The UNH community exceeded all expectations again with this year's (603) Challenge — thank you for making this year another smashing success. This year's challenge engaged a record number of supporters

and raised more funds than ever, making this the ninth consecutive year we exceeded our previous year's results.

These are only preliminary results, as final numbers are still being tabulated, but so far more than 12,800 alumni, parents, faculty, staff, students and friends contributed more than \$3 million this year. More than 450 different funds were supported during this year's challenge, impacting areas across all of our campuses. For more, visit [unh.edu/603](https://unh.edu/603).
