PRICE: THREE CENTS

Nell Giles Lauds Co-eds Appearance At First Convo

Columnist Uses Campus Girls to Illustrate Correct Grooming

"Now is the most important time in the world for women, because of defense." So spoke Nell Giles, noted author and lecturer, as she addressed the women student body at their first convocation yesterday.

After her introduction, Miss Giles proceeded to turn the meeting into a friendly and informal discussion on the various points of "good grooming." First she discussed girls' looks in general and then she stressed specific points, such as hair-styling, in regard to shape of face and type of personality and picked girls from the audience to emphasize her points. For example, one girl was described as the dreamy, romantic type and another as the "honey-blond" variety.

Beautiful Without and Within

Miss Giles also stated that all beauty is not on the surface and that girls must learn how to be beautiful from within as well as without. The girls of New Hampshire were quite pleased when Miss Giles complimented them as a whole on their appearance.

In closing she told her audience that times are changing and that girls should think first of being a woman and then consider having a "career."

Following the lecture there was a short business meeting at which time it was announced that a "Susan Be Smooth Bureau," sponsored by Nell Giles and the Women's Student Government, is going to be started at the University of New Hampshire. Any girl who has any particular problem about correct dress, make-up, etc., should feel free to consult this Bureau. Present at the meeting were the Dean of Women and members of the Student Government Council.

Victory Symphony to be Featured by Music Hour

The first music hour will be held Monday, October, at 4:30 in the Philip Hale Room in the Library. This will be the second year of the series which were so successful last year. They are scheduled to meet twice a week. The first program will be:

Bach—Toccatto and Fugue in D minor

Tchaikowsky—Overture and March;

Dance of the Flues and Chinese Dance from the "Nutcracker Suite"

Sibelius—Swan of Tuonela

Chabrier—España Rapsodie

Beethoven—Symphony No. 5, 1st movement.

World War Number Two Brings Camouflage to East and West

By John Colocousis

Have you heard all the noise around campus? It seems to be coming from the direction of East and West Halls. Well, personally, I don't blame the boys for exclaiming over that coat of paint just applied to their dorms. The dorms surely look much better now with that clean covering.

Just think, those two buildings were built in 39½ hours. Yes sir, in 1918, those two buildings were built by the carpenter division occupying this area in 39½ working hours. And it has taken the university over fourteen years, according to information received, to decide to give the buildings a coat of paint.

University Buys Dorms

Well, in those days, they were known as Barracks A and Barracks B (A being East and B being West). As barracks they were just large open

Plans Announced By Mike and Dial

Speakers, Movies, Trips Included in Program For First Semester

About thirty members and other interested students were present at the first meeting of Mike and Dial which was held this afternoon. Faculty advisors, Edmund Cortez, Frederick Jackson, and John P. Neville, were also present. Mr. Cortez spoke briefly. Plans for the coming year were explained, and the program was announced. On October 10th, auditions for announcers, actors, and actresses will be held in the studio. There will be five fifteen-minute broadcasts during the first semester, as well as speakers, inspection trips to studios, a Christmas party, and movies.

Friday Club Meetings

The club will meet in the studio each Friday at four in the afternoon. There will be plans for each week, so for this reason, members should attend all meetings. Upon Dr. Northby's approval, Professor Cortez's classroom opposite the studio will become the Mike and Dial workshop. Hereafter, rehearsals, bull sessions, playbacks of recordings, and other club business will have its headquarters there. There is the possibility that all the broad-

Concord Wins Research Contest

Submits Clearest Report In UNH Contest

According to results of the first annual town and city report contest sponsored by the University of New Hampshire's Bureau of Government Research, the city of Concord submitted the best report in the state.

According to population the competitors were divided into 13 classes. Forty-nine cities and towns were entered in the contest. The following were division victors: Randolph, Richmond, Harrisville, Loudon, Andover, Rollinsford, Hopkinton, Hampton, Wolfeboro, Hanover, Lebanon, Rochester and Concord.

The principal qualities looked for and on which the contest was based were attractiveness and clarity. The main purpose the contest was conducted was to aid towards the improvement of city and town reports.

The judges included Dr. Charles J. Rohr, director of Mass. State College's Bureau of Public Administration; James Barlow, city manager of Portland, Maine; and W. A. Dodge, chairman of the Committee on Local Finances and Affairs under the Vermont State Chamber of Commerce.

rooms. They were heated by four or five pipes running the length of the buildings. After the war, the university bought everything built by the army, including the barracks, an addition to Smith Hall, and other additions for the sum of \$34,903. East and West were then used for both freshman and upperclass boys' dorms. In 1926 they were used for freshmen exclusively. Now, as everyone knows East is for freshmen and West for upperclassmen.

