

# The New Hampshire

## Reserves Committee on Campus for Conference

Opportunities Available In Army, Navy, Marine Corps Explained

On Thursday, October 15, there was on campus a joint committee consisting of representatives from the Army Enlisted Reserve, the Army Air Corps Reserve, V-5, V-7, and the Maine Corps.

All male students here at the university who have not as yet been definitely enlisted in any reserve branch of the various services were requested to be in attendance.

The meeting, held at 8:00 p.m. in New Hampshire Hall, was open to all those who had already enlisted with the idea in mind that the explanations offered by the service men would be of value to them.

### Private Interviews

All day Friday and Saturday morning will be used for private interviews, with the emphasis being placed on those opportunities available to the individual case. These meetings and interviews are being held, not with the idea of promoting enlistments, but simply to explain to the students the different reserves that are open to them.

Arrangements have been made with the War Department so that actual enlistments may be made here on campus. Dr. Roberts of the university Hood House staff is a contract physician for the army and is qualified to give the necessary physical exam; while Lt. Col. Cawthorne of the Military Department has been authorized to administer the oath.

### 110 T Hall for Information

Any student wishing either to enlist or to find out any information on the different branches is urged to contact the Armed Services Representative in room 110, Thompson Hall.

## Day Nursery Projects Shown in Demeritt

A recent competition in interior design and decoration of a community day nursery was entered by students from fifteen schools and colleges in eleven different states. The winning drawings selected by the Jury of Award will be on display in the corridor of Demeritt Hall from October 17 - 29.

In general, most of the drawings showed a creditable effort, freshness and modern feeling commented on by the jury. A good knowledge of the use of materials overshadowed any lack of shades and originality.

Miss Dorsey of the New York School of Interior Decorating obtained the first prize and was complimented by the jury in her admirable handling of color and novelty in her conception. The second prize design of Mr. Thiele, also of the New York School, merited excellent handling of interior workmanship. Miss Templeton's drawing displays interesting use of space and play areas for a typical child's nursery. The jury felt that each artist's conception is the kind that any child would love.

These drawings were first shown at the Chicago Art Institute during its eleventh Annual Conference.

## "I've Been Working on the Railroad", UNH Theme Song Now

by Joe Powers

Backs were tired and stiff, hands were caloused and blistered, faces were wind burned and grimy when 118 university undergrads climbed down from a special train at the Durham station Sunday evening.

In an effort to utilize the partially idle, yet ample, manpower here at the university, the Boston and Maine Railroad has sent out an appeal for all those who wish to work on Sundays to report at 6:45 A.M. Sunday morning at the Durham station.

Last week, representatives from the railroad were here on campus and signed up one hundred and twenty-five undergraduates, one hundred and eighteen of which showed up for work last Sunday.

### Work in Lawrence

Boarding a special train at seven o'clock, the New Hampshire crew traveled to the railroad yards in South Lawrence. There they were outfitted—with pick and shovel and told to

## Members of UNH Staff and Faculty Recent Departures

Leave Campus to Enter Military Service and Take Other Positions

The following members of the university faculty and staffs have left Durham to enter military service or take other positions:

Perley F. Ayer, '22, Field Assistant and Specialist in Rural Organization and Recreation, Extension Service, has gone to Pleasant Hill Academy, Pleasant Hill, Tenn.; H. G. Creelius, Instructor in Bacteriology, is now a 1st Lieutenant in the Sanitary Corps at Ft. Devens; Charles O. Dawson, formerly assistant Professor of Civil Engineering, is a reserve officer in military training; William R. Eadie, '32, Assistant Professor of Zoology, has gone to Cornell University; and Lashley G. Harvey, Assistant Professor of Government, is training in the Personnel Division of the U. S. Navy in Chicago.

### Other Departures

Others who have left are: David Jolly, Librarian, has taken a position as Librarian and Professor of Library Science at Hampton Institute, Va.; John T. Kangas, Editorial Assistant in the Agricultural Experiment Station and General Extension Service has gone to Cornell University; Robert C. Kennedy, Graduate Assistant in Applied Farming, has entered the military service; and Ruth E. Pullen, Home Demonstration Agent in Carroll County, is training with the WAAC officers at Des Moines, Iowa.

Among those who entered military service are: Paul S. Schoedinger, Assistant Professor of English; Robert B. Sears, Assistant in charge of the Plant and Animal Sciences Library; George Stenzel '38, Assistant Carroll County Agent in Forestry; C. Loyal W. Swanson, Instructor in Agronomy and Soil Survey Assistant, Agricultural Experiment Station; and Charles W. Tritt, Graduate Assistant in Music.

## Recruiting Officers From C. S. Coming

Recruiting officers from the U.S. Civil Service Commission, Washington, D. C., will be on this campus October 22 to interview interested men and women for employment with the federal government. Senior students who would like to consider positions as junior engineers, junior physicists, junior geologists, junior meteorologists, junior metallurgists, and junior architects should report to the Bureau of Appointments. All senior men of the enlisted army reserve should register also in order that the bureau will have a record of their qualifications for post war employment.

## Blue Key Stunt Nite And Mayoralty Campaign Combined

Mayor to Rule Durham For Homecoming Day Candidates Limited

Stunt Night, run by Blue Key, senior men's honorary society, and held in conjunction with the Homecoming celebration, will take place on Friday evening, October 23, in New Hampshire Hall.

Tryouts for Stunt Night will be held on October 21 and 22 from 7:00 until 11:00 at NH Hall. All sororities, fraternities, and dormitories are invited to try out.

This year the Mayoralty campaign will be carried on at the same time. The various candidates will present their platforms between the several finalist stunts. Because of the shortage of time, it has been necessary to combine these two events, which in previous years have occupied separate dates on the college calendar.

