

Senior Skulls Present Songfest at DeMeritt

Out of Town Judges to Award Cups to Winning Fraternity and Sorority

Tonight at 7:30 five fraternities and four sororities will participate in the second annual Senior Skulls Songfest which is to be held on the steps of DeMeritt Hall. In case of rain it will be held in Murkland Auditorium.

At the time the paper went to press it was still indefinite as to who the out of town judges were to be but the following three men have been suggested: Mr. Norman Leavitt, a member of the faculty at Stoneleigh Junior College; Superintendent of Schools, Chester Doe of Northwood; and Mr. George Wilson, supervisor of music of the Dover schools.

The groups will be judged on the following points: participation (10) points will be awarded for the per cent of the total group participating; in tonation (15), each voice part should blend and be in tone with the other parts; tone quality (15), work for a pleasing tone and one suitable to the composition; balance (15), balance as to numbers on the various parts, bringing out the melody and not allowing it to be covered up by the supporting tones; diction (15); appearance (15),

Granite Ready for Students Tomorrow

The 1941 Granite will be on campus for distribution tomorrow morning, according to a statement by Editor-in-Chief Findeisen. Due to a holdup in getting transportation from New York it did not leave the printer's until Monday morning. From New York it was shipped to Keene where it will change trucks and be brought to Durham.

The Granite will be distributed from 9-4 Wednesday by classes in rooms in the basement of Murkland, seniors receiving theirs in one room, juniors in another, etc. Students will present their names, their Student Activity tax cards will be checked and if this has been paid the student will receive his yearbook.

This year's Granite will contain 278 pages and will have padded covers as did last year's. Mr. Findeisen stated, "We of the staff sincerely hope that the 1941 Granite will meet the standards of former years and even improve upon them."

Classes Visit Harvard Zoology Museum Friday

Approximately fifteen members of the evolution and paleontology classes visited the Museum of Comparative Zoology at Harvard University, Friday, May 24. Professors T. Ralph Meyers and F. Gaynor Evans accompanied the group. Dr. Weitter, preparator of vertebrate paleontology at Harvard, took the students through all the laboratories of the museum, where all the stages of fossil preparation were shown from the time a fossil is brought in from the field to its final mounting. Later the paleontology class saw the mineral collection of the museum.

Committee of Fine Arts Gives Pictures to Dorms

The rental art collection has proved so successful this year that the fine arts committee is giving several new pictures to the various dormitories for use in their living rooms. At the Commons the "End of the Hunt" by Nichols, a contemporary American painter, has been hung. East Hall has received "Sunlit Patterns" by Lucioni, while Congreve has a copy of Renoir's "Margot Berard" and "Musical Ladies" by an unknown artist. Seventeenth century Dutch art is represented in Smith Hall by Vermeer's "Pearl Necklace." Smith also has a reproduction of "Taking to Wing" by Scott, another contemporary American painter. In carrying on this program of purchasing good reproductions of fine pictures, the committee hopes to foster a love of real art among New Hampshire students.

Engelhardt Facing Difficult Schedule

Prexy Parallels Eleanor; Will Cover Three States in Extensive Speech Tour

President Engelhardt's calendar for June is rapidly becoming filled with numerous and varied speaking engagements in Maine, New Hampshire, and Vermont. His first trip will be to Laconia on June 4, where he will address the annual meeting of the Lakes Region Association. Next, he will speak at the graduation of Lawrence Academy in Groton, Mass. As previously announced, he will deliver the commencement address at the University of Maine in Orono on June 10. Maine is also the scene of his next engagement; he will be the speaker at the graduation exercises of So. Berwick Academy, So. Berwick. On the twentieth of June Dr. Engelhardt will address a meeting of teachers of industrial and vocational art, in Burlington, Vermont. On the very next evening he is scheduled to officiate at the graduation observances of Tilton High school here in New Hampshire. At present Dr. Engelhardt's final engagement of the month is on the 24th, when he will speak at the annual dinner meeting of the Monadnock Region Association in Marlboro. So far President Engelhardt has not definitely planned his speeches for all these occasions, although he has chosen "Work" as his theme for his address at the University of Maine.

Contrary to a previous announcement in "The New Hampshire" Dr. Engelhardt will not teach at Northwestern University for the duration of its summer session, but will be there only through the week of July 22 for a brief series of lectures and conferences.

Mask and Dagger

Because of the song fest scheduled for Tuesday, May 28, the Mask and Dagger meeting called for that evening will be postponed.

W.G. Hennessy, Faculty Director.