Buildings Partitioned

The buildings were partitioned into rooms by wall boards; the first floor had a wood ceiling and the second had a wall board ceiling. But the boys found it too much trouble to walk down the corridor to a friend's room. The simplest solution to this was to

Special Student Train for Bates Game Scheduled for Saturday Noon

American Press and The New Hampshire

By Thomas William Englert

The week from October 1 to October 8 has been set aside as National newspaper week and we of The New Hampshire observe the seven-day holiday with the same jealousy as we regard all real American Democratic institutions. This period has been dedicated to remind the people of this country of the importance of the American newspaper in their daily lives. Being a democratic nation, it is our sworn duty to see that the people of this country are given the facts. The primary step in the ladder of a dictator's success is suppression of the newspaper. America remains solid in a period of our history when it is the manner to think, act and to dream as one man would have you. Sometimes we, the people, forget this great heritage from the American Constitution. Freedom of the press and of assembly are now passwords to Democracy. Lest we forget these blood stained phrases we, the press, all over America, call in you, the people, once a year for a week to help you count your blessings. Blessings they are and rare.

Truth, a farce today in Europe, still remains in America, our strongest soldier for Democracy. We of The New Hampshire shall feed and house this warrior and guard for us all your right to know the truth every time we go to press.

H. Stolworthy Receives CAA Flight Certificate

Howard Stolworthy, assistant professor of mechanical engineering and instructor of ground school in the University of New Hampshire's courses under the Civilian Aeronautics Administration, decided that he would understand his students better if he saw the course from their point of view. He entered flight training on his own, in spite of the fact that he had a very heavy teaching schedule.

This week Examiner Howard Hartman of Nashua awarded him a certificate. His rating was the highest of the year.

Forum Sessions For Newman Club

Due to the unusually large enrollment of members in the Newman Club, the Catholic group on campus, ambitious plans have been formulated for the coming year. For the first time since its inception, the club will hold periodic open forum sessions so that members will have the opportunity to air their views on pertinent questions.

The social program of the Newmanites will include recreation nights every few weeks, which will feature dancing and special entertainment. Formal meetings of the club, at which prominent men will speak, are scheduled to begin soon. Among those who will deliver talks is Patrick J. Moynihan, Commissioner of Finance in Massachusetts.

This week-end a delegation from the local club will travel to Boston to attend a tea for all the clubs of the New England province. This annual affair is held to mark the beginning of the club year. Rev. J. Desmond O'Connor, chaplain of the organization, will head the delegation.

The following have been selected as officers for the coming year: president,

(Continued on page 2)

Blue Key Society Plans Stunt Night

The annual Stunt Night sponsored by the Blue Key Honorary Society will be held this year on November 7. These stunts, provided by the 18 fraternities and sororities on the university campus will take place at the football rally in New Hampshire Hall in preparation for the Tuft's Homecoming game.

Tentative plans are to have an elimination night November 5 in Murkland Auditorium. Faculty members are to be judges and they will choose seven fraternities and three sororities to present the final program. This cuts down the extreme length of the previous stunt nights. Last year Theta Chi's take-off on the "Old Homestead" and Alpha Xi Delta's "rotten pot of propoganda" sent outbursts to high heavens, and cups were awarded to them.

Elissa Landi Now Recognized Writer

Lecturer's Novels Show Interest in People

Although Elissa Landi, who is to deliver the first lecture in this season's series of lectures and concerts in New Hampshire Hall on October 8th, is famous in the medium of stage and screen, few realize that this talented person is also the author of several books. These include: "Last Decade," "Neilson," "The Helmers," "House for Sale," and "The Ancestor." Her latest book, "Women and Peter," will be ready for publication in November.

Miss Landi has had the background necessary to become a successful author. Born in a Venetian Castle, daughter of Count Carl Landi, she has spent the most of her life traveling in Europe and North America. Before she was seven years old she had been in Canada, Turkey, and Asia Minor. During these wanderings, by her close observations and the interest which she displayed in her travelling companions, she learned at first hand the vagaries of human nature. In pullmans, and railroad waiting stations, Miss Landi finds the characters which she interprets both as an actress and a writer.

In her lecture, "The Play's the Thing—or Is It," we see where Miss Landi may combine a lifetime of experiences.

4-H Club Sponsors Square Dance in Remodelled Style

by Marion Phillips

"Swing in the center and six around Everybody shake'er down."

On October 11 the floors of New Hampshire Hall will shake to the rhythm of "The Arkansas Traveler," "The Fisher's Hornpipe," and many other old time tunes. On that date the University 4-H Club will sponsor the first big barn dance of the campus with The Top Hatters of Somersworth, N. H. furnishing the music, and the Rev. Chester Fisk, popular prompter from Hanover, calling out the quadrilles and contries.

During the past few years square dancing has returned to the popular front. Young and old alike have taken to square dancing like ducks take to water. Many colleges throughout the country have given square dancing a popular place in the entertainment circles. "Life" has featured several of these college dances. Last

Portland Alumni Club to Sponsor Radio Broadcast For UNH Songs

For the first time since 1922, Portland, Maine, is to be the scene of an Inter-collegiate football contest. The Wildcats from UNH will be meeting the Bates Bobcats in a benefit game for the U. S. O.; the encounter will be the second of the season for the New Hampshire team which will be out to prove that their 53-6 victory over Lowell Textile was no fluke win; while the Bates boys will be trying to show that the Ducky Pond's team was not quite as bad as the drubbing they took from Amherst intimidated.

