

UNH Statement of Bishop-Elect's Consecration Sunday, Nov. 2, 2003

Oct. 28, 2003

Last summer the Whittemore Center Arena at the University of New Hampshire was contracted to host the consecration of the Bishop-Elect of the New Hampshire Episcopal Diocese. Our University policy allows up to three days per year for religious use of the Whittemore Center.

The Whittemore Center is managed by an outside management firm, Global Spectrum, and they are in charge of all arrangements, including security. No university funds are being used for this event.

If you want more information about this event, please contact the Bishop-elect Robinson's spokesperson, Mike Barwell, at 229-5592.