Regiment Rated as Excellent; Drill is Complete Success

Conduct of Men and Skill of Officers Praised; Men Well Versed in Theory

On a raw drizzling May afternoon the R.O.T.C. regiment passed in review under the critical eyes of inspecting officers, Col. Wm. A. Smith and Major L. E. Schoonmaker, U.S. Army. Although the weather hardly contributed to an ideal inspection atmosphere the student soldiers, despite their lack of drill this semester, carried the review off surprisingly well to retain for their regiment the rating of excellent.

Each phase of the inspection was carried off with precision timing, from the command to "fall in" at 2:15 until the last platoon was dismissed one hour later. The inspecting officers praised the dress, conduct and general deportment of the regiment, and were particularly impressed with the advanced students' skillful handling of the sabre.

Theory Test

In the morning some of the sections were questioned as to their theoretical knowledge and the officers were pleased to find that the men had assimilated the practical ideas from the course as well as the theoretical ones.

There have been rumors at times as to the lack of spirit in our regiment but a few remarks by Colonel Starling seems to clarify the situation. In his experience with student regiments he has found that this regiment is superior in both spirit and efficiency to units from such colleges as the University of Indiana, Syracuse, Cornell and other large colleges. In fact it was his opinion that it could be considered on a par with that of Rutgers, one of the smartest R.O.T.C. bodies in the east.

Students Asked to Work on Scripts, Songs for Musical

Bergethon, Dearborn and Mitchell Request Lyrics, Tunes During Summer

In a recent interview Jack Mitchell, who next year will again be musical director of Granite Varieties said: "The success of this year's musical revue has erased all traces of the skepticism that unfortunately was present in the weeks of preparation before the show. Next year with the new gym and the fully equipped modern stage we will have a production that will be worthy of performance on any stage. The cooperation shown this year was nothing short of marvelous and we are sure that we will experience the same next year. It's not too early to be composing songs or writing scripts. Let's make the next revue even bigger and better."

Elwyn Dearborn, newly appointed director for next year's show, stated: "We certainly had a lot of fun doing 'Glamorously Yours' even though it did represent a lot of work. And the wonderful response that everyone gave the show was enough compensation for anyone. I only hope that we can be as proud of the Granite Varieties of 1941. But why not? We've got such grand workers as Jack Mitchell, Ray Dyer, Charlie Craig, Dottie Bancroft, Elizabeth Smalley, John Batchelder, and many, many others, as well as a host of talented actors. . . . all back again! And what's more we're going to have a swell new stage on which to work. Oh yes I'm very optimistic about the whole thing."

He went on to say "Granite Varieties of 1941 may seem a long way ahead, but now is the time to begin the new scripts and songs. A fast moving, gag filled script is what we need most. And the question is: 'Who

(Continued on page 4)

Senior Convo Features Academic Procession

Bachelor Speaker at Blue Key Initiation

With Dr. Joseph E. Bachelder as guest speaker, the Blue Key Society held its annual initiation banquet last Thursday evening at the Rockingham Country Club. Several alumni members, thirteen pledges, and eleven current members were in attendance.

The feature of the evening was Dr. Bachelder's speech in which he pointed out the responsibility of an honorary society, to both the university and the student body. "You are marked men," said Dr. Bachelder, "and although you probably do not realize it, you are held up as examples of what is right and wrong. So govern yourself accordingly."

After the induction ceremony, election of officers was held. Those elected were: President, Horace Martin; Vice-President, Louis Cryans; and Secretary-Treasurer, Richard Snowman.

Stott Lectures on Oberammergau

Analysis of Play's Music Shows Similarity to Work of Great German Masters

"The Oberammergau Play would begin tomorrow, May 25th," if the World War II had not interfered," said Mr. Harry Stott to a small but very attentive audience in the Glee Clubs Music room on Friday night, top floor of T Hall.

The "Passion Play" has been a pilgrimage for many years since its origin during the 17th century, stated the speaker. In 1633 when the great black plague struck Bavaria with terrific casualties a miracle occurred in the little town of Oberammergau as the plague was suddenly stopped by the prayers of the people. Since that time the small village has continued the custom of dramatic prayers to keep away further mishaps. As a shrine, the village presents the "Passion Play" every ten years and thousands of people make a pilgrimage from all over the world.

Mr. Stott described very vividly his own pilgrimage to the town where he found the inhabitants actually living to play the parts of biblical characters, in colorful dress and simple theatre

(Continued on page 4)

Faculty Club House Offers Professors Chance to Relax

by Rae Morrison

Everyone knows that the tiny white building under the shadow of Congreve is the Faculty Club, but nobody knows what goes on there. The Faculty Club is a place of seclusion for the long-suffering professors to discuss their most harassing pedagogical problems and problem pupils, and to regain their equanimity through relaxation. Its function is purely social.