Members of Student Council will give each student a ballot as he enters the hall. This he will fill out after the campaigns are completed and hand in as he leaves.

The number of candidates for Mayor of Durham has had to be limited to either three or four, in order to get everything done in one evening. Therefore, anyone who wishes to run is urged to see Bill Keough immediately.

### DAD'S DAY

Dad's Day, originally scheduled for next Saturday, October 17, will not be held until Nov. 14. Such an early date is not desirable because there is insufficient time in which to make arrangements which would include the sending out of invitations. Announcement will be made when plans are completed. This will be held on the day of the last football game of the season against Northeastern.

## Commons Dorm Elect Valonen President

Men of the Commons Dormitory held their first meeting of the year and elected the following officers:

President, Rudy Valonen  
Vice-president, Bill Hastop  
Secretary, John Mallen  
Treasurer, Harold Hoch

Dormitory plans for the year were discussed and it was decided to expand the regular program of dances and parties since students will undoubtedly spend more time on and around campus this year than ever before. Lack of vacations and long week-ends, together with the lack of transportation will mean more on-campus activity.

Socrates Koutsotaseos was elected social chairman with a committee consisting of Foster Ball, John Demeritt and Tony Dwyer.

## Official Calendar October

- 17—Football Game—Springfield 2:00 P.M.  
Informal Dance—NH Hall
- 19—Freshman Reception—NH Hall
- 20—Tea for Women—President's House, 3:30-5:00 P.M.
- 21—Women's Convocation—Murkland Hall
- 22—Yacht Club—Trophy Room Commons
- 23—Stunt Night—(Blue Key) NH Hall
- 24—Informal Dance—NH Hall 8:00-11:30 P.M.
- 26—Reception—Community Church, 7:00 P.M.
- 28—Lecture—NH Hall, 8:00-10:30 P.M.
- 29—Yacht Club—Trophy Room Commons
- 31—Football Game—Norwich Northfield, 2:00 P.M.  
Mortar Board Dance—NH Hall, 8:00-11:30 P.M.

## Frosh Defeat Sophomores In University Day Program

## Dr. Engelhardt Speaks At First Convocation

## Military Department Personnel Changes

During the past summer the Military Science Department has had a number of promotions, gains and losses.

These include Captain Lehman C. Hutchins' departure for the Harbor Defences of Portsmouth, Camp Langdon, N. H. Taking his place is Captain M. J. Chase, who graduated from the university in '32. He came here from Camp Langdon. Another loss is that of Sgt. Joseph A. Casey, who has been appointed a second lieutenant. He is now going to school in Fort Oglethorpe, Georgia.

Sgt. Philip J. Whelan has joined the department from the Manchester Recruiting and Induction Headquarters.

Promotions include those of Captain Clarence W. Metcalf from first lieutenant; Major Henry Hunt from captain; and Major George W. Gage from captain.

## Freshman Tea on Tuesday, Oct. 20

On next Tuesday afternoon, October 20, from 3:30 until 5:00 o'clock the annual Freshman Women's Tea will be held at the home of President and Mrs. Engelhardt.

This tea is one of the important customary annual events and gives the new girls an opportunity to know Mrs. Engelhardt and to become better acquainted with Dean Ruth Woodruff, the Mortar Board members, and other upperclassmen who will be present.

Some of the Big Sisters will help the Mortar Board with the ushering and passing, and Mortar Board advisors and alumnae who are in or near Durham will be present.

In spite of the fact that the word 'tea' is used, cider and doughnuts will be served.

## Tryouts for First Play Next Week

Professor William Hennessy, director of Mask and Dagger, has announced that "Ladies in Retirement" has been selected as the first production of that organization for the coming year. December 9, 10 and 11 have been chosen as the times of presentation of this vehicle.

Tryouts, which will be open to the members of the three upper classes, will be held in Murkland Auditorium at 7:30 on the following days.

Wednesday, Oct. 21—Seniors

Thursday, Oct. 22—Juniors

Friday, Oct. 23—Sophomores

Copies of the play are on reserve in the library and may be seen at any time.

### NEWMAN CLUB

There will be a meeting of the Newman Club on Sunday evening, October 18, at 7:30 o'clock at N. H. Hall. A guest speaker will be present.

## RALLY TONIGHT

A monstrous pre-game rally will be held Friday night in NH Hall, sponsored by Skull, men's senior honorary society. Activities will begin with a gathering of the student body in front of the Commons promptly at seven o'clock. All freshmen will be required to assemble there and march behind the band to NH Hall. Here they will be addressed by Coach Justice and other members of the staff, who will give their personal predictions for the coming game. Similar comments will be given by the veteran lettermen of the squad.

The program will also include singing of the university songs under the direction of Mr. Berge-thon.

## Sophs Score in Push Ball And Tug of War; Cannot Overcome Lead of Frosh

By Dick Peckham

Filled with the same spirit and enthusiasm that has characterized its short stay on campus, the class of '46 came from behind to defeat the sophomores in the annual University Day activities held yesterday at Lewis Fields by a score of 5½ to 4½.

More than fifteen hundred spectators from the different classes alternately cheered, jeered, and laughed as the participants in the many colorful events went through their paces.

### Sophs Get Early Lead

The sophs assumed an early lead by winning the women's cage ball contest by a score of 6-4, and easily capturing the relay race for men in the time of three minutes, thirty-eight seconds.

Next event on the program was the hilarious women's suitcase race, which provided the opportunity for the stands to pick up the refrain of the currently popular song which includes the phrase "take it off". After a great deal of difficulty the frosh girls came through with the first victory for '46.