Special Train From Durham

A special train will be leaving from Durham at 12:20 P.M. to carry spectators to the game. If there is enough call for it, the train will stop in Dover to pick up passengers wishing to make the trip. Making the trip from Durham will be the fifty-piece University Band, the cheer leaders and the Pep-Cats, as well as a large number of the student body. As we go to press, Wednesday night, there have been approximately 150 tickets sold. They may still be purchased at the Wildcat and after the rally tonight, as well as at the station Saturday noon. There have been a number of inquiries made

(Continued on page 2)

Foreign Submarine Crews Play Soccer in Exeter

The spotlight will be on the athletic field of Phillips Exeter Academy Saturday, October 11, at 2:30 P.M., when two soccer teams made up from members of Free French and British submarine crews will meet in honest combat. These players are stationed at the Portsmouth Navy Yard while their ships are being repaired at Kittery, Maine. Transportation will be made available for a hundred or more enlisted fellow shipmen so that they may attend the game. Band music and refreshments are expected for the foreign visitors before they return to their duties at the Navy Yard.

Sponsors of this unusual and interesting event are three charitable organizations: British War Relief, Exeter Chapter; Free French Relief, Exeter Chapter; and Bundles For Britain, Hampton Chapter. Entire ticket proceeds and contributions will be used for personal equipment for the Free French and British crews.

year on our own campus student-faculty square dances were held and proved to be a favorite.

English Dance Variations

Many of the square dances we know today are variations of English dances which the early pioneers brought to America. In those days everything from a housewarming to a bridge-building was an excuse for the people of the neighborhood to get together and rattle their heels.

Many times, too, an informal junket would be held in someone's kitchen with everything, including the stove, moved out to provide room for the fun-makers. Very often the fiddler for the occasion would sit or stand in the kitchen sink as he wrang from his violin the jigs and quadrilles requested.

Dances Begin at Two

Frequently, these dances would begin at two in the afternoon and last

DURHAM, N. H., OCTOBER 3, 1941

Tomorrow

Following last Saturday's overwhelming victory on the football field enthusiasm and spirit reached a new high on campus. Everyone was talking about the remarkable showing of the team and the prospects for the season. With this in mind the Student Council decided to sponsor a special train to Portland for the USO benefit game with Bates this Saturday.

Response, as we go to press, has been exceedingly poor. Not one student in ten has shown sufficient school spirit and loyalty to make the trip at rates which are within the financial reach of many. Some members of the administration might say: "We told you so" to this situation as they were not completely sold on the idea, but instead the Council has received cooperation from every quarter.

Despite several setbacks the train will be run. There is still time to get aboard the bandwagon as many will want to do at the last minute.

Let's have a large turnout at the rally tonight and on the train tomorrow to follow our great team into foreign territory. At the same time it might be well for those going to Portland to remember that they as well as the team and cheerleaders will be representing the University of New Hampshire and to conduct themselves accordingly.

With plenty of the right kind of cooperation tomorrow should be a highly successful day from all angles. Every student should feel it his duty as well as privilege to have a part in it.

On the Air

As Mike and Dial, campus radio club makes plans for another season it is gratifying to note that the officers and members have revised their proceeding toward more successful accomplishments. Last year it was the old story of quality with quality definitely lacking. Too much was undertaken and surprisingly little accomplished. The attitude seemed to say "We have an hour on the air to fill, let's find something to take up the time."

This season at the advice of experienced students and faculty members, programs will be shorter and less frequent. With this change the quality should be much improved.

Mike and Dial members have an obligation to fulfill. They are not only another campus club but are representing the University to radio listeners all over New England. It might be well for them to keep this tin mind at all times.

Time to Study

Now that the first two hectic weeks of school are over, old acquaintances have been renewed and the football team has started the season in an auspicious manner it might be well to remember why we are spending father's money.

Books! Remember those things we stand in line for hours at the bookstore to buy and then seem to forget? Before very long it will be time for warnings to go out and with them many a tale of woe.

Wouldn't it be easier and much more beneficial to settle down and spend a reasonable amount of time studying before its too late?

The Campus Club meets here from 7 A. M. to 11 P. M. Something doing every minute. Come in, look around and get acquainted. Our Tea Room has been newly decorated so that you may enjoy that between meal snack in a truly "New Hampshire" atmosphere.

The College Pharmacy

Gorman Block Durham

With the Fraternities and Sororities

Alpha Xi Delta: A coffee dance was held after the football game last Saturday with cider and doughnuts for refreshments. Among the graduates who were here for the game were Sally Shaw, "Dusty" DuRie, and Bev Rowell. Mary Peavey, now attending Nashua Business School, visited the house over the weekend. Dot Kimball and Pat Jordan are working on the Granite Staff. Ginny Alden, now teaching at Dover High, has been a recent dinner guest. Carolyn Napier is chairman of the Horse Show this fall. Phyl Deveneau, Dot Jasper, Anne Stevens, Ginny Hill, Ginny Fuller and Judy Austin are Blue Circle members on committees for the Horse Show. Judy Austin and Clara Knight were elected co-song chairmen. Nancy Kinsman was chosen assistant rush chairman, since Polly Sanborn did not return to school. Hope Leslie was elected Stunt Night representative.

