New Hampshire 126, Tufts 145, Boston University 147, M.I.T. 169, Bates 172, Northeastern 221, Bowdoin 208, Mass. State 262, Springfield 313.

In the freshman race Bob Nichols of Rhode Island State broke the former record, established by Dick Meade of N.H. in 1937, finishing the 3 1/4 mile course in 16 minutes, four and three-fifths seconds. Parker of Northeastern led until the final mile but was unable to hold the pace and crossed the finish line in 39th position. Canniencke of Rhode Island took second, with Moody and Hamm of Maine in third and fourth. The first New Hampshire runner to finish was Norm Emmons who came in number 9, Ivan Gibbs finished 12th, Keough was 20th, French 21st, Wayne Campbell came in 32nd and Homer Hamlin finished in 37th.

Maine in winning had a 35, Rhode Island State 43, Northeastern 80, New Hampshire 93, Springfield 135, Bowdoin 145, Tufts 160, and M.I.T. 211.

This meet marks the final appearance this season of the both the New Hampshire outfits. The varsity finished the season with three wins and one loss

On to Harvard!

Encouraged by a last-quarter victory over the Tufts' Jumbos, the Wildcats, this week, prepare for the biggest game in several years. The Harvard contest will find the team in fine spirits and good physical condition.

WILDCATS WIN

(Continued from page 1)

in any direction. This one rolled backward toward the Wildcat goal line. Clark, after chasing the ball for 25 yards, finally picked it up on the 7 yard line. The kick had traveled a distance of 73 yards. Hall, from behind his own goal line, got off a high punt that was blown out of bounds on the New Hampshire 15. West, the Tufts right halfback swept the left flank for 14 yards, being crashed out of bounds on the 1 by Gordon. On the next play Curtis plunged through the line for the score that put Tufts out in front. The try for the extra point was wide.

'Cats Use Statue Play

After receiving the kick-off, the Wildcats tried the age-old Statue of Liberty play. Clark, after taking the ball from Hall, continued around the left end of the Tufts team for 22 yards and a first down on the 42-yard line. At this point the attack bogged down and Hall kicked to the Tufts 26 yard line where Winterbottom downed the ball. Griffin in trying a deep reverse was smeared by Winterbottom for an 8 yard loss. Once more in the tail-back slot, Griffin fumbled a bad pass from center and Flaherty and Chase dropped him on his own 5 yard line. With fourth down and 30 yards to go, Griffin stepped back and booted another of his specialties. This one rolled along the side line for 30 yards before rolling out of bounds on the N.H. 28 after covering a distance of 75 yards. Hall passed to Sauer for a first down on the 35 yard line as the half ended.

Third Period Slow

Play during the third period was very slow until at the end of the period, Hall intercepted a pass behind his own goal line and carried it back to the Wildcat 20.

With the opening of the last stanza, Hall carried 40 yards to the Jumbo's 40 marker. On the next four plays, Hall and Hanlon carried to the Tufts 15. From here Mitchell drove over left tackle for the score that tied the game up. "Pep" Martin, with the task of either giving the Wildcats a tie or a win, split the posts with a perfect placement.

Three-quarters through the period, Harrison, in trying to pass, fumbled the ball and Gould recovered for New Hampshire on the Tufts 22. Hanlon and Hall carried to the 8 and once more Mitchell carried over. The point after was missed. There was time for just one play after the kick-off and on that play Harrison was thrown for a 15 yard loss by Urban.

Outstanding during the game were Hall, Hanlon, and Mitchell along with those consistent linemen such as Haynes, Flaherty and Piretti. For the Tufts team Griffin stood out offensively, Bournazos, defensively.

Score by periods —

New Hampshire	0	0	0	13-13
Tufts	0	6	0	0-6

The Line-up

New Hampshire	Tufts
Winterbottom, re	re, Smith
Piretti, rt	rt, Haselton
Haynes, rg	rg, Nelband

Hanlon, fb	fb, Curtis

N. H. Substitutions: Johnson, Chase, Martin, Leary, Clark, Gordon, Onnela, Gould, Jones, Urban, Pecke.

Tufts Substitutions: Loret, Anderson, Kenny, Watts, Pare, Kimball, Della, Poolera, Ciafone.

Faculty Members Attend Land Grant School Parley

An official delegation from the University consisting of President Fred Engelhardt, Dean M. Gale Eastman, Dean George W. Case, Dean Herman L. Slobin, Mrs. Helen McLaughlin of the Home Economics department and Director John C. Kendall of the Extension Service will attend the meeting of the Association of Land Grant Colleges in Washington, D. C., November 15 through November 17. The association has some fifty member colleges and meets annually to formulate policies of campus activity.

in dual competition, a second in a triangular meet, and fourth in the N.E.I.C.A.A. championships.