The men's centepede race saw the rollicking rhythm of the yearlings easily overshadow the clumsy attempts of the sophs, and score an easy win to tie the count. From here on the frosh took command and were never headed, as they quickly captured in succession the women's basketball contest in 1 minute and 39 seconds, the men's wheelbarrow race in 28 seconds and the women's obstacle race.

### Pushball Won by '45

One of the highlights of the program, the men's pushball event, was next in order. Twenty-five huskies from each class pushed, tugged, and fought in an attempt to advance the seven foot ball over its opponent's goal. The sophs scored the only tally in about four minutes to win 1 to 0. Over the new obstacle course, the men fought it out in a series of eliminations to finally end in a tie. This event was scored on the 4-3-2-1 scale, the sophs capturing first and fourth, with the frosh finishing second and third. Both these last two contests were broadcast over Station WHEB through the cooperation of Mike and Dial. Clayt Smith did the announcing and description.

### Tug-of-War Climax

Final event of the day was the traditional tug-of-war. With fifteen men from each class on a side, and the prospects of a mud bath imminent, the teams see-sawed back and forth for twelve minutes before the hapless freshmen were finally dragged through the artificial brook. Epitomizing the spirit of the class of '46, one lad, although nearly exhausted, refused to quit until he was pulled through the brook with the rest of his weary classmates.

Following the program at Lewis Fields more than three hundred freshmen assembled in front of New Hampshire Hall and tramped to a field beyond the Horticultural Farms to enjoy an outing sponsored by the Outing Club. Refreshments of hot dogs, cider, and doughnuts were supplied by Blue Circle, governing body of the club. Community singing, led by Dave Sleeper and Judy Austin, was enjoyed by the picnickers around a campfire. The broke up and returned to town about 7:30 p.m. Dean Ruth Woodruff and Mr. and Mrs. Ray Keesey were chaperones of the affair.

## Scholarships and Prizes Awarded at This Time To Outstanding Students

"We should be humbly grateful to be here." These few, simple words were spoken by President Fred Engelhardt at the opening convocation of the 1942-43 academic year, which was held at the Field House at Lewis Stadium. This is the first time that the unusually large student body has been assembled under one roof and as the president addressed the group he expressed his pleasure of seeing such a large enrollment at New Hampshire at this particular time.

He said that over 1500 applied for admission to the university this fall but that only 730 were permitted to enter, which is still about 150 more than usual. President Engelhardt stated that he was proud of the admirable attitude which has been shown to the freshmen this year. It is the first time in many years that the entering class has not been distinguishable by freshman hats, bows or otherwise.

### Many Problems to Meet

Then he went on to say that this will be a tough year at school—there will be lots of problems to meet and many shortages to face. He urged that the students be especially careful and try to save heat and light and also be a "good Yankee" and spend money thriftily. The university is running on a defense program which is set up by the state committee and there are many important rules and regulations which every student must know and obey in order to make them a success. President Engelhardt stressed considerably the fact that with this new accelerated program students should (continued on page 4)

## Course in Audio-Visual Aids Added

Beginning Monday, October 19, a new course, the Preparation and Projection of Audio-Visual Aids (Education 963), will be offered by Donald W. Smith of the Visual Service.

This course is of a definitely vital nature since there is an increasing demand in industry, the Army and Navy for individuals trained in the distribution and use of educational and propaganda films and in the care and operation of visual education projectors. In the Signal Corps there is a particularly great need for men who have a knowledge of this subject.

Included in the course will be principles and objectives underlying the use of all types of visual aids—field trips, museums, objects, specimens, models, still and motion pictures. Practice will be given also in the operation of opaque projectors, color slide projectors, silent and motion picture projectors.

Consisting of one class and one lab, the first meeting will be Monday at 4:00 p.m. in room 14, Murkland Hall. Two credits will be given for one semester's work. Anyone who is interested in taking this course should see Dr. Howard Jones immediately.

## New War Program and Reserves Explained Thursday Evening

### Profs Stress Value of Defense Courses at Recent Meeting of Upperclasses

On Sunday evening all sophomores, juniors, and seniors met at New Hampshire Hall to obtain further information about the new war programs which have been added to the curriculum and also to learn just what the chances are of finishing school before Uncle Sam calls.

Dr. Sackett opened with a brief talk in which he pointed out that it was time New Hampshire achieved some favorable results from the war training

work instead of just sitting back and talking about it.

### Reserves Chances Good

Dr. Thut, the next speaker, addressed his words primarily to the men in the audience, explaining that the chances of getting in one of the various reserve corps are twice as good as they were this time last year. However, the chances of freshmen men completing their education seemed rather doubtful at this point, especially if the draft age should be lowered. Probably the most important point of his talk was that the men should enroll in the courses which will be of value to them (continued on page 2)

## War Service News

With this issue *The New Hampshire* is inaugurating the first in a weekly series of questions and answers concerning the War and the War Effort and how it affects students here at the university.

All questions are to originate from the students and all answers will be given by Dr. Thut, the Armed Services Representative here on campus.

All questions are to be addressed to *The New Hampshire*, Box 519, Thompson Hall.

**Question:** May a sophomore who is in the Army Enlisted Reserve Corps apply for advanced course ROTC with the hopes of taking this during his junior and senior years?

**Answer:** Yes, all students who are selected for advanced course ROTC must be members of the Enlisted Reserve Corps or the Air Corps Reserve. Students who are not members of either of these reserves must enlist before they will be accepted.

**Question:** All men who are in the enlisted reserve are privates; if they have had two years of basic ROTC are they given any better rating when they leave college for active service?

**Answer:** While all members of the Reserves are designated as privates, those who have had the basic ROTC and who have shown leadership qualities have an excellent opportunity to secure non-commissioned officers' ratings. Furthermore, all students who have had this basic military training and who have been members of a reserve corps will have induction papers so marked and will have preferred ratings when applying for officers training school.

