

Mayoralty Election, Stunt Night, Friday, October 23

Homecoming Saturday Plans Are Complete

Tours, Speeches Omitted*
Due to War Conditions

Homecoming Day, the time reserved especially for New Hampshire alumni to come back and reacquire themselves with campus life, is scheduled for this Saturday. This year, plans necessarily have been curtailed; and because of the indefinite number of alumni expected, no special luncheons or addresses have been arranged as in previous years. However, the sororities and fraternities will hold open house as is their custom.

At 10 a. m., the board of directors headed by President Brad McIntire will meet at Commons to transact the necessary business of the Alumni Association. Throughout the morning New Hampshire Hall will be open for registration and a chance to get football tickets ahead of time for the main attraction of the day, the game in the afternoon against Rhode Island State.

Events for the day will end Saturday night with the Student Council's annual homecoming dance held from 8 to 11:30 in New Hampshire Hall, an affair which always proves a gala one.

Music Appreciation Programs Begin Soon

Tchaikovsky's Symphony No. 4 will be the subject featured at the Hamilton Smith Library's first music program of the year on Friday, October 23. As in past years the Art Department of the library is holding special music appreciation programs designed for the benefit of students interested in music. These programs will be held on Mondays at 4:30 p. m. and Fridays at 1:00 p. m.

The Friday programs will be featured by a master work of some great composer and the whole composition will be played. Request programs will be held Mondays and all requests for favorite works should be given to Miss Patricia Peart of the Art Department. The schedule this year has been arranged so that it will not conflict with classes, thus making it possible for more students to attend.

Facts and traditions in the history of their own college have been furnished to Hollins college students of creative writing as material for advanced composition work.

Twenty-nine Additions To Faculty and Staff

Pres. Fred Engelhardt announced last Friday the addition of twenty-nine new members of the faculty and staff of the university. Twenty graduate assistants have also been appointed. The new appointments were made necessary by the large number of our faculty members who were called into the armed forces of our country. The positions left vacant in the teaching staff were numerous and the staff of university assistants was depleted, too.

Thelma Brackett, A. B., University of California, has been added to the staff in the library which lost Mr. David Jolly. Dr. Emma W. Burt, M. D., Rush Medical College, University of Chicago Medical School, will assist Dr. Roberts in caring for the students' health. The English department has added three new members: G. Harris Daggett, Ph.D., University of North Carolina, as an assistant professor; Marie A. Donahue and Jeannie Begg, A.B., Mt. Holyoke College, as assistants. Miss Begg will also act in the capacity of University Editor.

The science departments needed many replacements. Norman Bauer, Ph.D., University of Michigan, will be the new assistant professor of chemistry; Arthur F. Howe, B.S., Massachusetts State College, has been added as an instructor in bacteriology; John H. Stitch, M.A., Harvard University, will instruct the geology classes; and Richard L. Weaver, Ph.D., Cornell University, has been appointed an as-

Tryouts Tonight for Mask and Dagger "Ladies in Retirement" Is First Production

Initiating this year's dramatic series, Mask and Dagger will hold tryouts for "Ladies in Retirement" tonight in Murkland Auditorium at 7:30 p. m. The play is scheduled to open in New Hampshire Hall, December 9 and will play for three consecutive nights.

The plot centers around the lives of three elderly and impoverished sisters, living in the home of a wealthy friend on the eerie marshes of the Thames estuary. When their inquisitive nephew Albert enters the picture and uncovers Aunt Ellen's scheme of acquiring a comfortable fortune for her old age, something is bound to happen—and does.

New York liked this play by Edward Percy and Reginald Denham enough in 1940 to carry it over for an unusually long run, and when it appeared on the screen the play received great praise. There are a number of good parts for girls in this production and the part of Albert is a good one. The tryouts are being held for seniors, juniors and sophomores respectively, tonight, tomorrow and Friday.

Reunion for Graduates Held at Congreve North

Former Congreve North girls of last year held a reunion there Sunday afternoon. Almost all of the former dorm was present to sit and chat with one another, many of whom they hadn't seen since last year. Miss Phipps welcomed the girls in the living room with a roaring fire and apples were served to all. Many of the girls enjoyed visiting the present occupants of their rooms and many comments and exclamations were heard as they peered through open doors.

"Round-robin" letters were written to Ellie Mauricette, now Mrs. Fred Draper, Jr., and to Rosalie Libby who is now Mrs. Donald Van Tuyl, both of whom were advisors last year. More than seventy girls attended this reunion which has become a tradition with "graduates" of Congreve North.

sociate professor of biology and will also serve as the extension specialist in conservation.

Wesley F. Brett, B.Ed., Keene Teacher's College, is instructing art students, and E. Phillip Morgan, B.S., University of Tulsa, has been added to the music staff. The math department has Horace A. Giddings, Ph.D., Massachusetts Institute of Technology, as its new associate professor, and Ruth B. Kelly, A.B., Radcliffe College, as an instructor.

