Sophia Bolduc '23 enjoyed a rewarding internship experience with the [Community Action Partnership of Strafford County](#) this summer, gaining experience in marketing and communications and also visiting local communities like Rochester and Farmington through work the organization does with the food pantry at Bradley Commons in Dover.

Those opportunities opened her eyes to how she can continue to help her community and to the many career options she can pursue after graduating with a [health management and policy](#) degree from UNH.

"I want to be the change and the difference in my upcoming generation, and I want to help make this world a better place," Bolduc says.