**Question:** What courses given here are essential for women intending to volunteer for the WAVES or WAACS?

**Answer:** Specialization in the following is very desirable for those interested in the WAVES and WAACS: mathematics, physics, chemistry, electronics, radio, mechanics, general stenography, and home economics.

**Question:** It is understood that all men in the enlisted reserve will have to take exams to determine their status. Will these exams be of different types to allow those specializing in a certain field the same chance that others taking a general college course will have?

**Answer:** The qualifying exam will be of a very general nature and will not jeopardize the opportunities of men in specialized training. A background in mathematics and physics will be helpful although not necessary. A familiarity with current affairs is also highly desirable.

## Reserve Status

An excellent opportunity is being offered male students here in Durham to get first hand information on all branches of the armed services which allow them to continue their college study. Feeling that the college student generally makes the best officer material, the services are doing all within their power to keep them in school.

It is of the utmost importance for the student to fully understand his obligation to enlist in some reserve branch. Not only is it important to himself but even more so to his family, his home and his country. In times such as these the individual no longer is the first to be considered. No longer does he plan what he wants to do. Instead he is asked to do that which has been chosen as the best thing for him to do—the best for him, the best for his family and the best for his country as a whole.

Of course the student can, if he wishes, still sit back and allow things to go along as before, until he is drafted; but the armed services have made it very clear that they feel he would be of infinitely more value as an officer than as a private.

In an effort to explain the very complex situations that have arisen the services are sending this joint service committee to the campus in hopes of helping those who are interested.

On Friday and Saturday the individual committee members will be available in T Hall for private interviews with those who feel that immediate action is necessary.

## 200 Attended Tea Sunday Afternoon

Over two hundred freshmen and transfers attended the tea which was given by the religious organizations at New Hampshire Hall last Sunday afternoon. Members of Mortar Board, the freshman cabinet, Student Christian Movement, Newman Club, and Hillel were present to meet the new students.

This is the first year that this tea has officially been included in the freshman week schedule, and because of its success and significance, it will undoubtedly remain on the schedule for coming years.

Plans were made and carried out by the members of Mortar Board and the Freshman cabinet together with the three campus religious groups.

## "Mystery Trip" for Annual Frosh Outing

War or no war, the New Hampshire Outing Club will run the annual Freshman Outing which is traditional as a part of University Day. Frosh will know nothing of their destination when they meet at New Hampshire Hall between four and five o'clock as this year's excursion will be a "mystery trip."

This outing has, in past years, been a highlight of the freshman year. Plans made by Blue Circle Monday night are good reason why the members of this class should not miss this first trip run by the Outing Club. This "mystery trip", supper included, is offered to all freshmen without cost.

## M. Chalmers Awarded 2nd Prize in Contest

Marjorie Chalmers, president of the Women's Student Government and an outstanding member of the senior class, was awarded second prize or first honorable mention for her story, "Championship," in the "Atlantic" story contest.

In two letters received concerning this contest story, the following comments were made: "A completely successful attempt at an extremely hard and subtle story"; "excellent sustaining of interest from beginning to end." Under the leadership of Carroll Towle, several UNH students have received similar prizes. In past years Richard Dent has been awarded several poetry prizes and Al Charait received one for his prose.

## WAA to Sponsor Stag Dance on Sat., Oct. 17

Saturday evening WAA will sponsor the Annual Stag Dance following the New Hampshire-Springfield football game. Though this is one of the few stag dances on campus during the year, couples may attend.

The music for the affair will be furnished by Brad Spinney and his orchestra from Portsmouth. Mr. and Mrs. G. R. Thomas and Mr. and Mrs. W. L. Kichline will act as chaperones.

## Librarian Has Had Varied Experiences

### Miss Brackett Has Held Positions in Cities From California to New York

Miss Thelma Brackett, new University Librarian, has had an interesting and varied series of experiences in the positions which she has held previous to her acceptance of the job here on campus.

Miss Brackett attended the University of California, after which she was a member of the last class to be graduated from the State Library School. County library work occupied the next phase in her life, at which time she traveled on mule and horseback on inspection tours to the various towns.

For five more years, at the Newark Museum in New Jersey, she had charge of the new organization of materials. From New Jersey, it was but a hop to New York City where Miss Brackett took up editorial work for a while.

After a year of leisure in Vermont, she accepted the position of librarian in the state library in Concord, where she remained for ten years. It was from this last position that she came to the University this fall to take the place of Mr. David Jolly, who held the position last year.

## Frosh Show High Post Game Spirit

School spirit at the university reached a new height last Saturday following the Wildcat victory over Maine when some two hundred members of the freshman class rushed to T Hall to participate in the traditional ringing of the victory bell.

However, it has been decided that such a large number of students is too much for conditions in the belfry, so in the future the bell will be rung by the male members of the class committee.

## NEW WAR PROGRAM

(continued from page 1)

in the army, navy, or marines, for example, math, so that when they are drafted time will not have to be spent then studying these same courses at training schools in order to apply for a desired rank.

### Importance of Women

Dean Scudder then spoke to all the women of the university, stressing their importance in the present war effort and the fact that advantage should be taken of the opportunities being offered to train in several fields. Women are being called upon more and more to replace men going into the service so they should prepare themselves now to meet any demand that might be made upon them to assist in winning this war.

Authenticating the adage that it's an ill wind that blows no one some good, the war-reduced staff at the Hamilton Smith Library of the University of New Hampshire has extended several advantages to its patrons.