Other Appointments

Other new appointments include: Captain Malcolm J. Chase, Coast Artillery Corps, B. S. University of New Hampshire, instructor in military science and tactics; Arthur H. Cutter, B.S., University of New Hampshire, assistant county agent in forestry, Carroll County; Colon H. Dunn, B.S., E.E., John Brown University, instructor in electrical engineering; Russell Eggert, M.S., Michigan State College, instructor in applied farming and research assistant in horticulture, Agricultural Experiment Station; Edward L. Fairchild, M.S.E., University of Michigan, assistant professor of industrial engineering; Edward W. Foss, B.S., University of New Hampshire, instructor in applied farming; Frank W. Kingsbury, B.V.A., Massachusetts State College, club agent in Coos County; Thomas W. Lambe, B.S., North Carolina State College, (continued on page 4)

JUNIORS

Sittings for Junior pictures for the 1944 GRANITE started this afternoon. Each person should have been notified by now as to the exact time of his sitting. Please be prompt. Note the sitting fee of three dollars which must be paid at the time of the sitting.

Jack Freese to Play For Homecoming Hop All-Campus Dance Band; Record Crowd Expected

Jack Freese and his New Hampshire Wildcats will make their seasonal debut this Saturday night at the annual homecoming dance, sponsored by the Student Council. The affair will be held in New Hampshire Hall from 8:00 to 11:30, chaperoned by Dean and Mrs. Alexander and Mr. and Mrs. Arthur W. Johnson.

13-Piece Orchestra

The thirteen-piece orchestra, composed entirely of students of the university, promises to be a great success. Members of the orchestra include: Bud Prescott, Bill O'Meara, Wyatt Webb, Art Simpson, Don Reynolds, Greg Prior, Dick Mansfield, Charlie Johnson, Fred Kuss, Ray Labombarde, Roger Chamard, Dick Tenny, and Jack Freese with his sensational trombone.

Last year the homecoming dance was the largest affair of the year with more couples in attendance than at any other dance. Under the capable direction of the present student council, with Carl Carlson as chairman, this week's get-together of students and alumni has all indications of a grand climax for the homecomers.

Girl's Dorms Elect New House Officers

Elections of officers has been completed in the women's dormitories. In the upperclass dorms, regular councils were elected consisting of a president, vice-president, secretary, treasurer, and floor representatives. In each of the freshmen dorms, however, two temporary officers were chosen who will officiate until their regular election later in the semester. The house presidents of Congreve South, Scott, and Smith have, by their election, become members of the Executive Council of Women's Student Government.

The officers are as follows:

Congreve South: president, Joanne Wilcox; vice-president, for Main, Betty Jo Weaver; vice-president, for Wing, Leslie Ireland; treasurer, Peg Garren; secretary, Peg Tower; floor representatives, Pat Leonard, Anne Williams, Dorothy Wentzell, Barbara Perkins, Virginia Woodward, Ruth Brown, Tiny Johnson, and Beverly Bates.

Scott: president, Marian McIver; vice-president, Lily Carlson; treasurer, Miriam Terhune; secretary, Nancy Waid; floor representatives, Eunice Sander, Beverly Parker, Elinor Sawyer and Harriet Congden.

Smith: president, Irene Avery; vice-president, Anne Hodgkins; treasurer, Anne Willard; secretary, Ruth Hodg-

Official Calendar October

- 21—Women's Convocation—Murkland Hall
- 22—Yacht Club—Trophy Room Commons
- 23—Stunt Night—(Blue Key) NH Hall
- 24—Informal Dance—NH Hall 8:00-11:30 P.M.
- 24—Football Game—New Hampshire vs. Rhode Island
- 26—Reception—Community Church, 7:00 P.M.
- 28—Lecture—NH Hall, 8:00-10:30 P.M.
- 29—Yacht Club—Trophy Room Commons
- 31—Football Game—Norwich Northfield, 2:00 P.M.
Mortar Board Dance—NH Hall, 8:00-11:30 P.M.

Enrollment Increases More than Half P.C.

Senior and Junior Classes Drop as Sophs Increase And Frosh Add a Hundred

Although it was expected that there would be a decided drop in registration this year, the university opened its 76th year last week under its speeded war program with an increase of over one-half per cent in total enrollment. On the fifth day of registration 1937 students had arrived as compared to 1924 on the same day last year which is a nincrease of .67 per cent. Dr. E. B. Sackett, Registrar, who had expected a drop in registration, accounted for the slight increase by a 17 per cent larger freshman class and a 23 per cent increase in enrollment in the College of Technology.

Another surprise of officials was the small drop in enrollment in the Liberal Arts College. Registration in Liberal Arts decreased only 4 per cent, whereas Dr. Sackett had predicted a loss of at least 15 per cent. The greatest drop came in registration of graduate students which was 19 per cent down. The College of Agriculture also showed an 18 per cent loss in enrollment.

Women Lead Men in L. A.

Women led the men in Liberal Arts enrollment, 718 to 512. However, only two women entered the College of Technology as compared to 515 men and five joined the 122 men in the College of Agriculture. The rest of the total registration is made up of men who are taking the Applied Farming course and 33 graduate students.

Both the senior and junior classes show a drop in enrollment from last year, although even that is not as

(continued on page 4)

Newman Club Meets Rev. Feeney Speaker

The Rev. Thomas B. Feeney, S. J., professor of Rhetoric at Boston College, was the speaker at a lecture sponsored by the Newman Club Sunday evening in New Hampshire Hall. Since this day had been set aside to honor John Henry Newman, for whom the club was named, the life and talents of Cardinal Newman were the subject of his talk.

Father Feeney described clearly Cardinal Newman as a person and as a master of English prose. His work has often been compared to that of Cicero for Cicero was his master. He had remarkable insights and many strong convictions especially condemning insincerity, lies, and injustice. He also had the great power of persuasion without antagonizing the person to whom he talked.