Lambda Chi Alpha: Last Friday's "vic" dance proved to be a real opener for the fall dance season. Mr. and Mrs. Thomas acted as chaperons. Monroe Evans has been elected president of the Outing Club. Monroe is making plans for the coming year which will put this organization in the limelight. Mickey Moore '41, past president of the Outing Club, made a visit to the campus Sunday afternoon. Carl Randall '40, was a week-end guest. A letter has been received from Bill Brunel '41, in which he tells of his army life. Bill is stationed at Camp Wheeler, Macon, Georgia. Ace Nutter '40, and Lew Bissell '40, were dinner guests on Wednesday. Ace, working for General Electric in Lynn, Mass., reported on his work helping Uncle Sam in National Defense. Lew, who has been working for the government, is on vacation. Dutchess has returned to the campus, after spending a very enjoyable summer at the Lucy Farm in North Conway. She is active in many extra-curricular activities.

Phi Delta Upsilon: The house has started on a successful season in softball, having beaten Phi Mu Delta 14 to 13 and Kappa Sigma by 8 to 7. Ghosty Hall and Big Ed Carlson are heroes so far with a home run apiece. Brothers Ozzie Wilkins, Charlie Holt, and Myrl Smith celebrated the first week-end of the current season by going home. Ozzie had to go home; he left for Durham in such a hurry a week ago that he forgot half of his equipment. Ty Doran spent the week-end at Winnipausaukee, and although he washed his car in the lake we presume that he had better reasons than that for going. Brothers Ray Wood, Art Fernald, Freddie Carr, Bing Miller, Bob Perkins, Herb Cheeseman, and Frank Openshaw were at the house this last week-end. Brothers Openshaw, Wood, Perkins, and Burt Gay, who was here earlier in the week, are officers in the army. Lady, who graduated last year with Jack Skery, has been replaced by Goofy, the name-it-and-it's-yours pup of our cook, Jim Williams.

Alpha Tau Omega: Bill Matthews and Ernie Tower were elected co-chair-

men of social activities for the house. Southpaw Roger Richardson pitched our softball team to a 14-5 victory over Pi Kappa Alpha. We had our first formal meeting Tuesday night, and voted to invite different professors of the university to eat supper at the house, with a talk or discussion following. Another "vic" dance was decided on for Friday with everybody's backing. The house seems to be sports minded, as the boys decided to participate in every scheduled intramural sport.

Phi Mu: One of our members, Carolyn Gove '42, was awarded this year the Currier Fisher Scholarship of \$75 from the fund for New Hampshire Daughters. Gretchen Pearson plans to spend the coming week-end with us. Gretchen is now president of her class at the Eliot Hospital in Manchester. Daphne Hurlburt, a senior, is living at the Practice House this semester. Janet Pickett '41, is doing social work at the Hartford Retreat in Hartford, Conn. Eleanor Adrian, also '41, is employed in the Sage Allen Department Store.

Theta Upsilon: Another Theta U wedding took place Saturday, August 30, in the Portsmouth Congregational Church when Doris Greenaway became the bride of Leo Gove of Phi Delta Upsilon. Both Mr. and Mrs. Gove are members of the Class of 1942. Our new housemother, Mrs. George A. Miller of Beirut Syria, arrived Wednesday. Mrs. Miller is in this country for the duration of the war while her husband carries on his work as Dean of the School of Medicine in Beirut. Among the alumnae returning last week-end were Mrs. Jack Kirk (Beadie MacDougal) of Fort Devens, Mass., and Doris Gelatt who is now teaching in Shapley, Maine. Barbara Ames has been elected house president; Louise Eastman, duties manager; and Marian Ingebretson, house manager.

Theta Chi: We had the first vic dance of the season last Friday and it was a great success. Many couples attended. Brothers Jack Kirk and his wife, (nee Bedie MacDougal), Al Ferry, Dick Nellson, and Steve Lampson were visitors at the house this week. A vic dance is planned for tonight. We won our first softball game of the season on a forfeit, and beat Sigma Beta Wednesday by an 8 to 7 score. It was a close game all the way.

Sigma Beta: In last Saturday's game Lamond, Ackerman, Mackel, Henry, Bove, and Feeney certainly played a bang-up game. Brother Bill Feeney scored 18 points. Over fifty attended the house dance last Friday night - it was a great success. Alec Kischitz is the new Social Chairman. Norm Flint is at home undergoing an appendectomy. Alumni back over the week-end included Harry Rooth, Dick Smith, Bill Blakey, Trap Nash and wife, Dan Stanton, Russ Hayes, Bob Martin, John Blackwood, Ralph Bayrer, Jack Hess and Paul Staw were house guests on the week-end. Thirty-eight in the house this year, the biggest on campus.