Tuesday night is Faculty Club night, when the professors drift down to play bridge, billiards, ping pong, handball, or just sit by the huge fireplace with their colleagues. In the spring the more ambitious and nimble staff members work off their excess energy with handball games at the cage.

Several days before Christmas vacation the club sponsors a Yule Party for members and their families that has become an annual affair. In addition to this, numerous informal dances offer university teachers a chance to

Grads and Faculty Don Cap and Gown to March Down Main St. to Cage

For the first time in university history, seniors and faculty will form in an academic procession as a part of the annual senior convocation, June 6, it was announced today by Assistant Professor Stanley R. Shimer, commencement committee chairman.

Caps and gowns will be the order of the day as members of the graduating class, professors, and associate professors march from the James hall walk, up Main Street to the Field House. Faculty members will be seated on the commencement platform with seniors directly in front of them. With faculty members on the stage will be President Fred Engelhardt; Leo Ray of Gorham, state commander of the American Legion; Matthew Flaherty, president of Student Council; and Madeline Papachristos, president of the Association of Women Students.

The academic procession, led by Senior Marshal Richard Nelson, will form at one o'clock—seniors on the

(Continued on page 4)

Committee Reports Pettee Fund \$1750

The committee for the Luella Pettee Fund will report to the President and the trustees on June 10, passing over all funds on hand at that time. At present the fund is only a few cents short of \$1,750. All expenses have been assumed by interested individuals, and the entire amount contributed has gone into the fund, which is to be placed with the Board of Trustees for investment. The income will be administered by the Dean of Women to furnish needy women students with such unexpected but essential extras such as medicine, glasses, overshoes, and even meals.

Gifts are coming in daily, and many have asked if they may give later. The committee will continue to receive gifts, and these later donations may receive recognition in an early issue of "The New Hampshire" next fall. The members of the committee, of which Mrs. Oren V. Henderson is the chairman, wish to thank Carlton Strong, Romeo Bucknam and Dane Cummings for contributing stationery, and all those who have offered assistance in spreading information concerning the project, particularly the alumni.

trip the light fantastic. The climax of the social calendar is reached in the formal dinner dance in May. This year it was held at Commons on May 24 with Jack Mitchell's orchestra officiating. Approximately 30 couples attended the highly successful affair, which was in charge of a committee headed by Carroll M. Degler.

The history of the club house itself is worth knowing. It was built during the World War for a Y.M.C.A. hut—in other words, it is of the same vintage as those illustrious halls known to posterity as the Barracks. After the war the building was taken over by the university and used at different times for classrooms and for an entertainment hall. One of the productions given there still remembered on campus was entitled "The City Rube," directed by H. B. Stevens.

A few charter members are still teaching here. Drs. Huddleston, Laton, Richards, and Taylor were among those who gave the enterprise its beginning.

DURHAM, N. H., MAY 28, 1940

Progress

We hear a great deal about our "growing" institution here at Durham, and we accept the words calmly enough and push our way out from convocation. Sure, we've got a lot of new buildings. That's swell. But those of us who are still on campus often fail to see the woods for the trees, fail to realize the far-reaching effects of this new construction.

The completion of the cage which took place last year, the erection of still another wing to Congreve, and the complete remodeling of the gymnasium made possible by generous gifts from the alumni are not small isolated improvements. They are part of a plan, almost a revolution begun a decade ago to change New Hampshire from a small agricultural college to one of the finest state universities. Campus customs, institutions, classes are profoundly effected: Next year students will have room for their feet in convocation and seniors will attend; Mask and Dagger, hampered for many years by a too small stage, will be able to produce better plays; already the women's physical education department is setting up new courses.

The classes which have gone before us have laid the foundation for these improvements; the classes to follow will reap the benefits. And from some convenient armchair we will boast that we have had a part in it.

Music on Campus

Tonight the annual song fest sponsored by the senior Skulls will be held on the grass in front of "T" hall. Glee clubs from most of the houses and dormitories will compete; then spectators and contestants will join in the college songs. We know of no lovelier custom than students singing on the lawns at evening. Such a group becomes a unit, however heterogeneous it may have been. Of insignificant things like these are college spirit and later college memories built.

Flight Training Center Located Here Next Year

The university has filed an application with the Civil Aeronautics Authority to have a flight training center located here next year. The trustees have recently approved the measure with the provision that the federal government underwrite the establishment of the center. If the application is granted, it will mean that men and women on campus will have the opportunity of obtaining their pilot's license. Anyone is eligible to take the course upon the payment of \$40, which covers the cost of the physical examination and insurance required by the government. All those who think they would be interested in taking the course next fall if it is available should leave their names and addresses in President Engelhardt's office sometime this spring.