Rev. Feeney also entertained the group with two very clever poems which he wrote and set to music. He played his own accompaniment on the Irish harp.

The first selection "Dulcis et Pie Puellula Moria" was a ballad addressed to a young girl. The other with accents was the story of a broken hearted New Yorker who had lost his love.

The meeting was closed by a few announcements. The next regular meeting of the Newman Club will be November 2.

WORKERS ON B & M MUST REPORT AT STATION THURSDAY

All students desiring to work for the Boston & Maine Railroad on Sunday, October 25, must declare their intentions at the B & M station in Durham on Thursday, October 22, between the hours of 12 and 5 p. m. At this time checks will be delivered for the previous Sundays' work.

It will be necessary to follow this routine each week so that the railroad officials can provide adequate transportation and supervision. Students who do not report their intention to work at the appointed time will not be transported to Lawrence.

Students with minor releases or social security cards will be expected to submit them before being accepted for work.

Mayor Will Preside Between Halves at Rhode Island Tilt

Both Colorful Events Combined for First Time in Fifteen Years

Nonsense and hilarity will rebound from New Hampshire Hall ceiling next Friday, October 23 at 7:30 p. m. when Blue Key, senior men's honorary society, presents the highlight of the annual homecoming, the sixteenth consecutive mayoralty election and stunt night. Climaxing the program will be the announcing of the mayor at the Rhode Island football game on Saturday.

For the first time since its inception in 1927, these two traditional and highly colorful events will be combined. Condensed to one night also are the ceremonies and campaign speeches of the candidates which formerly filled an entire week. This is necessary to meet the requirements of the accelerated war schedule.

Candidates Speak
Highlighting the evening events are the campaign addresses of the candidates who will present their platforms for the coming year. Another feature of the program are the fraternity and sorority stunt competitions always gay, comical and full of collegiate enthusiasm. The best fraternity and sorority stunts will be selected by a board of judges who will award prizes to each of the winners.

Every student is eligible to vote in the mayoralty campaign and ballots will be distributed at the entrance to the hall. Votes will be tabulated by members of the Student Council.

Deadline for candidates to register is today at 5 p. m. Anyone interested in running for office should contact Bill Keought at 59W.

Stunt Program
Eliminations for the stunt program will be held tomorrow evening at 7:00 p. m. in New Hampshire Hall.

Committee in charge includes Bill Keough, president; Ted Stebbins, vice president; Sheik Karelis, secretary-treasurer; Doc DesRoche, Carl Carlson, Sonny Lamond, Al Sakoian, Roger Marshall, Herb Smith, Roy Goodfellow, Fred Charron, Ed Mackel, Fred Saunders, Art Rouillard and Pappy Judd.

Judges for stunt competition are Dr. J. E. Bachelder, Jr., and two more

Plastics Exhibition Library Attraction

Students majoring in chemistry and engineering will be especially interested in a new exhibit of plastics exhibited at the Hamilton Smith Library by the Engineering Experiment Station. This exhibit will be changed from time to time in order to illustrate the various types of plastic materials now available and also the raw materials used in their production as well as the methods by which they are fabricated.

It is felt by the members of the Experiment Station and the Library staff, that due to the increased demand for plastics in modern industrial, civilian and military applications, the student body of the university will do well to inspect this exhibit and the ones following.

Reserve Corps Enlistments to Terminate On December First

Enlistment Officers Visit UNH Between Nov. 1-25

A new release of vital importance to all men in the university has just come from Washington stating that the Enlisted Reserve Corps will close all enlistments on December 31. Every effort is being made to complete all enlistments by December 1. Arrangements have been made for enlisting parties from the Army, Navy, and Marine Corps to visit this campus between November 1 and November 25. All students interested in the Navy should report to the Bureau of Appointments before Saturday, October 24, to declare their intentions. Shortly after that the recruiting party from the Navy will consider qualifications of applicants and will enlist all qualified juniors and seniors directly into the Naval Reserve. Qualified freshmen and sophomores will be approved

for enlistments in the Army Enlisted Reserve Corps and will be sworn in by the Army after November 15. The same procedure should be followed by students interested in the Marine Corps and the Army Air Corps, reporting their intentions to the Bureau of Appointments before Saturday, October 25, in order that they will be prepared to meet the examining Boards for their branch of the services by November 1. All students electing to join the Army Enlisted Reserve Corps and the Army Air Corps Enlisted Reserve, as well as all freshmen and sophomores who wish to join the Naval Reserves and the Marine Corps will then be enlisted in the Army Enlisted Reserve Corps between November 15-25. Since this will involve 700 men students, the fullest cooperation of all persons involved will be required.

You Are Needed

For the past few weeks the college has been wracked by internal dissension—the freshman dining hall situation, the cafeteria line-up, lack of an adequate number of students wishing to work.

Because of the immediate proximity of these supposedly major problems, it seems that many of the students here at the university have lost sight of the major happenings of the times—they have lost sight of the place that our university occupies in this war effort.

New Hampshire is extremely fortunate this year in still having the majority of her teaching staff, extremely lucky to have such a large freshman class and even more fortunate in having such a large portion of the three upperclasses return.

It is true that the number of freshmen is such that the dining facilities are not adequate; and the 1200 odd upperclassmen likewise find it hard to arrange suitable meal-hours. Yet trifles like these are of relatively no importance whatsoever when we stop to consider the ultimate good that will come of an additional year of college.

