Produce Safety Alliance (PSA) Training: Production Tools for your Farm

March 20, 2024 | 8:00 am - 5:00 pm | \$25 | Manchester Community Center

This workshop is geared toward fruit and vegetable growers and others interested in learning about produce safety. Learn about options for including food safety practices in your production systems, regulatory requirements, and farm food safety plans. Participants will receive a certificate showing completion of a training meeting FSMA's Produce Safety Rule training requirements [21 CFR 112.22(c)].

The trainers will cover the following modules:

- Introduction to Produce Safety
- Worker Health, Hygiene, and Training
- Soil Amendments
- Wildlife, Domesticated Animals, and Land Use
- Agricultural Water
- Postharvest Handling and Sanitation
- How to Develop a Farm Food Safety Plan