Yacht Club Celebrates Holiday in Glover's Tux

Activities in the Yacht Club were stopped short this week-end due to the rainy weather. Plans had been made to race to the Isles of Shoals but the members had to be content with sailing to Portsmouth Saturday, returning on Sunday.

Thursday, Memorial Day, will be celebrated by the Yacht Club with events held on the bay. In the morning an obstacle race will be held with only club members participating. The afternoon will witness the race against the Dartmouth team. The main attraction, however, will be a demonstration given by Skipper Lean Glover. He will show, "How to tip over and not get wet"—just to prove his point, he will wear a tuxedo during the demonstration.

Jack Skerry is in charge of the events, assisted by Kenneth Shaw.

ON THE SPOT

by Victor E. Tyson, Jr.

Once again house parties and the feminine ingenuity saved Durham from a dull and very unenjoyable week-end as the weatherman failed to give the girls a break for their annual spring affairs. Because of the four house dances being run at the same time it was impossible for us to cover all of them adequately and hence we will revert to the general method of columnizing. . . . We want to take off our hats to Alpha Xi and the committee that was in charge of selecting their favors, because when speaking for the entire male student body, those favors were different and really appreciated. . . . It's hard to say which of the houses had the best decorations because all were very good. Many of the Alpha Chi O's were heard to remark that they thought that they were angels what with their blue sky and oh so many stars. . . . As the different stories come filtering in, we'll say that we too can back Jack Wentzell's story about his actions. . . . Barb Burns finally went to a dance where she exchanged a few numbers and when she did, Barb really exchanged dances, making up for all those chances that she had missed. . . . Commodore Hale finally got Ginny in but the time was a trifle late. . . . Jack Mitchell finally broke down and sang a number as he was accompanied by his band. We have it though on good grounds that Jack has made a recording of his vocal ability. . . . Flash — that wasn't an escaped Abenaki that has been running around here but only Lynn Whitmeyer with a new style haircut. We suggest putting the bowl back on it, Whit, it might look better. . . . Well, well, well, Rudy Timmer finally broke down after three years and had a date on campus. His heart was in the right place though as he broke precedent and went Alpha Xi-ing with Ellie Gould. . . . Then there is the story about the two Lambda Chi's that rode home with Father O'Connor and upon learning his identity, thought fast and got out of his car at the Theta Chi house. Come on, Rip and Dana, give us the rest of it. . . . Mike Zidorsky is all smiles since Mary O'Donoghue is back. . . . Gregg Williams would like to know if the passing of notes by Midge Flanders about him is a favorite indoor sport or something on the spur of the moment. . . . In the spring a young man's fancy turns, etc., but Dick Bryant's must have really rolled over if his method of parting with Gino is something new. . . . Before class, at that. . . . Don Styles knows what it means to be caught, etc., if his embarrassment at the track meet last week was any criterion. . . . Hey, hey, we'll see you and you and you at the Songfest in front of DeMeritt tonight. . . . More than one boy is a bit envious as Marjorie Chalmers continues to import for all these dances.

The Greek World

Alpha Gamma Rho — The senior party is being held today at the University pasture. Leslie Ward, '39, was a visitor last week-end. The seniors have been quite successful so far—two have dairy manager's jobs, and others have already obtained teaching positions. Plans have been made to have a deep-sea fishing trip on Memorial Day. Softball activities have been renewed in back of the house.

Phi Alpha — Joseph Nathanson, '37, visited the house over the week-end. Jack Sheinuk took an extended tour over the week-end. Several of the brothers went to the Yankees-Red Sox game on Sunday. The trip to Wyoming will begin June 22. The fellows will stay out west for a few weeks.

Sigma Beta—Russ Byles attended two Hotel Association meetings over the week-end. One was at the Bardwell Hotel and the other at the Hotel Berwick in Rutland, Vermont. Robert Plaisted of Bates College was a week-end visitor at the house. Ernest Furman, class of '37, a recent graduate of Harvard Law School was a Sunday visitor.

Phi Mu — The annual spring house dance, held Saturday, May 25, at the ballroom of the Rockingham Hotel in Portsmouth, was a huge success. A banquet started the evening off. The rest of the evening was spent in dancing. The chaperones were Mrs. Armstrong, Mr. and Mrs. Batchelder, and Mr. and Mrs. Charles. Several of our alumnae were back for the occasion: Mildred Bacon, Marjorie Carlisle, Ruth Chellis, Regis Lyons, and Peg Wier. The out-of-town guests included: Meg Brown, Catharine Carmichael, Bradley Dearborn, Janis Page, and Jerry Picard, Robert Barron and Fred Whiting, Jr. Leonard, the alligator, is back with us again. He is doing nicely. Copurnicus, the cat, is a frequent visitor.

