UNH Offers COVID-19 Testing to Public and Private Entities Around the State

Friday, April 9, 2021

(HTTPS://WWW.UNH.EDU/UNHTODAY/NEWS/2021/04/09/unh-offers-covid-19-testing-public-and-private-entities-around-state)

DURHAM, N.H.—The University of New Hampshire has expanded its COVID diagnostic testing to better serve the state of New Hampshire. In addition to its students, staff, faculty and contractors as well as groups identified by the N.H. Department of Health and Human Services to include long-term care facilities, shelters and correctional facilities, CLIA-certified testing is now available to other entities throughout the state.

As capacity allows, additional testing is available. To ensure the needs of testing are available and reasonably accessible, UNH will use a blind bid process and limit contracts to 90 days. Learn more here (<https://innovation.unh.edu/covid-public-testing>). UNH is not providing any testing to individuals outside of an application for testing services.

For more information and to submit an application for testing services please contact public.covid.testing@unh.edu (<mailto:public.covid.testing@unh.edu>).

The University of New Hampshire (<http://unh.edu>) inspires innovation and transforms lives in our state, nation and world. More than 16,000 students from all 50 states and 71 countries engage with an award-winning faculty in top-ranked programs in business, engineering, law, health and human services, liberal arts and the sciences across more than 200 programs of study. As one of the nation’s highest-performing research universities, UNH partners with NASA, NOAA, NSF and NIH, and receives more than \$110 million in competitive external funding every year to further explore and define the frontiers of land, sea and space.
