

4-H Entry Information

Hinton building:

Superintendent: Eric McCambly (Eric.McCambly@unh.edu)

4-H Exhibits are open to Hillsborough County 4-H Members only.

We want to see your 4-H Spirit! Clubs, groups, families, and independent members will set up displays using the theme: **4-H Outside the Box**

This year the 4-H Exhibit Hall will be centrally focused on the 4-H member experience. Exhibits will not be divided by area or class and judged individually, but instead grouped together to show the whole overall 4-H participant program and judged as a single unit. Exhibits should represent 4-H projects and activities and promote the 4-H program to the public.

It can be full display of items to follow a theme or a poster exhibit using a 3-side display board only to illustrate the message (no display articles, samples or handouts).

Participants can utilize the theme in a variety of ways to create a display that showcases how 4-H has continued during the pandemic (examples: making face masks to donate, Winter Hiking Challenge, 4-H Unplugged Series, robotics sessions via zoom, etc.), or display 'outside' projects that have been explored in the past (examples: maple sugaring, forestry, bicycling, etc.), or 'outside the ordinary' projects that are planned for the future (example: beekeeping). Ideas for the theme are only suggestions and displays are not limited to just those. All exhibits will receive a ribbon and there will be a "Best in Show" exhibit chosen.

Full Display Specifics:

- Table exhibits can be up to 8 feet wide and 4 feet deep.
- Tables will be provided.
- Participants should plan their display and provide their own backdrop. Nothing can be attached to the walls.
- Exhibits can be by Club, Special Group, Family or Individual Member and name should be clearly identified.
- Displays can be setup on Thursday before Fair opens or by special arrangement with building superintendent. Displays are to be taken down on Sunday between 6pm-7:30pm or Monday between 1pm-6pm (or by arrangement with building superintendents).

Judging Criteria:

- Display contains articles exhibiting quality workmanship and are in excellent condition. Exhibit will be judged as a unit; individual items placed in the exhibits will not be judged.
- Exhibit attracts and holds attention, provides visual appeal through layout and design.
- Display makes good use of exhibit space (not sparse or crowded), effective captions & slogans or title, includes the 4-H Emblem.
- Effectiveness of exhibits in telling a 4H story or showing successful accomplishment of 4-H project or activity.
- Original and utilizes the theme: "4-H Outside the Box"

Poster 3-side Display Board specifics and judging criteria:

A 4-H Club, Individual or Leader may design a display to illustrate an educational message, a 4-H project or 4-H story. The exhibit contains posters only to illustrate the message (no display articles, samples or handouts).

Use of a 3 sided free standing exhibit board or any other type of free standing display. Nothing can be attached to the building walls.

Unsportsmanlike conduct.

Class 8: Hopping & Agility - Speed

Awards: A: \$3; B: \$2; C: \$1

This course challenges rabbits and handlers on the speed with which they can complete an agility course. Each rabbit runs the course two times. The referee will direct the handler to set the rabbit down at the start of the course. Initial time starts when handler places rabbit at start mat. The time is stopped when the rabbit has all four feet on the ground after completing the final obstacle or hurdle. The final score is determined by the time it takes to complete the course plus any penalty points accrued during the course. The best final score for the 2 runs is counted. The agility course can contain any of the following elements: hurdles, water feature, tube, obstacles to hop through or over, ramp, or any other appropriate challenge as determined by the superintendent.

Penalties:

*A rabbit knocking over a crossbar on a hurdle will result in a 3 second penalty. Any crossbar knocked off by a handler is not considered a penalty, but in order for the run to count, the rabbit must have cleared the crossbar prior to its falling. The referee will determine if the rabbit and handler need to re-run the course if the crossbars were not cleared.

*The obstacles or hurdles must be completed in the correct order. Not completing obstacles or hurdles in the correct order will result in a 3 second penalty.

* Leaving the course is not a penalty provided the rabbit re-enters the course at the same location that the rabbit left. Carrying your rabbit to this point to re-enter is ok.

* The rabbit must complete the course within 2 minutes. If the rabbit goes over 2 minutes then the rabbit is exempt from that round.

Class 9: Hopping & Agility - High Jump

Awards: A: \$3; B: \$2; C: \$1

This event challenges the rabbit to jump for maximum height. This event is run in rounds. There will be 2 hurdles set up. The first hurdle is a "warm-up" hurdle for the rabbit and no penalties will be incurred if this bar falls. Starting hurdle height is 2 crossbars on the hurdle, 1 additional crossbar will be added at the start of each round to a potential maximum height of 24 inches. Rabbits are required to jump over hurdles without knocking them down. Each rabbit has up to 2 attempts to successfully clear each new height challenge dependent on course and conditions. Final score is calculated based on maximum number of crossbars successfully jumped over minus any penalty points the rabbit incurs. In the case of a tie, penalty points will be added and the rabbit with the fewest number of penalty points will win.

Penalties:

* If a rabbit hits a crossbar, but it does not fall down the it will receive 1 penalty point.

* If it takes 2 rounds (attempts) to successfully clear the hurdle, the rabbit will receive 1 penalty point.

* Failure to complete the course within 90 seconds will result in the rabbit being exempt from that round.