## CAMPUS NOTES

### NOTICE

There will be a Women's Convocation in Murkland Auditorium next Wednesday, October 21, at 4:00 p.m. The speaker of the afternoon will be Dean Woodruff. Freshmen and sophomore women are required to attend and upperclass women may if they wish.

### NEWMAN CLUB

There will be a meeting of the Newman Club on Sunday evening, October 18, at 7:30 o'clock at N. H. Hall. A guest speaker will be present.

### HEELERS' MEETING

There will be a meeting of all students interested in healing for the Blue Circle of the Outing Club on Monday night at 6:30 in Ballard Hall.

### NOTICE

All organizations in which women hold offices will please submit the names and positions to Student Gov't. This is in compliance with the point system similar to the one which was renovated by the men last year.

### NOTICE

Any student wishing either to enlist or to find out any information on the different branches is urged to contact the Armed Service Representative in room 110, Thompson Hall.

### NOTICE

Every Wednesday morning at seven o'clock, the Holy Communion Service will be held in the chapel in New Hampshire Hall.

Reverend Clinton L. Morrill, Rector of St. Thomas Episcopal Church in Dover, will conduct the services.

### YACHT CLUB

There will be a regular meeting of the University of New Hampshire Yacht Club on Thursday evening at seven-thirty in the Commons Trophy Room. All members are requested to attend. Any new members, or prospective members are cordially invited.

A. P. Richmond, Commodore

### NOTICE

All girls interested in entering the tennis tournament should indicate so by signing the sign-up sheets in the dormitories by Thursday.

### NOTICE

All freshmen and upperclassmen interested in reporting for "The New Hampshire" are requested to meet in Ballard 103, at 7:00 o'clock, Wednesday evening.

### CHEERLEADERS

Anyone interested in becoming a cheerleader should report at New Hampshire Hall tonight at 7 o'clock for tryouts.

### PRESIDENT'S RECEPTION

The annual President's Reception to the faculty will be held Monday evening in New Hampshire Hall.

### FACULTY MEETING

There will be a meeting of the faculty next Tuesday, October 10, in Murkland Auditorium at 7:45 p.m.

## THE ARMED SERVICES

Two members of the class of '42 were recently appointed Naval Aviation Cadets and have been transferred to the Naval Air Station, Pensacola, Fla., for flight training, according to an announcement from the public relations office of that station.

The cadets are Chester D. Turner, Jr., and Anthony M. Peyou, both members of SAE. Peyou was a regular on the varsity football, basketball and track squads, while Turner participated in varsity tennis and skiing.

They began preliminary flight training at the U.S. Naval Reserve Aviation Base in Squantum, Mass., early in September, and successfully completed the elimination course late in September.

Upon completion of the intensive courses at Pensacola, the "Annapolis of the Air," Cadets Turner and Peyou will receive their Navy "Wings of Gold" with the designation of Naval Aviators, and will be commissioned Ensigns in the Naval Reserve or Second Lieutenants in the Marine Corps Reserve.

Oliver F. Dennett, class of '41, was awarded his Navy wings and commissioned an Ensign in the Naval Reserve this week following completion of the prescribed flight training course at the U. S. Naval Air Station, Pensacola, Fla.

Having been designated a Naval Aviator, Ensign Dennett will go on active duty at one of the Navy's air operational training centers before being assigned to a combat zone.

## Lens and Shutter Club Sponsors Lecture

Opening what promises to be an excellent season will be the Lens and Shutter Club's first meeting on Monday, October 26, at 7:30 in 206 Hewitt Hall.

Feature of the evening will be an illustrated lecture titled "Photography at Work." With the help of colored slides, such topics as the fascinating field of high-speed photography, camera journalism, infrared photography, and ultraviolet photography will be demonstrated.

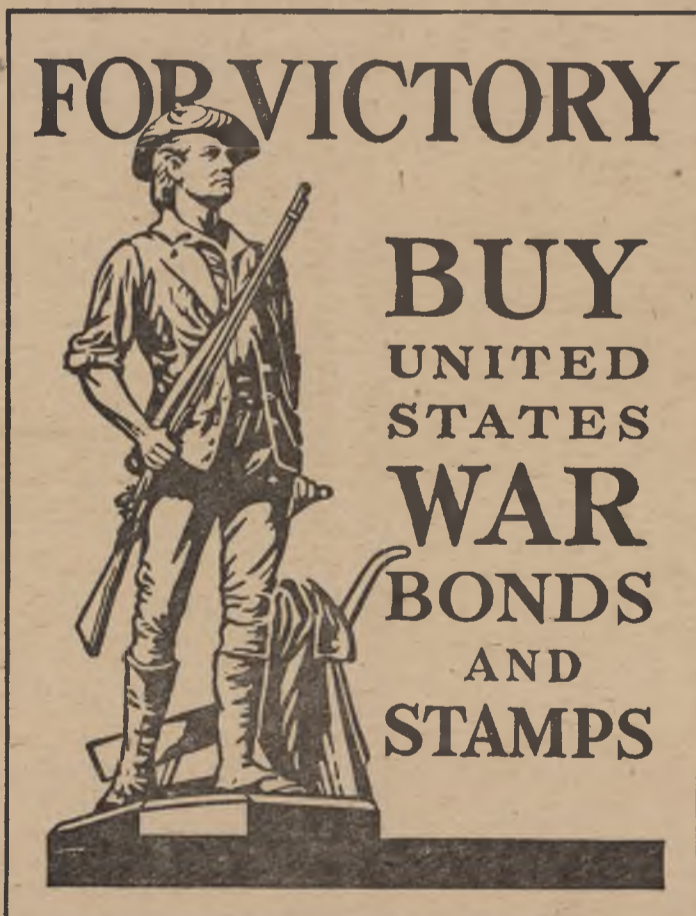

There will also be a business meeting at which time the forthcoming year's plans, including whether or not a Salon should be held, will be discussed.