Kappa Sigma: Brothers Sherm Benson, Hal Lanyon, Lionel Farrell, Ev. Lanyon, Bill Downs, and Harry Butterworth, class of '40, were week-end guests at Kappa Sig. Brother Butterworth will be married this coming Friday. Best of luck, Harry. Carl Peterson, graduate of California Institute of Technology, Jim Kenney, Penn. State student and a guest of Henry Lapeza, and Benny Bruno and Gene Journalist, guests of Patsy Improta, were all guests at Kappa Sigma this week-end. Brother Ted Schiavoni has transferred to B. U. Brothers Hal Lanyon, Bill Dickey, Ross Fenno, Hollie Whitmore, and Charlie Costanzo have been accepted into the U. S. air corps. Brothers Gene Nute and Frank Bucci are giving all they have for Uncle Sam's army. Brother Lonnie Morin has been elected Grand Master of Ceremonies of Kappa Sigma. Pledges Bob Peters, Paul Harrison, Fred Scannel, and John McKoan were initiated into the fraternity Tuesday evening. A pledge was extended to Frank Churas. The chapter room as well as

the whole house has been repaired and painted to A-1 condition. Brother Roger Judkins has become engaged to Peggy Miller formerly of Alpha Chi Omega. Brother Judkins also attended the national conclave in Indiana this summer. Hats off to Pledges Steve Flis and Phil MacDonald who played a wonderful game of football against Lowell Textile.

SPECIAL STUDENT

(Continued from page 1)

as to one way tickets. These will have to be purchased at the regular railroad fare at the station. The return trip will be made at 6.00 P.M. and the train will arrive in Durham in plenty of time to permit students to attend the Yacht Club dance.

Radio Broadcast

This evening at the Columbia Hotel, the Portland Alumni Club is to hold its annual banquet. Principal speaker at the dinner will be Head Coach George Sauer of the New Hampshire team. Under the sponsorship of the Portland Club a half hour radio broadcast over the Portland station, WCSH, will feature a mixed quartet of university singers. The program will consist of: The New Hampshire Hymn, Alma Mater, Cheer Boys, and Auld Lang Syne. The quartet will be composed of Louise Edson, soprano, Judith Austin, alto, Eugene Watson, tenor, and Roland Gove, bass.

For the folks of Portland, there will be a special reason for their attending the game. In Deering High School, (Portland) they once had a hard hitting fullback named Capt. Joe Gordon. They watched him for four years and then saw him leave to attend the University of New Hampshire. For four years they have had little chance to see how he worked in college games, but tomorrow they are agani going to see their Captain Joe, this time as he leads the Wildcats against Bates College.

FOLIO CLUB

Folio, campus organization for those interested in contemporary and original writing, will hold the first meeting Monday evening, October 6, at 8 P.M.

Mr. David Jolly, popular official at Hamilton Smith Library, will act as host to Folio this year in the absence of Professor Carroll Towle. Plans for Folio's fall picnic will be announced.

All undergraduates are invited to attend.

H. A. 23

The series of lectures on Stewarding for Hotels will begin Saturday, October 11th, at 11 A.M., in Murkland 208.

Miville Reports For Cross Country

The best news that came out of the varsity cross country practice sessions this week was that Maurice Miville, one of the mainstays on last year's freshman squad, has managed to arrange his work schedule to enable him to practice regularly with the squad. Despite the return of Miville, the squad is still very small, only about 20 men reporting at all regularity.

This year, there is a bigger freshman squad than there was last year. The competition is therefore stiffer; this in turn has brought the boys into better shape than last year's frosh harriers

Intramurals Off To Good Start

The complete list of sport activities of the Internural program for the coming year was released this week by Clayton Smith, manager of the Intramural program.

The following sports are included in this list: Softball, Baseball, Golf, Track, Tennis, Horse Shoes, Archery, Relay, Ping Pong, Bowling, Hockey, and Winter Sports.

Softball is the only sport being participated in now but it is expected that by October 12, the basketball floor will be laid in the Field House thus permitting basketball to get its earliest start in years.

The softball league is meeting with a great deal of success what with 20 teams have entered. These include 13 frats, 5 dorms, a team from the two-year Aggies, and a Commuters team.

The softball schedule for the week of the 6th is:

- Oct. 6—(1) PA-SB (2) PMD-KS (3) HETEL-COMMONS.
- Oct. 7—(1) TC-TKE (2) PDU-TKP (3) EAST-FAIRCHILD.
- Oct. 8—(1) PA-LCA (2) PMD-PA (3) WEST-COMMONS.
- Oct. 9—(1) TC-AGR (2) PDU-2-yr. Agg. (3) HETZEL-COMMUTERS.
- Oct. 10—(1) SB-SAE (2) KS-ATC (3) COMMONS-EAST.