Other institutions have been affected so greatly that they have had to either cut down on the number of students allowed to register or in some cases to limit the number of courses allowed.

Here in New England the acuteness of the situation has not been felt as keenly as in other parts of the country, yet one of our neighboring schools, the University of Connecticut is in such dire straits that the president of the school, Dr. Albert N. Jorgensen, feels that there is a distinct possibility that the college may be forced into closing.

There is an especial lack of kitchen help, and in the words of President Jorgensen, "the staff is working such long hours that we have had to put some of them to bed from sheer exhaustion."

Although many may not realize the fact, President Engelhardt, when he asked for more student help for the maintenance of buildings and for additional help in the university Commons, did something which had never been necessary before. In previous years the university has always had an excess of student help. This year, when the need is the greatest, it is virtually impossible to secure enough workers.

Until the undergraduates realize that they themselves are the only ones who can alleviate the situation, things are bound to get worse. That line in front of Commons can be a very long one—and they might well remember that "it'll be a lot colder before it gets any warmer."

Defense Survey

In an effort to find out just how many university students participated actively in defense work over the past summer, *The New Hampshire* is running a one week survey. On page four will be found a coupon which is to be filled out by the individual student and returned to *The New Hampshire*.

One of the main reasons that the university went on the accelerated program was so that the man power of the school would be released for greater service in the war effort—both on the fighting front and the production front. To date there have been no actual figures recorded on the number of students who held defense jobs. To achieve this end the survey is being held.

Each dormitory, sorority, and fraternity is to have a representative responsible for the collection of the coupons, and at a specified time they will be collected from the houses by members of the newspaper staff. However, it is up to the student himself to complete the form with the desired information so that accurate tabulations can be made.

Please do your part to help.

Welcome Back

The 19th Annual Homecoming — For the space of 19 years now it has been the privilege of the undergraduates to welcome back the alumni to a week-end that had been set aside especially for them.

This year, more than ever before, Homecoming will be a week-end that will be lived and relived over and over again. Homecoming for many will be just a little sad when they stop to realize how many hundreds of New Hampshire grads are now on far distant fronts—either training or in actual combat.

However, for those who are fortunate enough to be here again this week-end we extend a hearty welcome for a happy visit and a beneficial one. For those in active training and combat we extend our best wishes, and our hopes that when the 20th Homecoming celebration rolls round next fall, they too will be among the returning grads.

GREEK WORLD

Alpha Chi Omega: Betty Ridlon, Barbie Burns, and Jean Nolette were back on campus visiting last week. . . Marilyn Whitcomb received one of the Georg Engelhardt scholarships . . . Priscilla Preston was recently married to Charles Martin, and Dottie Briggs has announced her forthcoming marriage to Ensign George Ricker. . . Ruth Lawson is not back on campus this year but is training at Peter Bent Brigham Hospital. . . Gail Daly is housemother in the new Grant House. . . Margie Chalmers won second prize in the Atlantic Monthly Contest. . . Pledge Mimi Terhune was recently elected treasurer of Scott Hall.

Alpha Gamma Rho: "Ken" Wiggin was unanimously elected Noble Ruler at our first meeting this year. Ken takes over the duties of Norton Bean, who joined the Air Force this summer. "Dick" Abell was made Vice Noble Ruler to replace Ray Haskell, who also joined the Air Force. Our sophs came thru to place Keith Birdsall in the position of Social Chairman and Howard Raymond in that of Chaplain. Prof. Hepler spoke to us at our first meeting, and pointed out the difficulties facing fraternities in wartime. . . Again this year our chapter was awarded the National Alpha Gamma Rho plaque for outstanding scholarship during the past school year. The Osgood Plaque was also retained last year, and the fifth consecutive "Alpha Gamma Rho" will be engraved on it soon. . . Floyd Page, '38, visited the house twice during the first week of school. Ray Dupell came back this week-end to see the game. Ray is going to be an aviation cadet very shortly. . . Since last year, the following active Alpha Gamma Rho's have entered the armed forces: Philip Rines, Raymond Dupell, Burkman Garland, Maurice Winn, Chesley Hall, Robert Kelley, Norton Bean, Ray Haskell, Leonard Wolfe, William Mitchell, Clifton Flint and Frank Ward.

Alpha Tau Omega: We are lucky enough to have a full house again this year. Most everybody is signed up in some sort of reserve corps however. . . Don Pearson was drafted this summer and according to reliable sources, Pledge John Bailey is now in the Army Air Corps. . . Shorty Nettleton is home waiting to be called into the Navy Air Corps. . . Bill Mathews was back here last week for a quick look around. Bill's a 2nd lieutenant now and is to be stationed in Florida. . . Ted Bowles and Neal Batthelder (both ensigns) in the U.S.N.R.) were back for the week-end. Both are of the opinion that there is quite a difference between studying to get through college and studying for Uncle Sam at Harvard. . . Chief battle in the house at the moment concerns the relative importance of the various armed forces. . . Dick Smith is supporting the Marines, Bill Forbes, Dick Garnsey and John Bryan are battling for the Navy, and the Army has its supporters too.