All newcomers to the campus interested in photography are especially urged to attend this first meeting.

The Clemson college mess hall contains 278 tables and seats for 2,224 students. Four tables are available for guests.

**PLEASE BRING IN YOUR SCRAP RECORDS. WE PAY 2½¢ A PIECE FOR VICTOR AND BLUEBIRD RECORDS. THE NEED IS URGENT AND UNLESS WE CAN GET SCRAP RECORDS WE WILL BE UNABLE TO GET NEW ONES.**

## Cross-country Squad Starts Practice; 50 Answer Sweet's Call

Capt. Jim Sleeper Heads Candidates; Promising Sophomores Bolster Hope

Approximately fifty candidates answered Coach Paul C. Sweet's call for cross-country candidates Monday afternoon.

Among the candidates are such veteran varsity harriers as Captain Jim Sleeper, Wayne Lowry, John French, Alson Brown, Roy Holmes, Richard Emery, and Richard Abell. Dick Scammon, captain of last year's very successful frosh hill and dale team, also reported at first session as did several other of his teammates.

Sweet devoted the first meeting primarily to an explanation of the objectives of cross-country running in general and the real value in attending practice regularly and thus maintaining top physical condition.

As is the case in football here at the University, freshmen are eligible to compete for places on the varsity squad and if any freshman shows that he has the stuff, he will be given the opportunity to earn his letter.

### New York Trip Planned

Sweet is still trying to line up a dual meet for the week-end of the 30-31, which is just a little more than a week before the New England Cross-Country Run. The three previously scheduled October meets had to be cancelled because of the school's late opening. In addition to the New England, present plans call for a journey to New York on November 16 for the National Cross-Country Race, the race of the season.

According to Sweet, plans are also in the making for a junior varsity cross-country team which will probably encounter high school or prep school squads. In this way, Sweet hopes and expects to give every candidate the chance to take part in one or more races.

### Chances — Fair

The return of the above-mentioned veterans plus the sophomores who made up last year's fine frosh squad should provide a fairly good nucleus around which to build up a strong team. If it were not for the war, the chances are that this might very well be the year that New Hampshire might avenge some of the defeats of the past couple of seasons.

### ATTENTION

All students enrolled in the University who are not living in either a dormitory, sorority, or a fraternity send names and addresses to "The New Hampshire" or leave them at the News Bureau.

Coach Chick Justice knew his football squad 100% before last week's tussle with the Maine Bears. It was his firm conviction that his line was fairly strong, and capable of withstanding all the onslaughts of the foe, but he was dubious about the prospects of an airtight backfield pass defense. Action on the gridiron later proved that the pass defense was the sore spot of the team, and that accurate tackling ability came close by.

Toughy Fitanides has the most effective line plunge on the squad. As soon as he receives the ball from the center, he lunges through the breaks in the forward wall like a battering ram, and his penetrations are aided by a system of turns, squirms, sidesteps and power-dives that make tackling him especially difficult.

This year, more than ever before, New Hampshire athletes are making their home grounds in Durham. Bob Conway, former all-state footballer from Laconia, saw considerable service against Maine, and his former teammate center, Zanidowsky, subbed for Neal. Janetos, one-time Dover High running expert, has developed a fairly deceptive method of giving ground prior to tossing passes. Emile Krupa, all-state basketball player for Manchester Central's powerful quintet, is a member of the class of '46. Emile was also a star shortstop on the Sweeney American Legion baseball team of Manchester this summer.

For the first time in years, the Springfield Gymnasts pinned North-eastern on the football field last Saturday. This achievement naturally labels them as worthy foes for the savage Wildcats this week, but, nevertheless, not favorites. New Hampshire usually downs Springfield, but this season the Bay State footballers believe that their team is one of the strongest in a long time.

John Kieran, sports expert of the New York Times, made faulty decisions on his predictions for football winners last week, but we find that he picked New Hampshire to defeat Maine. He picked Dartmouth, Harvard, Columbia, and Tufts and they all lost. This proves that football is unpredictable accurately, more than ever this year.

Many freshmen were heard calling the upperclassmen to take part in the struggles on the gridiron last Saturday, but may we remind them that a football team has ten other players besides the man with the ball, and most of them were not '46 men.

Norwich's slaughter of Worcester Tech confirms the point that the Vermont lads will give more competition to New Hampshire than any other team. Last year's 6-0 win by Norwich was the thriller of the season, and Walt Domina, the galloping cadet, will again attempt to crush the Wildcat hopes. For the last several seasons, the Norwich authorities have claimed that their football team is the finest in its class in New England but this corner still sticks to the Coast Guard Academy as tops among the small colleges.

The only Eastern undefeated college teams are Bates, Colgate, Coast Guard, Duquesne, Georgetown, Norwich, Syracuse, Army, Boston College, and Brown. The usually power-laden elevens of Minnesota, Notra Dame, Stanford, Southern California, and Dartmouth have fallen victims already.

Chick Justice has done a fine job with his players in a short time, and George Sauer who's assistant coach at the Pensacola, Fla., training base must have been satisfied by the final score. Justice's team should play much better-organized ball next week, and undoubtedly will display more initiative than against Maine.

### Frosh Elect Temporary Executive Committee

Last Thursday night the members of the class of 1946 elected the following people to make up a temporary Freshman Executive Committee: Jack Merrill, Norma Murchie, Joe Thompson, Benny Benedict, and Lila Sprague. These people will act as officers until regular class elections are held sometime in the near future.