1940	NH	27	Bates	6

Games played 29; Won 12; Lost 13; Tied 4; Total points: UNH 243; Bates 257.

Frosh Begin Long Drills to Prepare For Hard Schedule

Activity in the Freshman Football Camp is at a high pitch now since first-class scrimmages have begun and the fellows are beginning to feel the sensation of snatching passes and tackling oncoming runners. The yearlings have been executing the maneuvers of Bates College during this last week in order to give the Varsity gridsters an opportunity to see what they must encounter at Portland tomorrow.

Coach Rood hasn't named a definite coterie that will be in the starting lineup when the Frosh entangle with the Junior Varsity on October 11 as yet because he hasn't had enough time to witness the candidates in action for a long period of time. At the present time the camp is composed of about fifty determined gridiron enthusiasts who are hopeful of establishing a noteworthy record for the university. Some of the fellows have had high school experience but there are some who have never seen football action of any sort before.

Material Promising

Ken Kenyon and Joe Strumski have been outstanding at the end berths thus far while George Norman and Elwin Lane are two promising tackles. The center situation is unsettled as yet but Kirk Benson, Nick Bograkas, Art Johnson and Robert Morehouse are staging a good fight for the guard spots. The backfield seems to be getting along in good old fashion with Bill Kemp, Norman Henderson, Ernie Raney, Bill Lewko, and Joe Riccardi-done leading the parade of candidates.

The first-year fighters have to contend with a four-game schedule this campaign but the opponents will not be an easy touch. After contesting with the Junior Varsity on the eleventh, the Kittens tussle with Tilton, Bridgton and Exeter before laying down their gridiron equipment for the year of 1941.

Sauer Forces Invade Portland to Battle with Pond men for USO

With Lowell Textile beaten into complete submission, the Wildcats point to Portland and the thirtieth clash with the Bobcats of Bates College tomorrow afternoon at the Portland Stadium. The proceeds of the game are to go to the U.S.O.

Coach Sauer was pleased with the work of the squad last week but movies of the encounter revealed some flaws which had to be corrected before the game tomorrow. The pictures showed sloppy tackling and faulty blocking which must be remedied before taking on many opponents. On the whole the play of the entire squad was commendable.

Bates absorbed a 31-7 from Amherst last Saturday but the Bobcats looked much better than the score indicated. George Fielding, who scouted Bates, reported that Bates possessed a good offensive team, the only weakness being a vulnerable pass defense. Fielding also reported that the Bobcats were hard tacklers. Sauer intends to take to the air and take full advantage of the Pondmen's weakness.

To Start Same Team

Coach Sauer plans to start the same team that answered the opening whistle last Saturday. He is slightly uncertain about the end position and it may be possible that Bill Feeny will get the nod. Bill, as it will be remembered, scored three touchdowns last week. Sauer also had songs of praise for Pete Meneghin. He was shifted from quarterback to full and the change was very successful. His running and blocking was something to see.

Bates Coached by Pond

Bates is coached by Ducky Pond, formerly of Yale. He graduated from that institution in 1925. While head coach at the New Haven school he put out some of the nation's best clubs. Larry Kelley and Clint Frank are of his more famous pupils. They were both All Americans. It is certain that he has a surprise for George Sauer and it will be anything but pleasant.

The probable lineup:

New Hampshire: Mackel, re; Bove, rt; Lamond or Feeny, le; Begin, qb; Hall, lhb; Clark, rhb; Gordon, fb.

Bates: James, le; N. Johnson, lt; Matzilevich, lg; Sturgis, c; Sigsbee, rg; Shea, rt; Marshall, re; Flanagan, qb; Parmenter, lhb; H. Johnson, rhb; Walker, fb.

MASK AND DAGGER

Final tryouts for Mask and Dagger's production of "One Sunday Afternoon" will be held tonight at 7 o'clock in Murkland Auditorium instead of New Hampshire Hall.

Writefine Pencils to match, \$3.75 to \$5

COPYR. 1941, THE PARKER PEN CO.

They all cheer Parker's

SUPER-CHARGED Pen

—a Third More Ink

than average of three well-known sac-type pens— due to revolutionary One-Hand Sacless Filler

The Pen with the smart Arrow Military Clip and the Oil-Smooth, Lubricated Point that won't wear scratchy in a lifetime!

No matter what pen you may happen to be shown first, don't make the mistake of making a purchase until you have seen and *tried* the Parker Vacuumatic—there is nothing else like it.

This is largely due to the Parker Laboratories, staffed by able scientists in physical metallurgy, chemistry, engineering. No other pen-maker we know attempts the research and development that go on daily here.

Today, in the world of science, it is known that Parker achievements mark the march in Pen progress.

Known far and wide as THE JEWELS of PENDOM, Parker Pens and matched Pen and Pencil Sets are the choice of 50 million people.

So remember, don't buy until you try Parker. Parker's Blue Diamond is a Life Guarantee Contract—makes pens so marked cost less than the poorest.