The frosh won four and lost two, counting yesterday's race as a loss.

CONCERT TRIO

(Continued from page 1)

recitals, and has all the qualities of a good pianist.

Gerard Gustav Haft, the third member of the group, is a master of the cello. Like Hansen, he began his musical career at an early age, making his first public appearance at the age of thirteen. In 1925 he joined the ballet orchestra of the great Pavlova, and for two years he toured Europe, many times appearing at Royal courts. Later he appeared with and conducted many orchestras in Europe. He came to the United States in the early part of 1938.

The trio will present the following program:

- | | |
|---------------------------------|-------------------------------|
| TRIO IN G MAJOR NO. 13
Largo | J. B. Loeillet
(1653-1728) |
| Allegro Brio | |
| Lento Expressivo | |

| La Capricieuse | Elgar |
| The Little White Donkey | Ibert |
| Bernardage | Bazzini |
| TRIO IN C MINOR, OPUS 66 | Mendelssohn |
| Allegro Energico | |
| Andante Expressivo | |
| Scherzo | |
| Allegro Appassionato | |

Freshmen Receive Library Training

This year the University has scheduled special required courses for freshmen in cataloguing, reference work and periodical study under the direction of Miss Emily Washburn, reference librarian. Tests in the use of library material were given at the beginning of the year and students who showed lack of training in library study have been enrolled in these courses.

Miss Washburn pointed out that among the interesting facts discovered from the questionnaires it was found that in many cases those who have had only very small libraries to use while in high school are more familiar with library usage than those having large libraries at their disposal.

Miss Mary H. Falt, circulation librarian, and Miss E. Hope Squires, assistant cataloguer, are assisting Miss Washburn in the work.

LIBRARY MUSIC

(Continued from page 1)

win's Rhapsody in Blue, and Schubert's Unfinished Symphony become an old story simply because of too much attention, while other great works which would afford as much pleasure, are neglected.

Therefore, some of these works worthy of notice will be made known to music-lovers by a system called "Record-of-the-Week." A poster will be placed in the music department with the name of the record, an account of the composer, and the reasons why this particular work is important.

This plan grew out of the suggestion of Mr. Grigaut who, in one of his classes, mentioned the fact that much beautiful music is unknown. He has an admirable list of the neglected masterpieces, partly from which some of the Records-of-the-Week will be selected. There will also be means whereby students may suggest coming Records-of-the-Week and their reasons thereof.

It is the hope of the sponsors that students will take advantage of these suggestions and therefore broaden their musical understanding and knowledge.

(Editor's Note: The writer wishes to thank the efforts of Mr. Grigaut, Miss Dart, librarian, and Miss Florence Dodge, librarian, for their efforts and cooperation in helping to propagate this plan.)

German Club

The German Club met last Thursday evening in Ballard hall. Most of the time was spent in singing German songs, including the Schnitzelbanklied, interspersing them with a few English ones. Some Christmas carols were practiced in anticipation of the Christmas caroling. Plenty of cider and doughnuts were served to sooth the "hoarse" throats.

During the evening the club was surprised by a visit from Charity, one of the candidates in the mayoralty campaign, and Herr "Hitler", who entertained the group with a speech in his native tongue. The next meeting of the club will be held November 23.

Lens and Shutter Exhibits Pictures

Lens and Shutter Club, working with Mr. George R. Thomas of the University Fine Arts Committee, has completed preparations on its photography exhibit which is now on display in the art room of the library.

The 103 prints on exhibition represent a wide variety of subject material and camera technique, including still life, children, landscapes, color transparencies and a special group of valuable and difficult-to-make color prints. The cameras used range from the simple Brownie to expensive Retina and Contax types. Twenty-eight prints are the work of club members. Fifty-four of the prints were made by professionals.

The professional print "Syncopators" is a good example of the still life class. A picture of a fawn, enlarged from 35 mm film, demonstrates what can be done with careful enlarging technique. "Still Life" portrays the beauties of color printing. "Tremont Street", taken by Professor Scudder, shows excellent results even under adverse conditions.

ADDRESS

(Continued from page 1)

ities that respect the personality and lives of men.

This field has been dedicated to the memory of those men of New Hampshire whose lives were taken in the First World War. To some present the individuals were dear friends and their passing was a great personal loss. To most of us they are symbolic of the tragedy and of the human waste during those years of 1914-1918 and of the social, political, moral and economic tailspins of the aftermath. Yes, how increasingly futile and tragic it all appears when viewed as the passing years have turned to decades. The war to end all wars. The war to make the world safe for democracy. What hollow sounding slogans. What a disillusionment that period has become to those who were in the war and who are alive today. Here it is a quarter of a century since 1914 and again men are attempting to solve the same problems with guns, bombs, and propaganda of hate.