Alpha Tau Omega — Albert Brown, first initiate of the chapter, was down for visit over the week-end. The house has a new mascot, a dog that Joe Brosius brought from home this last week-end. It will probably be named "Sooner."

University Profs Speak At Conway Science Meeting

The twenty-second annual meeting of the New Hampshire Academy of Science will be held Friday and Saturday, May 31 and June 1, at the Presidential Inn, Conway. Sessions are planned for Friday night and Saturday morning and afternoon.

Among those on the program from the University are Professor L. C. Swain of the forestry department and Mr. Donald Smith of the University Film Service who will appear at the Friday night session. Mr. Smith will show moving pictures which are being used in science education.

The Saturday morning session will be given over to a symposium on New Hampshire Bedrock Geology. Among the speakers at the symposium is Professor T. R. Meyers, who will present a paper on the "Geology of the Dover-Portsmouth Region."

Mr. W. H. Lyford and Mr. W. H. Coates will present papers on pedology at the Saturday afternoon session. The address by the retiring president on "New Hampshire Mineral Resources," will be given by Professor George W. White on Saturday afternoon.

Hey, Frosh!

All members of the freshman class are required to take the examination in English 1, 2, whether they have been excused from the course or are now taking it. The examination schedule is as follows:

Technology and Agriculture:
Wednesday, June 5—8-11
Murkland 201, 207, 210, 216
Liberal Arts Women:
Saturday, June 8—2-5
Murkland 14, 304
Tuesday, June 4—2-5
Murkland auditorium
Liberal Arts Men:
Friday, June 7—8-11
Murkland auditorium
H. H. Scudder.

NATION-WIDE RAIL-AIR SERVICE

by Norman Flint

Now that the lacrosse season is over, we can safely say that New Hampshire is as good as there is in the New England Intercollegiate Lacrosse League. Saturday's victory over the Dartmouth Indians placed the 'Cats in a three-way tie with Harvard and Dartmouth. Upon looking over the season's record we find that New Hampshire scored a total of 67 goals to their opponent's 44. This is an average of better than 11 goals per game, which shows that the boys haven't been loafing much this season. Co-captains Piretti and Coutts are the high scorers, with Ario holding the edge over "Couttsy" in that department.

As soon as the varsity had finished loosening the scalp of the Indian, the freshmen proceeded to tear completely off with an 11-4 victory. After seeing two quick goals scored by their favored opponents, our boys took things over by scoring four within five minutes and from that time on were never in danger. Bob Randall leads the frosh in the number of goals scored for the season with nine to his credit. The whole freshman team has shown plenty of scrap during the season. As well as having a number of fast aggressive attackmen, they have three capable defensemen in Gowen, Middleton, and Mackel. Congratulations to the two lacrosse teams for enviable records!

The varsity track team made a great showing at the N.E.I.C.A.A. meet over the week-end. Matt Flaherty broke the standing field record while placing second to Bennett of Maine. Steve Lampson and Jack Kirk presented the best performances of their respective careers. Steve soared to 12' 9" but a finger trailed on the way down and knocked off the bar so Steve had to content himself with his next best jump of 12' 6". Jack bettered the two mile record even though he finished in third position in the event. Larry Stewart was the only first place winner for the Blue and White. He came through in the broad jump with a leap of 22' 11 1/2".

Much praise is also due to the freshman relay team of Haas, Hamlin and Lowry, who finished

Varsity and Frosh Wildcats Defeat Dartmouth Stickmen

Yearling Lacrosse Men Win Game 11-4

Lanyon High Scorer for Frosh as Season Ends in Win Over Green Cubs

Bouncing back from their unexpected defeat at the hands of Governor Dummer, the yearling lacrosse squad followed the example set by the varsity, and set down the Dartmouth frosh 11-4, on Saturday afternoon.

The Kittens got off to a shaky start and saw the Dartmouth team pull away to a two to nothing lead at the five minute mark, but "Evie" Lanyon cut down the lead when he drilled a shot into the upper corner of the Dartmouth cage, but the Green team came right back with a third score which again gave them a two goal lead. At this point the Kitten attack got started and three New Hampshire scores were thrown by the Dartmouth net-minder; the fifth Kitten goal was made by MacDonald just before the end of the first period, putting the DuRie-coached team in a 5-3 lead at the end of the first period.

Picking up where they left off, the second period saw Lanyon, Wright, and Randall score three goals while the Green cubs were held to one score.

The third period was a repetition of the first two with the Kittens scoring three goals while holding the Cubs scoreless.

Coach DuRie took out his first stringers at the beginning of the last period. With the score 11 to 4 in favor of the Kittens, the substitutes were given orders to freeze the ball which they did throughout the period.

