COVER LETTER & RESUME

COVER LETTER

A cover letter emphasizes your interest in a specific opportunity while your resume provides the who, what, when, and where. Your cover letter provides the why, showcasing how your background matches the needs of the organization. Professional cover letters are not long; generally three paragraphs is the recommended length. For the purposes of *4-H Marketing YOU*, the cover letter can be slightly longer to incorporate a little bit about your 4-H story. The *4-H Marketing YOU* cover letter should be no longer than 1 ½ pages.

Create individual cover letters for specific award opportunities. Do not use generic templates. The cover letter is the place to use examples of life experiences that highlight why you are a great fit for the award experience. Keep in mind personal information can help you stand out, but you do not want to tell someone your entire life story. *Sample cover letters:* www.unh.edu/career/sample-cover-letters

Presentation

- Use simple, direct language and correct grammar
- Letters should be flawless - no typos or spelling errors
- Do not rely on your computer software to proofread, as word substitutions can occur
- Single-space and use business letter format (add your heading, the date, who it's going to, etc.)
- If printed, use high-quality, white or off-white paper that matches your resume paper
- Online/email submission, save and send as a PDF

Cover Letter Outline

First Paragraph

- State why you are contacting the organization
- Indicate the opportunity you are applying for and how you learned of it
- Include a brief sentence that describes your area of interest

Middle Paragraph

- Describe how your experience, personal skills and goals make you a good match for the opportunity
- Be specific, offering proof of your experiences and clearly describe how you will share what you learn at the national event with NH 4-H'ers when you return
- Outline one or two specific examples of how your skills and experiences will be used to positively represent NH at this national event
- Show genuine enthusiasm and knowledge to set you apart from other applicants

Final Paragraph

- Thank the reader for considering your application
- Say what you'll be doing to follow up on your letter

RESUME

Your resume is a targeted marketing tool that highlights your skills, education, experience, and accomplishments for a particular award, position, or organization. *Resume templates:*

www.unh.edu/career/resume-template

What you need to know

- In the professional world, employers take around 20 seconds to review a resume; 4-H reviewers will be more thorough, but you should make the most of their time
- Bullet your descriptions to include accomplishments and skills
- Show leadership and initiative, not just participation when possible
- Tailor the experiences and skills for each specific opportunity you are applying for – a one size fits all resume will be recognized for what it is

Presentation

- Have both a Word (.doc) and a PDF version of your resume available, and follow the instructions on which format is preferred
- When printing your resume, use high quality white or off-white paper
- Your *4-H Marketing YOU* resume should be no more than two pages (one sheet, double sided)
- Proofread to confirm formatting is consistent and verb tenses match the experience
 - Ex. Current experience: use present tense (organize, correspond, etc.)
 - Previous experience: use past tense (organized, corresponded, etc.)

Resume - Structure

Professional identifying information

- Name, address, phone number, and email

Education

- Name of school, city, state, anticipated month and year of graduation
- Include applicable honors, awards, special projects and relevant coursework
- Include your GPA if it is above average or better (3.0 or higher)

Experience

- Place experiences most relevant to your application under a heading such as “Related Experience”

- Unrelated experiences, such as summer jobs, can appear under a heading like “Additional Experience”
- List in reverse chronological order (with the most recent experience first)
- Other headings to consider include: 4-H Experience, Leadership, Technical Skills, Licenses and Certifications, Languages (only if advanced/fluent), Community Service, Memberships

- Remove all personal pronouns (no “I” or “my”)

INTERVIEW SKILLS

In-Person & Virtual Interviews

Your interview is an opportunity to demonstrate you have the skills, experience, knowledge, and qualities to represent New Hampshire 4-H at the national level. It is an opportunity to explain how your participation will help the organization and what your motivation is for applying for this award.

An important component of attending the National 4-H Agri-Science Summit is working together as a team to identify a need that as a group develop an action plan on how to address that need and as a team you will carry out that plan. To best prepare you to work as team towards creating this action plan you will start working towards creating that plan before you even leave for the summit during you group interview/presentation! **To do this please come to the group interview/presentation prepared to share with the group the following:**

- A need you have noticed, researched, or heard about being present either in a local community, New Hampshire or the northeast related to agriculture somehow.
 - Some examples could include food deserts, pollinator habitat destruction, water pollution, urban sprawl, etc.
- Be prepared to share 3-5 key points/facts about that need
- What is it about that need that interests you?