Theta Chi: Fifteen fellows came back Freshman Week to open up the house and condition it for painting. . . The first vic dance of the year was held Friday night following the rally; thirty couples attended. . . Boys who have entered the service during the spring and summer are Shelly Prescott, Dave Smith, Clay Ingraham, Warren MacMartin, Jack Henderson, Dick Kuehner, Tom Burkhard and Bob Perrins in the Air Corps; Carl Nason and Joe Garrison in the Army, and Bill Horner in the Navy.

Chi Omega: Dinty Moore and Grace Murphy were elected to the Pep-

cats this fall. . . Quite a few girls came back to the campus with engagement rings on. They are Dee Dumaine, Aline Walsh, Polly Little and Ruthie Pfadenhauer. . . Three Chi Omegas were married this fall. Eddie Riley married Ace Parker on October second in Wrentham, Massachusetts. Ace is now a Lieutenant in the Army Air Corps. Lois Richardson married Ray Hastings, an Ensign in the Naval Reserve, on September third in Marblehead, Massachusetts. Jane McHenry married Lieutenant James Preyer, Army Air Corps, on October sixth in Sedalia, Missouri. . . Chi Omega had a chapter visitor last week — Edna Earl Richardson from Iota Gamma Chapter, Centenary College, Shreveport, Louisiana.

Tau Kappa Epsilon: We will hold our first house dance of the year this Friday night. The eighteen men who are living at the house this year will clear the floor and tune up the vic for dancing. Several of the brothers have gone into the armed services since last year. Jim Moulton and Phil Goddard are helping to keep the Navy afloat; Dick Robertson is now a second class radioman; Bing Millar was drafted last spring; and Bob Mullen is a 2nd lieutenant in the Army.

Kappa Sigma: At the house meeting Tuesday night the resignation of Paul Harrison was accepted, and Charles Clute was elected as the new social director. . . Saturday noon Fred Scannell dropped in for the week-end and was welcomed by his many friends on campus. . . We have a new chef this year and a new manager of the Board Dept. . . The following from the house are in active service with the United States forces: Lt. Patsy Improta U. S. Army in England; Lt. Harold Monica, U. S. Army in England (married to Eileen DeWitt); Lt. Roger Judkins, U. S. Army in San Antonio, Texas; Lt. Robert Rocheleau, U. S. Army somewhere in the Pacific; Lt. Roger Dumont, U. S. Army, in Columbia, South Carolina; Bill Szalucka is a private at Fort Devens. Phil MacDonald is in the Army Air Corps, and at present, is assistant coach at Gloucester High School. Fred Scannell is in the U. S. Navy and is located in Newport. Terry Frost is in the U. S. Army and is at Miami Beach, Florida. Dave Johnson is in the Naval Air Corps at Glenview, Illinois. Ensign Hal Lenyon joined the Marines and is at Paris Island. . . Brother Ario Peretti was a week-end guest at the house.

Theta Kappa Phi: 1942 graduates in the armed forces. Ensign William Cone, U. S. N. R. Fleet Torpedo School, San Diego, California; Ensign Ray Doyle, Columbia University, New York City; Lieutenant William Fitzsimmons, Fort Ethan Allen, Vermont; Pvt. Edward Lyszczas, Fort Slocum, New York; Ensign Arthur O'Connell, U.S.N.R. Portland, Maine; Ensign Dick Shugrue, U. S. N. R., Harvard Uni-

War Casualties

Added to the list of university war casualties was the name of Elliot Jewell, class of 1942, who was fatally injured last July in an explosion at the Monsanto Chemical Company in Everett, Mass., where he was employed as research chemist.

While at the university, Jewell was an outstanding tennis star and was chosen co-captain of the team his senior year. He was a member of Kappa Sigma fraternity and the Outing Club. Jewell also ranked high as a student of chemistry, belonging to the honorary chemistry society, Alpha Chi Sigma.

Dr. Towle Will Be Host At First Folio Meeting

Folio meetings will begin next Monday at the home of Dr. Carroll Towle. The purpose of Folio is to cultivate an interest in new books, movies, poetry, and other cultural subjects of interest. Discussions are led by Dr. Towle at each meeting. Meetings begin at eight and all are invited to attend.

versity, Cambridge, Mass.; Pvt. Ralph Townsend, Washington; Pvt. Jerry Thayer, Fort Devens, Mass.; Pvt. Charles Untiet, Fort Benning, Georgia; Pvt. John Lyster, Fort Devens, Mass.; 2/c.p.m. George Alimi, U. S. N. R., Boston, Mass.; . . . At the first regular meeting Jerry Wolcott was elected Vice-President to replace Walter MacLaughlin who was unable to return to school this fall. Ralph Pino has been elected co-rushing chairman, Ernie Rainey is our new chaplain replacing Charlie Flynn who is at Boston College this year. Ensign Dick Shugrue and Pvt. Jerry Thayer were recent visitors on campus, as was Jim Martin. We have completed our new lounge and ping-pong room.

Lambda Chi Alpha: "Dogfoot for Mayor" headquarters have been established at the house. Carl Hydeburg, the candidate, is making plans for one of the most colorful campaigns. . . Tom Hunter was around and about for the week-end. . . Freddy Fitnides, brother of outstanding Tuffy was a week-end guest. . . Also at the house were Dave Dunlap who leaves for the Air Corps Monday and Bill Lord who is practice teaching this semester. . . Bruce Grant '45 leaves for the Naval Air Corps October 29th and will be stationed at Chapel Hill for training. Bob Rollins and Ken Kenyon are in the Army Air Corps. "Bobo" Johnson is stationed at Fort Monmouth, training station for the Army Signal Corps. . . Bob Prescott '42 is a lieutenant in the Marines and was married September 29th. . . "Rip" Jones '41 is flying for Pan-American Airlines.