This, the final game for the frosh, saw them close their season with four wins and two losses.

In the locker room, after the victory, Coach DuRie was presented with a gift from the squad members for his work in leading the team to a successful season. In reply the coach stated that never before had he associated with a squad which gave as much consideration and cooperation to a coach.

second to the Holy Cross team who set a new record. The Kitten team also came in under the old mark. Lowry out-did any of his previous performances when he turned his half mile time of 1 min. 57.6 secs.

Wildcats Take on Lowell Tech Today

With old Jupe Pluvius at bat, baseball activities over the week-end were at a standstill. A rain that started Friday and continued intermittently until Sunday afternoon washed out all hopes of playing the Rams of Rhode Island. The game was scheduled for two-thirty Saturday and at game time, the field was a quagmire, so Coach Henry Swasey reluctantly cancelled the fray. Chances of replaying the game seem pretty slim as Rhode Island was returning from a Maine invasion and New Hampshire has completed its southern invasion in which they beat the Rams 5-3.

Buck Jordan was Swasey's hill choice for the encounter and he was raring to go after them again. He limited them to three hits on May 4th and his chances of repeating were good as he certainly had those Rams on the run.

Weather permitting, the Wildcats tackle Lowell Textile this afternoon. Fred Draper or Lefty Tighe will be the probable mound nominees for the day. Textile has not been too successful with their baseball destinies this spring as they absorbed a double defeat at the hands of the Connecticut Nutmeggers Saturday but nevertheless they may spring a surprise and give the locals a good battle.

Saturday the 'Cats run up against a team known as the Harvard Grads. It is the general consensus of opinion that these boys used to be good ball players and they have expired as far as diamond greatness is concerned. This is not true, however, as they have beaten the Crimson nine twice both by large scores. They have on their roster such men as Tom Bilodeau, Artie Johns, and Charlie Devens. Bilodeau and Johns have been prominent in New England semi-pro circles and Devens was up with the Yankees only to retire in favor of a business career after a one year stay in the majors.

Senior Class Party

The Class of 1940 will hold its annual class party on Memorial Day, Thursday, May 30, at Spruce Pond Camp, Allenstown. The Camp offers facilities for swimming and sports. There will be dancing from eight to eleven, inasmuch as twelve-thirty permission has been granted for all girls.

Busses will leave from in front of T Hall promptly at twelve-thirty.

Brad Moore, Chairman,
Class Party.

N. H., Harvard, Indians Tied for First Place

N. H. Places Sixth in N. E. I. C. A. A. A.

The Wildcats did not have the combination for getting up into the money positions in the New England Intercollegiate Track Meet, but several of Paul Sweet's men came through with stellar individual performances to give New Hampshire thirteen points and sixth position among twelve schools.

Only one New Hampshire man came out with a championship mantle, and that was Larry Stewart with a first in the broad jump. Stewart's leap of 22 feet, 11 1/2 inches was almost two inches ahead of his nearest competitor and he won "going away." Stewart's win was not exactly a surprise, for he has been flirting around that distance all season, and was expected to finish either one or two.

Second place winners for the Blue and White were Matt Flaherty, Steve Lampson and the freshman relay team, the latter being a non-scoring event. "Big Matt's" heave of 175 feet, 7 1/2 inches, was well back from Maine's Bennett's record breaking toss, but Matt received some consolation by defeating his old rival, McLaughry of Brown, who failed to place. Matt's "heave" also broke the standing field record which was established by this same McLaughry last year. Steve Lampson's second was a "heartbreaker" because a finger-tip was all that kept him from a tie for first. Steve cleared 12 feet, nine inches—the winner's height—but he just ticked the bar enough on the way down to cause it to waver and fall.

The other two point-getters for the Wildcats were Jack Kirk with a third in the two mile run, and Phil Newman who likewise took a third in the javelin throw. This marked Kirk's first defeat of the year. Jack had a 15 yard lead in the final stretch but was overcome by Holy Cross' Maloney and Bowdoin's Babcock, but finished under the old two mile record, after running the best race of his career.

Professional Grid Coach Speaks to U.N.H. Students

Steve Owen, who for the past ten years has coached the New York Giants professional football team, met with members of the undergraduates here yesterday afternoon.

Owen brought to the Field House with him a collection of National League football moving pictures, and he spoke informally about the professional game, and the players in it.

A graduate of Phillips University of Enid, Oklahoma, Owen is a typical example of the unheard of college player who becomes a professional star. Unnoticed by All-American selectors because his university's enrollment was something under 700, he became one of the National League's outstanding tackles and was named to a number of all-star squads.

