Halpin Named Fellow of American Physiological Society Distinction honors excellence in physiological sciences

Friday, December 22, 2023

Patricia Halpin, professor of biological sciences and biotechnology at UNH Manchester, was named a Fellow of the American Physiological Society (<https://www.physiology.org/?SSO=Y>) (APS). Halpin (<https://manchester.unh.edu/person/patricia-halpin>) is one of 21 new Fellows in the 2024 class.

The rank of Fellow of the American Physiological Society (<https://www.physiology.org/community/aps-membership/aps-fellows/FAPS-Awardees/faps-class-of-2024?SSO=Y>) is an esteemed status reserved to honor distinguished leaders who have demonstrated excellence in science, have made significant contributions to physiological sciences and related disciplines and have served the Society. Fellowship is a distinct honor signifying recognition by one's professional peers.

APS has previously recognized Halpin with its 2018 Dale J. Benos Professional Service Award and 2017 New Investigator Award.

PATRICIA HALPIN