### Durham Men's Club Holds First Fall Meeting

At 6:30 p.m. on October 15, the Durham Men's Club held its first meeting of the year at the Community House. The speakers were Mr. Chester Merrow of Ossipee and Mr. Kenneth Barraclough of this town. Mr. Merrow spoke on world problems and how they affect us, while Mr. Barraclough spoke on the now pressing fuel problem.

All residents of Durham were invited to attend this meeting. A clam and lobster supper was served under the supervision of Kenneth Carlisle and a chosen committee.

# Cats Down Bears by Score of 20-7

Capt. Pappy Judd, who led the Wildcats to a 20-7 victory over Maine Saturday.

## Tuffy Fitanides Stars In First Game Victory; Freshmen Show Promise

Sparked by the brilliant all-round play of "Tuffy" Fitanides, an aggressive University of New Hampshire football squad overpowered a veteran University of Maine aggregation, 20-7, last Saturday on the Durham gridiron.

It was the first game of the season for Coach "Chick" Justice's charges while the Maine team had already absorbed a defeat at the hands of powerful Columbia the previous week-end; but despite the disadvantages of but three weeks of practice as opposed to Maine's five, the Wildcats did every bit as well as was expected and perhaps just a little better.

### Judd Scores First

Eight minutes of playing time had elapsed when Captain "Pappy" Judd, the original Durham Bull, battered his way through the Bear defenses from the three-yard line to give New Hampshire a short-lived 6-0 lead (the try for the point after failed). Preceding Judd's successful plunge for the first score of the game was a sustained march of 73 yards which was featured by Tuffy Fitanides' running, twisting, turning and passing.

However, the nearly 5000 fans were temporarily quieted a few minutes later when, after a 40-yard march down the field, Maine's Al Hutchinson threw a touchdown pass to Bob Presnell thus tying up the ball game at six all. Hutchinson then proceeded to boot the Bears into a 7-6 lead.

### Another Fitanides

Freshman Peter Fitanides, Tuffy's kid brother, decided to get a little bear meat of his own in the third period; so he blocked a Maine kick and New Hampshire went on to score a second touchdown with Tuffy going over. Center Bob Neal, one of the stars of the game, converted and New Hampshire led, 13-7.

The Wildcats wasted little time before applying the clincher. From the Maine 35, Ragoneese and Fitanides ran and passed the Maine team ragged. It was Fitanides who carried the pigskin across and Bob Neal once again made a successful conversion. This made the score 20-7, and just about completed both teams' offensive fireworks for the day.

## Mike and Dial Plans For Coming Year

### First Meeting in Studio Workshop Next Friday

Yesterday the members of the executive committee of Mike and Dial met in the studio top of T Hall to launch their inclusive and energetic fall program. Betty Jo Weaver, production director; their top technician, Art Barrett; business manager, Anne Taylor; Sue Katzman, script director; Bob Demming, in charge of sound effects; Clayton Smith and Jeannette Toohill, whose responsibility it is to train and select potential talent, together with Professor Cortez, their faculty advisor, drew up a tentative schedule for the next two weeks.

Despite the indefiniteness of our university life, they plan to act as if nothing were pending, to proceed exactly as they have been, provided that no student slackens academically because of his activity in Mike and Dial. If it becomes necessary to make changes later in the year, the new policy will be decided upon then.

Mike and Dial, student radio organization, will hold its first meeting in the student-workshop in T Hall a week from this coming Friday, October 23rd at 3:30 p.m. Any freshmen, who harbor any talent in the various fields of acting, writing, publicity, announcing, or the technical angle of radio, are welcome at this meeting. Any upperclassmen who have any desire to inquire into Mike and Dial are also invited to join this meeting.

### War Work Activities Under One Committee

#### First Year Proves Value Of Co-ordinating Body

One of the most important organizations created on campus last year was the Student Committee on War Activities headed by Sam Crabtree and Gail Daly. At first, meetings were held now and then and not too much was accomplished but after the declaration of war on December 7 the members attacked the problems before them with more self-confidence.

One of their first jobs was to conduct a survey for the American Council on Education at Washington of those men registered in the draft at the university. Soon after this three hundred girls were organized into various Red Cross courses under the direction of Gail Daly.

#### In Charge of Drives

Probably the most successful and well received undertaking was the organization of the College Chest Fund Committee, which was made up of students elected from the various religious groups on campus. This committee has charge of all drives on campus for charitable or relief funds that war relief and was successfully carried out under the direction of Bill Cone. Other tasks included the Victory Book Campaign and a Physical Fitness Club.

Gail Daly and Sam Crabtree attended conferences at Bates and Harvard. From their visits they concluded that New Hampshire had one of the best organized units on war activity to be found among the colleges in the East, especially from the viewpoint of student participation.

Thus, after a year of existence, the committee feels that it has accomplished its chief objective—to serve as a coordinating body for all the defense activities on campus.

### National Topic Announced For UNH Debating Team

The debating team will soon spring into action to continue its debating successes of the past two seasons. The national debate topic for the year is: Resolved: That the United Nations should establish a permanent federal union with power to tax and regulate international commerce, to maintain a police force, to settle international disputes and to enforce all settlements, and to provide for the admission of other nations which accept the principles of the union.

#### NOTICE

Any student wishing either to enlist or to find out any information on the different branches is urged to contact the Armed Service Representative in room 110, Thompson Hall.

### C.P.T. Course Only For Enlisted Men

Training of the 30 young men who started the second eight-week full-time flying course at the University of New Hampshire some weeks ago under Civil Pilot Training program of the Civil Aeronautics Administration, is unusual in one respect. Most of their ground training, as well as flight instruction, is being given by pilots. Prof. E. Howard Stolworthy of Durham, who is coordinator of CPT for the University, and Paul R. Doe of Northwood, are licensed pilots as well as certified ground instructors.