Randall, Piretti, Coutts, Costanzo Play Last Game as N.H. Defeats Indians

Playing their last game of the current season, the varsity lacrosse stickmen conquered the Dartmouth Indians 5-4 last Saturday; and in doing so jumped into a three-way tie for the New England League championship. The Wildcats have never finished in the topmost position since their entrance into the league, but they likewise have never finished lower than the third position.

Showing the fighting spirit that has been in evidence all through the season, the New Hampshire team opened strongly, co-captain Coutts scoring the first goal after two minutes of fast play had gone by. Not to be denied, the Big Green came back with a fierce attack that saw them tie up the game at one all. The 'Cats, passing the ball with accuracy that left little to be asked for despite the rain-tightened sticks, worked the ball back into Dartmouth territory and once more it was "Couttsie" that threw a low skidding shot into the Hanover boys' net, setting New Hampshire back in the lead once more.

Dartmouth's classy out-home, Joe Wilder, entered the game at this point, and after displaying some of the stuff that has made him such a standout for the past year, tied up the gall game with a bullet shot by Patsie Improta. Riding along on the crest of Wilder's playing the Big Green scored their third goal of the game, thus holding a 3-2 lead at the end of the first period.

The second period saw both teams playing on even terms for the first five or so minutes, then "Pep" Martin, on a solo rush down the field, scored the third and tying New Hampshire goal. Shortly afterward, Piretti made a goal shot while the Dartmouth goalie was somewhere else—out of the net. This marker put the 'Cats back in the lead once more; this time not to be headed.

With the opening of the second half, the Dougalmen cut down on their shots, being more content to keep possession of the ball and protect their lead. These tactics were successful, for although the 'Cats didn't score during the third period, neither did the Green team.

The fourth period saw the Dartmouth team at its best, but it was not until after Coutts had thrown in the fifth New Hampshire goal that the Hanover team was able to score again. From this point on the ball was kept in the possession of the Blue and White, and at the end of the game, New Hampshire was on the big end of a 5-4 game, and in a three-way tie for first place in the league.

Seniors Last Game

Four senior co-captains, Piretti, Coutts, Carl Randall, and Alfie Costanzo, played their last game for New Hampshire. Coutts, by vintage of his scoring, was the outstanding player on the field Saturday, but he was closely followed by Piretti and Randall who were responsible for many of the scores due to their fine passing.

Patsy Improta, in the nets, played one of his best games of the season for the Blue and White.

Club Presents Last Broadcast of Year

Mike and Dial will present its last broadcast of the year this week as "Life of Esther Wilmot" hits WHEB airwaves. Included in the cast are Marjorie Callahan, Clayton Smith, Amy Rand, Robert Morin, Ralph Livingston, Robert Isenburg, and Charles Craig. Ray Doyle is directing and the script was written by Jeanette Toohill, Edith Rudd, Ralph Carruth and Sidney Dimond. The plot is as follows:

On the eve of Esther Wilmot's wedding her husband-to-be, a sailor, was drowned in a storm. The shock was so great that she was made an invalid and remained in bed for 50 years. Times changed during this period and the old woman found herself in a new environment. One night the elderly old woman who befriended her, and who had begged from door to door to keep the bedridden woman alive, went to seek food and didn't return. The crazed woman crawled from her bed, donned her wedding dress, and in a thrilling last scene goes out into a violent snowstorm when she imagines her lover is outside. The next day she is found frozen to death in the snow with her wedding veil and dress still intact.

Mike and Dial, now an official campus organization, will also present an eight minute script written and directed by John Hall as part of the studio dedication festivities to be heard from the same station tomorrow night from 5 to 6 P.M. The skit includes historical background material of the founding of the university and a satire on a Mike and Dial rehearsal.

The last meeting will be held Thursday at 4:15 P.M. in 14 Murkland. Plans for next year will be discussed and all members are requested to be present.

STOTT LECTURE

(Continued from page 1)

settings. He became a close friend of Andrew Lang and was presented by Lang with one of the very rare manuscripts of the "Passion Play" music. Mr. Stott astonished his audience by reading and transposing numerous themes from the rare music.

SONGFEST

(Continued from page 1)

The groups are encouraged to work for novel effects in dress and in the manner of getting on and off the stage; and modulation (15).

Vic Tyson will announce the various numbers. Each group will sing a fraternity or sorority song and one other song of their own choice. As a grand finale all of the groups will sing Alma Mater and the New Hampshire Hymn together.

The houses participating and their directors are as follows: Theta Chi, Bob Austin; Phi Mu Delta, Dick Hawkins; Lambda Chi Alpha, Dana Sweet; Alpha Tau Omega, Roger Marshall; Tau Kappa Epsilon, Edmund Sheahan; Alpha Chi Omega, Barbara Burns; Theta Upsilon, Louise Edson; Chi Omega, Priscilla Booth; and Phi Mu, Carolyn Gove.

