DURHAM, N.H. -- The University of New Hampshire's Advising and Career Center, (UACC) in collaboration with the Whittemore School of Business and Economics and the College of Engineering and Physics Sciences, is seeking employers to participate in a career fair October 2, 2003, from 10 a.m.-2 p.m. at the Holloway Commons in the Memorial Union Building (MUB) on the Durham campus.

The career fair offers employers an opportunity to meet sophomore, junior and senior business and engineering students interested in advancing their careers through post-graduation employment, leadership programs and internships. More than 30 employers have already signed up to meet and interview the 400-plus students expected to attend.

UNH students concentrating their studies in accounting and finance, economics, hospitality management, marketing, management, decision sciences, engineering, mathematics, physical sciences (physics, chemistry and earth sciences) and computer science are invited to attend. Students will be attending a resume workshop prior to the event to prepare for the fair.

Employers interested in recruiting UNH students for the fair are invited to contact Bethany Cooper, manager of employer relations and recruiting at the University Advising and Career Center, at 862-2029 or Bethany.Cooper@unh.edu for more information.