The Parker Pen Co., New York, Chicago, San Francisco. Factories at Janesville, Wisconsin and Toronto, Canada.

1—Parker's 14 K Gold Point is utterly different, finer-textured and much less brittle than ordinary 14 K Gold.

2—It is tipped with oil-smooth Osmiridium, developed under the direction of Dr. Robert Pickus, chief Parker metallurgist, former instructor of metallurgy at Yale University.

3—Parker's One-Hand Sacless Filler—a basically better

principle and the easiest of all to operate—makes room for about a third more ink than the average of three well-known sac-type pens, and substantially more than any one of them.

4—Parker's patented Television barrel lets you SEE when your pen needs refilling.

5—Parker's smart laminated styling—streamlined Pearl and Jet RINGS—as shimmering as velvet—is wholly exclusive.

Co-Recreation for Weekend Relaxing

Week-end co-recreation, sponsored by the Women's Athletic Association will start this Saturday and Sunday. The gymnasium in New Hampshire Hall and the equipment house on Memorial Field will be open from three until five o'clock. Facilities will be available indoors for ping pong, shuffleboard, battleboard tennis, basketball, and badminton, provided players furnish their own birdies. Outside there is equipment for archery, golf, and various other activities. Students are asked not to use the archery equipment unless they have had some experience in shooting. The girl in charge will advise as to what equipment to use. Golfers must furnish their own hard balls.

Men students will not be admitted unless accompanying a woman student. Every one is requested to use the entrance facing Memorial Field, and to wear rubber-soled shoes inside the gym. "Co-rec" will continue throughout the year except on the Saturday afternoon this fall when there are

New UNH Doctor Praises Students

Inaugurates Tuberculin Test for Frosh Students

Dr. Brockway D. Roberts, new university physician, is high in his esteem of the campus here and of the student body as a whole. When interviewed this week, Dr. Roberts declared, "It's a beautiful campus that we have here, and the students that I have come in contact with have been well-mannered, respectable young men and women."

The new physician, who was born in Augusta, Illinois, and who received his training at Chicago University and the Illinois College of Medicine, was for three years, prior to his appointment here, Director of Student Health at Knox College.

The spectacled physician is a tall, well-spoken man. He is living here on campus with his wife and four children, three girls and a boy. Their ages range from two to ten.

Supervised Health Tests

Dr. Roberts supervised the tuberculin and blood tests given to all freshmen during Freshmen Week. This is the first time that such tests have ever been given here. It is his hope that sometime this year these tests will be given to all upperclass students.

When queried on the facilities of Hood House, he replied, "I believe it is a very well equipped and maintained college infirmary. Of that we should all be proud."

home football games.

The gym and archery range will be available for co-recreation on any afternoon from four until five o'clock.

Both Glee Clubs Off to Fast Start

The Girls' Glee Club held its first rehearsal of the season last Wednesday with 110 girls present. The organization will present a concert in November in conjunction with the Men's Glee Club and will give the Messiah at Christmas.

The Men's Glee Club assembled on Monday and Wednesday. About 40 men attended the practice sessions with Professor Bjornar Bergethon conducting.

The A Cappella Choir has already started preparation for what is hoped to be its most active season. Great improvement has been shown over last season and plans are being made for a New England tour.

CO-OP NOTES

Mr. and Mrs. Fran P. Morrison were dinner guests on Monday evening. . . . At a recent business meeting the following new officers were elected: Donald Richner, assistant general manager; Charles Oberg, labor manager; and Jean Davis, secretary. . . . All of the members are glad to have Miss Olga Conon, instructor in economics, as chaperone again this year.

HEELERS' MEETING

Monday night there will be an important meeting for all those interested in heeling for Blue Circle. It will be held in Ballard 103 at 6:45. Committee work for the Horse Show will be discussed at this time.

LOST—Shakespeare Textbook in DeMeritt Hall. If found, please return to Ann Taylor, Alpha Chi Omega.

Rally Tonight!

Tonight at 7:30 there will be a rally to get hep for the New Hampshire-Bates football game at Portland. The band and its high steppers will congregate in front of Hetzel to march up to New Hampshire Hall. Don't forget the conga cheer. After the rally there may be a dance with Bernie Ekman's orchestra providing the music.

SQUARE DANCE

(Continued from page 1)

until - as one old timer put it, "morning pried up the sun with a crowbar".

As America pushed west the square dances of New England were modernized as we today jig-up some of them. Our great grand-dad would have a hard time recognizing the Portland Fancy we do as a jiggged-up version of the dance he knew as a boy.

It is indeed a far step from the dance halls of our grand-dads to the dance halls of our modern colleges and, yes, to the dance hall of the White House, but the square dances remain fundamentally the same, and old and young gather to swing and sway to the old rhythms.

MILVILLE REPORTS

(Continued from page 3)

exhibited at this time of the season. This year's younger hill and dalers also have more experienced runners, men who ran distances in high and prep schools. All of this adds up to a fair outlook for the frosh squad, which, at present, numbers approximately 50 men.