The purpose of the sing is to improve the general singing within the group, and to improve campus singing as a whole. Two cups will be awarded, one to the winning fraternity and the other to the winning sorority. The cups are donated by the Skulls and are rotated from year to year to the winning group. Last year's winners were Alpha Chi Omega for the sororities and Theta Chi for the fraternities.

1941 REVUE

(Continued from page 1)

is going to write it? I will be more than glad to help, or give suggestions to anyone who is interested. In any case, the new show must be ultra-modern in its setting and must be entirely different. Other than that. . . well, 1941 will tell the story."

Professor Bergethon as usual, was very enthusiastic about the whole thing. He said that the music was much better than his fondest hopes, that the costumes and scenery showed a great deal of originality, and that the show's success was a great moral victory for the entire student body.

The Music Council will again sponsor the show next year and if our potential playwrights and songwriters work on scripts and new ballads this summer, while basking on the beach, or going on a moonlight cruise, or dancing under the stars—"we'll have a show that will be the biggest event of the year on campus."

SENIOR CONVO

(Continued from page 1)

walk from Morrill hall to DeMeritt hall, and faculty at James hall. Marching will start at 1:15. It was hoped that all members of the faculty could be invited to participate, but the size of the commencement platform has limited the number.

Feature of the convocation will be the award of a number of prizes to undergraduates, among them the Hood Achievement medal, given to the senior selected by vote of the three upper classes on the basis of character, scholarship, physical qualifications, personal popularity, leadership, and usefulness as a man among men; and the American Legion award, presented by the New Hampshire department to the senior man who has attained highest distinction determined by achievement in military science, athletics and scholarship.

Campus Notes

Outing Club

The Outing Club cabin at Mendum's Pond will be open all day on Thursday, May 30, for the use of Outing Club members. There will be swimming, boating, etc.

Kappa Delta Pi

On May 31, at Commons, Kappa Delta Pi will hold its initiation at six o'clock, followed by a banquet. Dr. Northby will be the dinner speaker, and the Kappa Delta Pi award will be given to the highest ranking senior in the society. Last year this award was given to Paul Dupell, now a teacher in the education department. The new initiates are: Sybil Angelowitz, Marie Donahue, Shirley Evans, Barbara Fenerty, Lurlene Gordon, Clara Hayden, Frances Russell, John Shaw, Walter Sherry, John Shible, William Jones, Jr., Paul Nichols, Ruth Stimson, Walter Dooley, Albert Furman, Bertha Leathers, Verna Moulton.

Smith Hall Tea

The Women Day Students held a tea on Wednesday afternoon, May 22, at Smith Hall. Professor Thomas H. McGrail of the English department

entertained the group with a variety of selections from his collection of records. Among the pieces played were: a recording of Robert Burns' "Tam O'Shanter" made by a native Scot, which was preceded by a recording of bagpipe music to create the proper atmosphere, and Vachel Lindsay's "The Congo," read by the author himself.

Kathleen Beckingham and Phyllis Morang poured. Teresa Foley, the new social chairman, had charge of the tea, and Marie Donahue was the general chairman.

Gilbert and Sullivan

Important meeting of all members of the Gilbert and Sullivan Society is called immediately following the Songfest Tuesday, May 28, on the fourth floor of Ballard Hall.

Signed, Mrs. George White.

Our Faculty

On May 3, there were three hundred ninety-three on the faculty and staff, including the Experiment Station, Extension Service and clerical staff including the Experiment Station three men and one hundred thirty women. There are one hundred ninety-five on the teaching faculty, includ-

ing graduate assistants, one hundred sixty-nine men teachers and twenty-six women.

Student Christian Movement

A program of folk tunes which have been adapted for religious singing was presented this past week by the Student Christian Movement Music Committee. This radio program was the sixth in a series which have been given every Monday afternoon. Yesterday's program concerned SCM aids in the orientation to college life of prospective college freshmen, including Freshman Camp and a spring Orientation conference. Used on the program were such tunes as "Old 124th," from the German Psalter; "Picardy," a French traditional melody; "Lobe Den Herren," from old Germany; "Dundee," from Scotland; "Finlandia," and "Steal Away to Jesus," an American negro spiritual. The different numbers were rendered by a double quartette which included the following students: Beatrice Bishop, Marjorie Redman, Evelyn Handley, Phyllis Corkum, Carolyn Gove, Robert Dyson, Gaylord Davis, and Austin Hardy. In charge were Carolyn Gove and Gaylord Davis.