Seven members of last fall's University of Texas football squad were married.

LETTERS TO THE EDITOR

Dear Editor,
A correction, please! Did the Student War Activities Committee have such a wonderful season last year? Suppose we take a look at its esteemed record.

Two very commendable successes, the First Aid Classes, and the College Chest Fund which far exceeded all expectations, but how many equally good and equally important projects were lost and strangled in the red tape and stupid politics-as-usual of 309 Ballard. What happened to the War Bond and Stamp Drive for which such an elegant committee and publicity campaign was set up? The actual success of the book campaign was in the vicinity of 10% of its original quota. How much support did the committee give to the blood donor project that was so mysteriously stifted? This was a plan to donate 100 pints of blood to the Boston Chapter of the Red Cross—the net result was 0%. Whoever heard of the Physical Fitness Club and what of the Farm Labor Project?

Now don't take this wrong, this is no attempt to pan the committee out of existence, this is merely a continuation of a long campaign to get it to do something the right way for once.

True, there was remarkable leadership in those two successes but let's not make the mistake of forgetting the real reason for those good results. That's where we students come in, we elected those capable leaders and we supported them; we went to those First Aid classes; and we gave our money to the College Chest Fund. The only two times the job was set before us we came through with flying colors. That's the reason for the successes, the problems were set before the people and they were asked to fight in this "people's war". Yet, it's as simple as all that, and can be summed up in one single word—"Democracy". Try a little more of it on your War Activities Committee, and give free rein to a few more popular ideas. Just remember that we students want to win this war and we can't wait for Ivory Tower politics-as-usual to show us the way.

- Be Opposite Rhode Island

Story on page one

By Phil Peters

A fairly well-executed T formation and constant back in motion puzzled New Hampshire's line rather effectively for almost half of the game last Saturday, but Chick Justice's veterans solved the Stanford style of attack in time to assure victory. Springfield concentrated on an intricate maneuver through the middle of the line but Hanson, Neal, Sakoian, Lane, Ackerman, and Zanidowsky plugged the threatened area in grand fashion after the first half.

Rhode Island's Rams battered Mass. State for a 21-6 win last week as a preliminary for the oncoming New Hampshire tilt. Rhode Island pinned Vermont 73-0 three weeks ago and this Vermont team was supposed to be good. A day before the Rhode Island-Vermont clash a Vermont informant told Justice that we were lucky we weren't playing Vermont. Regardless of the Rhode Island game Vermont must be pretty good since they led Rutgers for three periods before being nosed out.

The Rams usually are good ball handlers during all types of hardships while on the gridiron. Many of the backfield men have seen service with the famed Rhode Island basketball team so that passes and lateral throws may play a prominent part in Saturday's tussle. The only team to have downed the Rams is Brown, a team good enough to pin Columbia.

It has been announced that Frank Churas and Bob Joslin are to be co-captains of this year's tennis team, a team that barring unforeseen injuries or withdrawals from school, should be one of the finest in the past five seasons.

This corner wishes to express its sympathy for Pete Fitanides who played for quite a spell against Maine with an injured jaw and yet performed well. It's difficult to play well at any time, but when a fellow plays with a severely-injured jaw it's really outstanding.

Joe Zanidowsky, former Laconia High and Tilton Prep star, was one of the defensive standouts of the afternoon. Springfield's running attack failed to fool him, and for a short time practically every tackle was registered by Joe. His determined, fighting spirit makes him a capable footballer at all times.

Norwich pinned Coast Guard 13-6 and earned the privilege of being labeled as one of the finest of small schools. Zoukis and Walt Domina personally accounted for the scoring. Chick Justice's forces will have reason to be proud of themselves if they overwhelm Norwich's Horsemen into submission.

Jay Vees Play at Exeter Saturday

The University of New Hampshire Junior Varsity football team, coached by Win MacDonald, will collide with a slightly favored Exeter squad at Exeter this Saturday. The Exeter team, coached by Bill Clark, the former Dartmouth star, has had the benefit of several weeks of practice while the junior edition of the Wildcats has been together for only a little more than a week.

In addition to this disadvantage, the MacDonald coached team will be handicapped by the fact that its opponent will have had the benefit of several games. The Jay Vees, in contrast, will be participating in their first skirmish.

According to MacDonald, popular senior athlete, and his assistant, Phil Curcuro, if the JV line can open up a few holes, the backs possess the

Tuffy Fitanides Personally Accounts for Two Touchdowns

Sparked by Tuffy Fitanides, the most sensational gridiron player to wear the Blue and White colors in many a year, the University of New Hampshire Wildcats emerged from behind to down Springfield's eleven, 20-7, at Lewis Field last Saturday afternoon.

Checked by Springfield's powerful line for three periods, the Justice-managed Durhamites unleashed a terrific aerial attack in the final period to capture their second consecutive win of the year.

Gymnasts Start Strong

Within seven minutes after the starting gun was fired, the Bay State athletes easily cracked through the New Hampshire line time and again to initiate the scoring for the day. It was Dave Dockham, Springfield's brilliant runner, that paced the foe's drive and Dave himself scored the touchdown. Slaughter was successful in the conversion to enable his team to enjoy a temporary 7-0 advantage.

