

# Access Restricted to NH Agricultural Experiment Station Facilities

---

Tuesday, March 17, 2020

⋮

For safety reasons due to the COVID-19 pandemic, access to our NH Agricultural Experiment Station farms and greenhouses has been temporarily restricted to employees and essential research staff only. There will be no exceptions, as this is a UNH-wide decision made in order to protect our employees, animals, and the public.

This includes the Woodman and Kingman agronomy and horticultural research farms, the Macfarlane Research Greenhouses, the Fairchild Dairy Teaching and Research Center, and the Organic Dairy Research Farm. Access to the UNH equine facilities also has been restricted.

Thank you for understanding.

For additional information on the university's response, visit <https://www.unh.edu/health/health-alerts/coronavirus-covid-19>.