One may raise many questions concerning the thoughts that are so often expressed on these occasions when the causes for which men fought and died are idealistically presented. Is it not true that the war fought to save democracy has nearly produced its destruction? Do not men who fight for their rights fail to live right? Does victory bring its just rewards? Can men who have fought a war make a just peace? Is it not truer to say that in reality men do not in most instances fight for ideals but rather because men have failed to live according to those ideals? The causes for which men die have qualities which men evidently cannot and do not live up to. Is it not therefore more essential for mankind to find the ways and means through which the aspirations and ideals of man may become the personification of daily living rather than the causes for which men either boastfully or reluctantly lay down their lives?

It has been our custom to stand uncovered as the President reads the names of those men of the University of New Hampshire who gave their lives in the World War.

Forrest Eugene Adams, Frank Booma, Armand Alfred Brien, Paul Edward Corriveau, George Henry Elam, John Humiston, Cyril Thomas Hunt, Donald Whitney Libby, Earl Roger Montgomery, George Downes, Parnell, John William Powers, William Henry Robinson, Ralph Wellington Shirley, Otis Edmund Soper, Daniel Chasé Stinson, Fred Weare Stone, William Hervey Thomas, Pitt Sawyer Willand.

STUNT NIGHT

(Continued from page 1)

Alpha Xi Delta introduced the wives of the candidates for mayor of Durham in "The Girls They Left Behind Them." Kappa Sigma offered a hilarious program called "Riff in F Minor." Phi Mu Delta's "Super X" was the radio program sponsored by the Streamlined Spitball Company.

Alpha Chi Omega parodied "The Women" with "The Men." Tau Kappa Epsilon spotlighted "Married Life." The last number was "The Murder of Julius Caesar," by Phi Delta Upsilon.

HARVARD WEEK-END

(Continued from page 1)

that fighting emblem of New Hampshire spirit.

It is expected that many signs and posters will be put-up this week with the express purpose of bringing New Hampshire spirit and enthusiasm up to the peak which was reached back in 1935, the year that the last game with Harvard was played.

Blue Key's single purpose in attempting to build up enthusiasm is to make it evident to the members of the football squad that support is not lacking. Why not go up to the football players and give them a pat on the back the next time you see them? They will really appreciate it and it will be a very encouraging thought to take down to

Harvard with them.

Special tickets for the Wildcat Special may be purchased from the following students: Phil Dunlap and Jack Hanlon at Lambda Chi; Harry Haines at Hertz; Herb Johnson at Sigma Beta; George McCaffrey at Theta Kappa Phi; Burt Mitchell at West; Dick Nelson and Fred Winterbottom at East; Bill Spearman and Pete Wellenberger at Kappa Sigma; and Ed Sauer at the Leavitt Apartments.

For the convenience of the co-eds, tickets will be sold at Congreve and Hertz on Wednesday; and Scott, Fairchild, and Smith on Thursday.

Saturday classes will be excused at 11:00 A.M. The special train will leave Durham at 11:15 A.M. and will arrive in Boston at 12:30 P.M. The

game will start at 2:00 P.M. The return trip will begin at 1:00 A.M. on Sunday morning and will arrive in Durham at approximately 2:30 A.M.

All indications point to a very busy week and it is hoped that the entire student body will turn out for the big rally on Friday night.

There's
No Great Mystery
about Cigarette Tobaccos

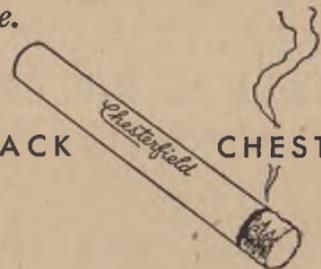

THERE ARE FOUR TYPES
of tobaccos found in the more popular
cigarettes, namely... *Bright, Maryland,*
Burley and Turkish.

ALL THESE TOBACCOS except Turkish (which is bought direct from the planters in Turkey and Greece) and Maryland (which is bought through sealed bids under government supervision) are bought at public auction, just like any other auction where you might have bought in a table or a chair.

AT THE AUCTION SALE the tobacco is piled in baskets weighing from about 100 to 500 pounds and each purchaser buys all of his tobaccos by competitive bidding for the particular piles he wants.

THE CHESTERFIELD BUYERS buy the best of these mild ripe tobaccos for the Chesterfield blend. And it is *Chesterfield's Combination*... the right amounts of Burley and Bright... just enough Maryland... and just enough Turkish—that makes the big difference between Chesterfield and other cigarettes.

IT IS BECAUSE of this combination that *Chesterfields* are **COOLER**, have a **BETTER TASTE** and are **DEFINITELY MILDER**. They are made of the world's best cigarette tobaccos. You can't buy a better cigarette.

MAKE YOUR NEXT PACK CHESTERFIELD