During the opening period and even in the second stanza, Springfield was

the dominating force of the game, and it wasn't until Coach Chick Justice finally decided to use Tuffy Fitanides late in the second period that the New Hampshire eleven showed the same attack as was seen last week against Maine.

All Tuffy

Fitanides was given the ball on almost every play for five minutes to personally account for most of the ground gained, and combined with several passes, his efforts finally resulted in New Hampshire's first touchdown after which Roy Goodfellow kicked the extra point to knot the score, 7-7, at the half.

In the third period both teams battled to a deadlock, but New Hampshire was able to keep the pigskin around the midfield stripe most of the time. Pete Janetos showed good offensive form on many plays when driving through the line and around the ends and Ed Mackel made two wonderful catches on high passes but still the local stabs failed to materialize.

Line Foils Springfield

Brag Hanson, Al Sakoian, Whitey Ackerman, and Clayt Lane managed to foil most of Springfield's plunging attempts.

The final canto spelled doom for the Springfield rooters. The rejuvenated Wildcat attack started when Don Grant caught one of Tuffy's passes on the opponent 38 line. Fitanides then galloped to the 25 and immediately tossed a successful pass to Parker on the 17, and another to the same man on the 8. Finally Tuffy scored from the 6 inch line and Goodfellow converted the point.

A few minutes later Fitanides hurled a pass from the Springfield 45 to the 17, Carmen Ragonese being the receiver. Tuffy then twisted to the 7 and Ragonese scored after two futile attempts by Call. Goodfellow failed to convert the point.

Zanidowsky Good

Joe Zanidowsky, who replaced Bob Neal at center, was one of the standouts of the clash, time and again stopping Springfield's runners cold in their tracks. Coach Justice definitely has two good centers this season with which to work.

Emil Taavitsainen, Fern Tetrau, and Dave Dockham led Springfield's attack and the Bay State team received a serious blow in the second period when Dockham was forced to leave the game temporarily because of an injured ankle just when the Gymnasts had started a good drive.

The summary:

New Hampshire	Springfield
Pino	LE Nelson
Lane	LT McConchie
Ackerman	LG Tripp
Neal	C Sturgis
Hanson	RG Coty
Sakoian	RT Lineberger
Lamond	RE Brown
Meneghin	QB Robinson
Grant	LH Carleton
Janetos	RH Oeikers
Judd	FB Dockham
New Hampshire	0 7 0 13-20
Springfield	7 0 0 0-7

UNH scoring—Fitanides 2, Ragonese. Goodfellow 2 point kicks. Springfield—Dockham. Slaughter kicked the point.

CONCERT AND LECTURE

With a limit of one thousand tickets available, subscriptions for this year's concert series should be purchased by students immediately. Outsiders are clamoring for tickets and after one p.m. on October 30 all not purchased by students will be placed on public sale.

Representatives of the Lectures and Concerts Ticket committee will see all students on campus in the near future.

GIRL VOCALIST

Any girl interested in becoming the vocalist in Jack Freese's orchestra is requested to get in touch with him as soon as possible at Phi Mu Delta.

REGISTRAR'S NOTICE

Will all students who have changed their campus address since registering last spring or this fall, please advise the Registrar's Office of their new address.

E. B. Sackett, Registrar

Before you call Long Distance,
please ask yourself:

1. Is it really necessary?
2. Will it interfere with war calls?

TELEPHONE lines—especially Long Distance circuits—are crowded as never before, these war days. Materials to build new lines—copper, rubber, nickel—are needed for the shooting war. So we must get the most out of present facilities.

You can help us keep the wires clear for vital war calls if you will do these two things: (1) Don't call Long Distance unless it's urgent; (2) Call by number if possible and please be brief. Thank you!

Bathless Boy of B. O. Bay Brings Faultless Formula for Future Funsters

By B. A. Pickled Herring

The cleanest and yet the most colorful campaign ever to hit this hamlet of Durham is promised by Dirty Dogfoot. The honorable D. D. hails from B. O. Bay on the Oyster River where he makes his living selling rotten fish to Rhode Islanders and other suckers. Coming from a long line of advocates of distilled fish oil, one of the main reforms he will install will be the prohibition of drinking water. As Dogfoot maintains, "If water will rot the shingles on your roof, what will it do to your stomach?" This is only one of the many new ideas from the fertile brain of the parasite-infested genius. The only regret he has is that he must leave his odiferous Fishy Flossy. He shows his true colors in leaving her behind to come to our campus.

Dirty Dogfoot True Politician

Because of his allergy to H₂O, the B. O. Kid has never in his natural (or unnatural) life subjected himself to the harmful effects of aqua-cleansa. He is coming here on the condition that the responsibilities of mayor will not include bathing or any reasonable facsimile.

In order to enlighten the intelligent public about the past life of our illustrious hero, we give a fish-eye view of the moldy man. As a child he caught small lobsters with his little net as he played along the shore. Next as a school boy he was ejected, in fact kicked out, of classes because of his reluctant to face the early-morning ritual of bathing. As he reached manhood Dirty Dogfoot found his true self in the realm of the political.

In closing, Dogfoot states that he will support the maxims of his community and their B. O. Standards:

- Be Onest
- Be Onerable
- Be Off Water
- Be Oderable
- Be Opposite Rhode Island

"Rec" Scheduled to Begin Thursday Nite

"Rec" dances, sponsored by W.A.A. and in charge of Marcia Robinson, will start Monday, October 26 and will be held regularly on Monday and Wednesdays thereafter from 6:50 to 7:50 p.m. in New Hampshire Hall. However, "Rec" will not be held Wednesday evening, October 28 because of a lecture.