When first inaugurated in 1939, CPT training was made available to qualified undergraduates at six colleges in the country. The program has since been expanded to include over 600 colleges. Of the 106 University of New Hampshire students who took CPT training up to last spring, 85 per cent are actively flying in war service and 10 per cent are officers in other branches of the Army.

#### Closed to Civilians

In June, CPT training was closed to civilians and the University is now operating a full-time flying school program under contract with the CAA to train Army and Navy enlisted aviation cadets. Undergraduates cannot participate. It is available only to specified enlisted men.

The student pilots are divided into two groups, each of which spend three days on the University campus and the rest of the week at the Laconia airport. They are under complete military discipline. The University does its part only by making available living facilities, administrative and class rooms, and a teaching staff. Besides Prof. Stolworthy and Mr. Doe, ground classes are taught by George M. Foulkrod, assistant professor of Agricultural Engineering who is chief air-craft spotter for the Durham district; Harold I. Leavitt, assistant professor of Physics; Carl Lundholm, director and professor of Physical Education and Athletics; and Howard R. Jones, counselor and assistant professor of Education.

#### Many Courses Taught

Among the courses taught at the University are: mathematics, physics, code, air-craft identification, navigation, meteorology, military and physical training, military science and discipline, civil air regulations, and the general servicing of air-craft. Actual flight training is given at Laconia.

The University selected Skyhaven Inc., of which William H. Champlin Jr. of Rochester, is president, to give flight training to its trainees. Andrew F. Purington of Raymond is chief flight instructor.

It is expected that 150 pilots will have been trained at Durham in the

### Linoleum Prints and Drawings at Library

An exhibition of paintings and drawings by popular American illustrators and a showing of 22 linoleum prints with descriptions of the process by which they are made, may now be seen in the Hamilton Smith Library.

In the art gallery of the Library, through the 26th of October, readers of "The New Yorker", "Collier's", the "Saturday Evening Post", and other popular periodicals can see the original drawings and paintings of some of their favorite illustrators. Included in the show, which has been arranged and circulated by the American Federation of Arts, is John LaGatta's oil illustrating Laetitia MacDonald's "Man of Pride" a scene at a railroad station of long ago done by Dean Cornwell, and a wash-drawing with colonial flavor done for "Liberty" by Felix Schmidt. Among other artists represented are: C. B. Falls, Norman Rockwell, Peter Helck, Saul Topper, and Purcell Carter.

A collection of linoleum prints by Fay Chong, Chinese-American artist, and Richard Correll, a native Westerner, can be seen in the cases on the first floor of the Library until October 21st. The work of both artists is characteristic—the one, Oriental, delicate, sinuous, inventive, and decorative scenes, and the other, forceful portrayals of Paul Bunyan-like sagas.

Included with the exhibition of linoleum prints are illustrations showing the processes of this form of engraving which best lends itself to the amateur artist.

#### CHEERLEADERS

Anyone interested in becoming a cheerleader should report at New Hampshire Hall tonight at 7 o'clock for tryouts.

#### FACULTY MEETING

There will be a meeting of the faculty next Tuesday, October 10, in Murkland Auditorium at 7:45 p.m.

six courses scheduled for the year. Mental examinations for the third group of enlisted pilots will be given at Durham toward the middle of October and the third eight-week flying course will start on November 15.

### Reception for Frosh By Newman Club

Monday evening in the Commons Trophy Room the Newman Club will hold its annual reception and dance for freshmen. The affair, the first of this season's activities of the group, will be in the nature of a get-acquainted party, and will begin at 7:00.

A fine program, including dancing and refreshments, has been arranged by the committee in charge headed by Ralph DesRoches, president of the organization.

The first meeting of the year will be held Sunday night in New Hampshire Hall. For this occasion the club has secured the Reverend Thomas B. Feeney of the Boston College faculty as guest speaker. All are invited to attend.

### CONVOCATION

(continued from page 1)

not wait to make up work but that it should be done now, before it is too late. He closed by saying that everything considered, this should be one of the best years New Hampshire has ever had, and that every student has the responsibility to make it such.

#### Cogswell Prize Winners

During the convocation the two-hundred dollar Cogswell prizes were awarded to the following seniors: Hope Amos, Adolph Anderson, Arthur Barrett, Gorgo Bruni, Fred Charon, Miriam Eastman, Richard Foley, Louise Griffin, George Kelley, Joseph Levy, Arthur Libby, Parker Mitton, Rachel Morrison, Edith Phair, Albertine Phaneuf, Arthur Rouillard, Hyman Stone, Edna Tolchinsky, Virginia Trainovich, and Phyllis Ulin. One-hundred dollar ones were awarded to Alice Brennan, Carolyn Hammond, Patricia Jordan, Ethel Koeler, Albert Lipnick, Mary Jane Marr, Dorothy Meyer, Robert Neal, Charles Oberg, John Sideris, Evelyn Tipping, and Robert Tuttle.

Marilyn Whitcomb and Herman Skofield were the recipients of the Georg Engelhardt scholarships of one-hundred and fifty dollars each. The Valentine Smith Award of one-hundred dollars was made to June Chase. Louise Griffin received the Morris Locke Memorial Scholarship of eighty-five dollars, and the Dietrich Cup was awarded to Albertine Phaneuf. Edna Tolchinsky was awarded the scholarship of fifty dollars given by the New Hampshire branch of the National Civic Federation. Alpha Gamma Rho received the Osgood Plaque and Smith Hall became the permanent owner of the Inter-House Activity Cup. Hood Scholarships were awarded to George Carr, Leslie Roberts, Preston Roberts, Ellery Ayer and William Scotland.