The interviewer wants to know:

- Why do you want to attend this experience?
- Why you would be a good choice?
- How will your attendance at this event benefit 4-H'ers in New Hampshire?

How to Prepare for your Interview:

Evaluate

- Are your education, skills, and experiences a good match for this event?
- Identify your top 3 skills for this opportunity (What are your strengths? What makes you different from other applicants?)
- Identify 3 different scenarios that demonstrate those skills (a 4-H or school project, 4-H Club activity, volunteering, etc.)

Research

- Check the event's website (What are the goals of the event? Are they transferrable to the NH 4-H program?)
- Talk to others who have experienced this opportunity in previous years

Practice

- Practice answering questions on your own, out loud
- Ask a 4-H staff member/volunteer, family member, or friend to perform a practice interview with you. Be sure to choose someone who will take on the interviewer role in a serious fashion

Your appearance is important because it is the interviewer's first impression of you.

- Be professional, neat, clean, and well-groomed
- Dressing professionally allows you to switch into that mindset, rather than lounge mode with your sweatpants

- Being overdressed is better than being underdressed
- Clothes should be clean and wrinkle-free
- Test-drive your outfit to ensure you are comfortable walking, sitting, standing
- Review materials to see if a dress code has been established for the interview
- Review *What to Wear for Interviews*: www.unh.edu/career/what-wear

During the Interview:

- Arrive 5-10 minutes early, have extra copies of your printed materials with you.
- Make a good first impression:
 - Turn off your cell phone
 - Smile, offer a firm handshake, make eye contact and introduce yourself using your first and last name
 - Establish yourself immediately as prepared and confident
- Keep answers brief and to the point — If in doubt, you can always ask, “Does that fully answer your question?”
- If you lack experience in an area the interviewer asks about, say so, but go on to describe similar experiences or examples indicating your willingness and ability to learn new things
- Present a positive attitude during the interview. Avoid saying anything negative about individuals or organizations.
- Your interviewer may ask if you have any final questions or comments — Take that opportunity to ask thoughtful questions or make a final, compelling personal sales pitch. Express confidence in your ability to represent NH in a positive way, and excitement regarding this opportunity to represent the NH 4-H program.
- At the close of the interview, thank the interviewers, offer another firm handshake, and ask about the next step in the process
- Above all: show interest, be pleasant and enthusiastic

After the Interview:

- Always send a thank-you note or email within 24 hours.
- Keep your note short, thank them for their time, express interest in the opportunity and be sure to proofread!
- *Thank you notes and References*: www.unh.edu/career/thank-you-notes-references

- Have a copy your resume on hand
- Have two pens (in case one stops working) and paper in case you need to write something down
- Keep a glass of water nearby in case you need it

- Make sure it is a quiet space where you will not be interrupted
- If you are in a shared space, make sure to let others know, so you will not be interrupted

Speech

- Speak slowly and clearly making sure you are within appropriate distance from your microphone
- Be aware of saying um, uh, etc., as it will be amplified in these settings

Technology Capacity

- Find out in advance what software program the interviewer prefers (UNH uses [zoom](#))
- Make sure to download the correct program and practice logging in
- Test your video by practicing with a friend
- Check your volume settings for both your microphone and speakers

During the Interview

- Look directly at the camera, rather than the screen - it will look more like eye contact rather than staring off in space
- Try not to move around too much, this will show much more on the screen than in person
- Make sure to have good posture and look relaxed
- Don't forget to smile and stay present
- Your interviewer may ask if you have any final questions or comments — Take that opportunity to ask thoughtful questions or make a final, compelling personal sales pitch. Express confidence in your ability to represent NH in a positive way, and excitement regarding this opportunity to represent the NH 4-H program.

After the Interview:

- Always send a thank-you note or email within 24 hours
- Keep it short, thank them for their time, express interest in the position and company, and make or a remake a key point(s)