"Rec" provides vic dancing to the latest tunes by popular dance bands. Facilities for ping pong, shuffleboard, and bridge are available. Badminton courts may be used by those who bring their own birdies, unless there are play rehearsals in session. However, a boy cannot use the game room unless he is accompanying a girl.

This year, instead of charging ten cents to each boy who comes alone, as is the usual custom, every person will be admitted free unless the number of boys present greatly exceeds the number of girls.

Beginner's "rec" for men will start tomorrow night, October 22, at New Hampshire Hall from 6:50 to 7:50 p.m. Classes for girls will begin on Thursday afternoon, October 29, from 4 until 5 o'clock. Beginner's rec is just for those who know nothing whatsoever about dancing. If you already know how to dance and just want to practice, then please come to regular "rec" on Mondays and Wednesdays. Beginner's "rec" will continue long enough so that everyone should have had a chance to learn. So don't be bashful; everyone is there for the same purpose. This is your chance to learn to dance.

Also don't forget "Co-Rec" from 3 to 5 o'clock on Saturdays and Sundays, except when there is a home game. Equipment for archery will be available on Memorial Field and in the gym there is material for ping pong, shuffleboard, and basketball. All boys accompanying girls are welcome to come, but boys alone will positively not be admitted to "co-rec" parties. These dances are lots of fun and provide an entertaining afternoon so why not come and try them?

Reserve Corps Enlistments

(continued from page 1)

Details of procedures will be discussed at meetings to be announced later. Meanwhile keep in touch with the Armed Services Representative, particularly in those cases where the draft boards are taking action with reference to classifying.

March of Time Takes Movies in Durham

Approximately a month from now the people of Durham will be able to see a flash of themselves, and particularly their children, when the MARCH OF TIME motion picture, "The Home Front" comes to the various local theatres. On Monday afternoon, October 19, eight members of this well known organization came to Durham to take movies of the Durham Grade School children reciting such lessons as "Columbus sailed the ocean blue in fourteen nintey-two".

This was only a small part of a nation-wide film that is being produced on America at war. Headed by Philip DeLacy, director, the crew, consisting of two camera men, a lighting and sound expert, and four members of the Naval Photographic School sponsored by the MARCH OF TIME in York, Maine, were adding finishing touches to their particular section of the movie when here in Durham. Other shots which they have made include that of a sermon in historic Lexington, Mass., and other views around Concord, Mass., and Boston. These will be added to the work of other MARCH OF TIME men who are also working on "The Home Front" in the Middle West and the South.

Impressed by Lab

A section of Professor H. P. Nasvik's class in Photography made a field trip to the Grade School and watched these professionals in action. In turn, the eight men came over to the Photo-Visual Service and were conducted on a tour through the laboratories, at which time many favorable comments were heard from them all concerning the university's set-up here.

Faculty and Staff

... MAD MAYORALITY MUD ...

By Hill Billy Hill

Citizens of Dur—Ham and Freshmen! Out of the pre-election mouthwash that you will be forced to gargle; looms a candidate worthy of your consideration for the esteemed position of Mayor of this fair city. None other than Fearless Frank Hill, a refugee from the oil-soaked waters of the Atlantic sea-lanes, who was washed ashore registration day along with three cases of rum and a case of dog-foot. "Hill-Bill", the nautical Nemesis of Nazis, has as his platform the complete defeat of the Rhode Island Rams, guaranteeing to reduce them to lambs. Hill-Bill, who says, quote, "We won't stop at mutton, we'll make lamb chops of those nasty negatives from Kingston," promises his constituents that he will distribute the spoils down at Commons after the game. Voters, consider your appetites and help Hill-Bill slam the Rams. Cast one for Hill and get your fill.

For the benefit of bewildered freshmen who wait in line for their vittles, Hill-Bill will make arrangements for the last twenty men in line to trade meals thrice weekly with the prexy,

SUMMER JOB SURVEY

As a result of the longest summer vacation in the university's history and because of the many new jobs opened to college students "The New Hampshire" is conducting a survey to discover just what those who worked did.

Assembly lines, ship yards, the customary summer hotel job, truck driving, orange picking, film editing, and many other variations on the America at War theme engrossed a large percentage of the students' attention. Since "The New Hampshire" regards these activities as a very important sign of the times everyone is urged to fill in the blank on the second page with full information as to whether they worked, went to school, or loafed.

There will be representatives in all the dormitories to collect these blanks. Greek world correspondents are asked to collect for all fraternities and sororities. Blanks can also be deposited in the Student Council box on the bulletin board on T-Hall walk.

The deadline on handing these in will be Sunday, October 25. After the blanks are collected the more interesting of them will be culled out and reporters sent to interview the students.

Girls' Dorms

Increased Enrollment

(continued from page 1)

great as was expected. There are 340 seniors this fall as against 364 in last year's senior class and the junior class has dropped from 419 to 341. The sophomore class, on the other hand, has jumped from 448 in 1941 to 471 this year but the greatest increase appears in the freshman class which has 706 as compared to 601 in the freshman class last year. Over 1500 applications to the freshman class were received this year, less than half of whom were admitted.