First Varsity Meet With Maine

Coach Paul Sweet stresses the fact that men can come out for either varsity or freshman cross country at any time and that there is no time like the present. So fellers, how about it? All you have to do is ask Charlie Schoonmaker for equipment and you're in.

The first varsity meet is on enemy territory with the University of Maine October 11, and the frosh get their first competition when Concord High School visits Durham, October 10.

Word also comes from Coach Sweet that big Ed Styrna is working out faithfully in preparation for the National Amateur Athletic Union Pentathlon which takes place in Elizabeth, N. J., October 19.

Campus Notes

REGISTRAR'S NOTICE

Will all students who have changed their Durham address since the pre-registration period please report their present addresses to the Registrar's office in order that they may be correctly listed in the directory.

E. B. SACKETT,
Registrar.

PAN-HELL TEA

In the alumni room of New Hampshire Hall, a tea will be given by Pan-Hellenic on Thursday, October 12, from 3.30 to 5.00. This meeting is mainly to acquaint the freshman women commuters and transfers with the upper class sorority girls.

MIKE AND DIAL

(Continued from page 1)

casts of the club will be recorded this year.

In the future, all student broadcasting will be under the jurisdiction of Mike and Dial. This means that the club will serve as a "clearing house" for all organizations desiring time on the air. For the benefit of such clubs, procedure is as follows: contact any Mike and Dial officer regarding time on the air. The officers, Sid Diamond, Program Director, Arthur Barrett, Technical Director, and Alice Moran, Business Manager, will assist the organization in every way—assigning club members, if desired, to writing a script, handling sound effects, or announcing. The proposed program will then be submitted to the director of radio, John Neville, for approval.

Training Important

In an interview this afternoon, Program Director Sid Diamond, said, "The main purpose of Mike and Dial this year will be teaching and training instead of actual mike work. In other words, those joining the club should do so because of a genuine desire to learn about the ins and outs of radio."

Of special interest to the students should be the Mike and Dial exhibition in the outdoor bulletin board in front of "T" Hall. This exhibit was arranged by Jeannette Toohill and Betty Jo Weaver.

WORLD WAR

(Continued from page 1)

cut holes in the walls. These were usually cut in the back of the closets. At the present time these have been covered up. But one can never tell what is going on over there. They still have now, as they had then, a reputation for being the most unusual dorms on campus.

Since then the university added to East and made a third floor. At the present time the capacity of East is 133 boys and of West is 78 boys. They are two of the least expensive dorms, if not the least, in New England. Just think how many students were able to get a college education because of them.

(And just think, all this story came about because of a coat of paint. Oh, well.)

FLYING CLUB

The Flying Club is holding its first meeting of the year on Wednesday, October 8, at 7:30 in DeMeritt 103. All students interested in flying are invited to attend.

Bob Walker, President.

Demands of National Defense Affect University Enrollment

By Philip Whitney

United States federal policies which arose from the battle for Europe had not, until a year ago, affected the University of New Hampshire to any great extent. Colleges went on much in the self sufficient manner that characterized the era just ended.

There has been a double change in life on the campus. First, there is an indefinite, and thinly spread spirit which is a reflection of national life. This is important because it shows our growth into an integral part of the working organization which is America. This spirit manifests itself in serious concern and sacrifice.

Effects of Defense

Then there are the effects of defense industry, the various services and their outcroppings. There is about thirty per cent of the band missing this year. Other organizations have proportional losses. Enrollment has dropped 2

per cent or 97 students, but the freshman class is the largest in history. Therefore the missing are from the upper classes. This means they have either found defense jobs or have joined the service or been drafted. A study of proportions shows that the former is the primary reason for the enrollment drop.

Officers Increased

While the enrollment for the officers training course is limited, the number of applications far exceed that of other years. All of the seniors of last year's class remain at active reserve duty excepting two who have joined the marines. The aeronautics course is the product of the last two years and has gained a great deal of interest. Courses have also been extended to non-college students in many of the mechanic arts, to aid in the lack of junior machinists.

*Lend me
a Minute
and I'll give you back 15 seconds*

Says PAUL DOUGLAS,
well-known radio announcer

Somebody whistles a few bars of a catchy tune.
Others pick it up.
Soon the whole country's whistling it. *It's a hit.*

Somebody lights up a cigarette.
Likes it. Passes the word along.
Soon the whole country's smoking it.
It's a hit. IT'S CHESTERFIELD.

The big thing that's pushing Chesterfield ahead
Is the approval of smokers like yourself.
*Chesterfields are definitely Milder,
Cooler-Smoking and Better-Tasting.
They're made of the world's best cigarette tobaccos
Blended just right to give you more smoking pleasure.*

But even these facts wouldn't count
If smokers didn't just naturally like them.
Once a smoker finds out from Chesterfield
What real smoking pleasure is, nothing else will do.
*Yes, fellow smokers, IT'S YOUR APPROVAL
THAT'S PUSHING CHESTERFIELD AHEAD.*

Everywhere you go *They Satisfy*
